Annual Reunion

The thirty-first annual reunion of the Stevens family was held at the home of Mrs. Rebecca Mount, at Silverton, Oregon, Wednesday, July 19, with nearly two hundred members of the clan being present.

Mrs. Mount, Mrs. Jennings Smith, Mrs. Sarah McCubbins and Mrs. Chr. Eason, mother of R. E. Eason, are the only living children of Hanson Stevens, who crossed the plains with an ox team and settled on Howell's prairie in 1852.

Mrs. Rebecca Mount sold at the reunion how her mother Mrs. Hanson Stevens, alone brought her two children, sick with typhoid fever, down the Columbia river on a raft, landing at the mouth of the Sandy river where they were joined by Mr. Stevens and their oldest son Isaac who had brought their livestock overland.

The family then journeyed overland to North Howell's prairie where Mr. Stevens took up a donation land claim and upon which claim, Isaac Stevens, two sons, Ellis and Willard, still reside. The descendants of these pioneers number over five hundred.

Dr. H. S. Mount of Oregon City was reelected president of the clan, his wife, being reelected secretary, after the sumptuous repast which followed, several interesting addresses were given. The next annual reunion will be held in Albany.

Mr. and Mrs. R. E. Eason and children of Sandy were among those attending the celebration.

The all-day services held in the Lutheran church grove last Sunday were fairly well attended, people being present from Cottrell, Pleasant Home, Dover, Cherryville and Bull Run. In the forenoon, Rev. Thompson of Gresham spoke, while Rev. Pitts of Sandy was the afternoon speaker.

The entertainment given at Cottrell last Friday evening for the purpose of raising funds with which to paint the church was well attended.

Music and readings constituted the program, the Sandy quartet contributing one number and Dr. Sture and Mrs. Eason rendering a duet.

Mr. and Mrs. J. Seales, Mr. and Mrs. R. E. Eason and son Ronald Jr. and Mrs. Blanche Shelley motored to Wilhoit Springs Sunday. While there they visited Mr. and Mrs. James Dixon and daughters Pearl and Hazel; Mrs. Dixon who has been at Wilhoit Springs for her health returned to her home yesterday in an improved condition.

The P. R. L. & P. company has a force of men at work installing the poles and wire for the street lights for which Sandy has been waiting so long.

The Community club met last Thursday evening in the city hall, with C. O. Duke presiding; routine business was the order of the evening.

AUTOMOBILE ACCIDENT

Of the numerous auto accidents in and near Canby, in recent weeks, the most painful injury was received by P. C. Beecher, last week.

Mr. Beecher, who is employed by the Haynes Foster Bakery Co., of Portland, had just crossed the highway bridge south of Canby, when a bread box dropped from his car. After stopping his car and replacing the box, he was looking over his engine, for some minor adjustments, while standing by his car for this purpose, a Paige car, driven by Mrs. C. T. Welch of Montana south bound, being crowded by a large Arrow car, driven by Mr. J. M. Meany, northbound, turned to avoid a crash and struck Mr. Beecher a glancing blow on the right hip, crushing him between the two cars, and laying the fleshy part of the thigh and buttock open to the bone.

All assistance possible was given by the parties to the accident, after which Mr. Beecher was taken to the offices of Drs. Dodman and Hemstead, in Canby, for further attention, and later sent to a Portland hospital. As the law indicates, Mr. Beecher should not have parked his car on the pavement as there was plenty of room to get off of it, at this point.

The driver from Montana, seeing the other car approaching, should have stopped behind Mr. Beecher's car until it passed. The other driver seeing the impossibility of passing in such close quarters should have turned out at least one foot to the right, as there was an abundance of room to safely do so and thus avoid this injury to both car and driver. Recent accidents in and near Canby, has caused some comment and notations, and there seems to be a tendency to look upon Canby with censure.

The writer wishes to state that the people of Canby have had no serious accidents. Our roads are good and on the average our drivers are careful.

But we are wondering why people come from Portland, California, Montana and other points, to act the fool on our roads.
