## BIG POWER for SMALL CARS

"Red Crown" enables your car to develop the maximum of power and per-gallon mileage that its makers designed it to give.

It vaporizes rapidly and uniformly in the carburetor—that means quick starting. It is consumed completely in the cylinders—that means a steady stream of power and more mileage at less cost.

Run your car with "Red Crown" and nothing else, and you won't have to bother with carburetor adjustments.

Fill at the Red Crown sign—at Service Stations, at garages, and at other dealers.
