Makes Comforts Clean and Keeps Them Fluffy The big problem in laundering comforts is not the washing of them, but the drying of them. It is no easy matter to force the thick, dripping mass through a wringer, and drying the comfort by hand is even a harder task. But the Laun-Dry-Ette makes this work easy. It washes the comfort for you, and then dries it. And the beauty of the Laun-Dry-Ette Way is that the comfort is not flattened out by a wringer—but comes out of the Laun-Dry-Ette clean and fluffy, and dry for the line.

The LAUN-DRY-ETTE ELECTRIC WASHING MACHINE does your hardest task for you. It not only washes the heavy pieces, but dries them, too. Portland Railway, Light & Power Co.
