

Some Natural Beauties of the Keystone State

Here are some of the natural beauties of Pennsylvania, gathered at Lafayette. Every one of them is an expert swimmer.

In Society's Realm

The Ladies' Aid Society of the First Presbyterian Church met at the home of Mrs. Andrew Rintoul on Thursday of last week.

Mrs. Surman Chandler delightfully entertained a few friends at her home on Grant Street, Wednesday afternoon of last week.

Several Oregon City people, relatives of Mrs. Mary Wright of Oak Grove, gathered at her home on Tuesday of this week and enjoyed a day's visit.

TWO DEMONSTRATIONS OF POULTRY CULLING GIVEN TUESDAY

In the forenoon of Tuesday this week, H. S. Crosby, O. A. C. poultry expert gave a culling demonstration at the Welch farm on the Otfield road east of Concord.

DEMONSTRATIONS IN POULTRY CULLING ARE HELD

At the W. H. Thompson farm near Canby, the poultry demonstration held on Wednesday was one of unusual interest.

CARSON HEIGHTS & CAPITOL HILL Mrs. Geo. Hartman

Mr. and Mrs. A. D. Harris, of Kilpatrick Tract, have rented their home and expect to leave shortly to take up a homestead near Tillamook.

Prospects for electric power in the districts of Kilpatrick, Northrup Acres and Collins View are very bright.

Mr. and Mrs. George Hartman are having a new roof put on their home and other repairs.

Mrs. H. Thomas, of Carson Heights, has relatives from Seattle visiting with her.

Mr. and Mrs. C. Smith Brown attended a family reunion at Carlton last Sunday afternoon.

Mr. A. T. Zanders purchased a late model Maxwell last week.

Mr. and Mrs. F. W. Finkle motored out to the Washougal last Sunday, where they visited Mr. and Mrs. McGraw.

Mrs. R. A. Anderson, with her son Albert, is making an extended visit with her parents at Tualatin.

Mr. and Mrs. Baxter are remodeling their home in Northrup Acres, adding several rooms, and making a very attractive home.

Mr. and Mrs. C. V. Morris and Mrs. M. L. McGraw entertained guests at their summer homes on the Washougal all of last week.

Mr. and Mrs. Seymour Graham and family returned last Sunday from a visit to Cannon Beach.

Mrs. F. A. Doern and son, and Mrs. G. E. Tiptow, and daughter, who have been at Cannon Beach for some time, returned home last Sunday evening.

Mr. Cape is building a new home in Carson Heights and expects to have it completed shortly.

Mr. and Mrs. DuBauw, who have lately moved into their home on the Boones Ferry road, are painting it grey and white.

OPPOSED CREAM IN COFFEE

Arzene Thiebaud de Bernand, librarian a century ago to the Bibliotheque Mazarin, Paris, opposed with ferocity the then comparatively new custom of adding milk or cream to black coffee.

Since the dawn of this vicious custom pneumonia and consumption in the cities had increased one-half and rural communities formerly immune were now beginning to show cases of these ailments.

According to Le Progres Medical, which obtained the above information from a new popular review, La Connaissance, de Bernand claimed that many eminent physicians shared his opinions.

Mr. and Mrs. C. V. Morris and Mrs. M. L. McGraw entertained guests at their summer homes on the Washougal all of last week.

Mr. and Mrs. Seymour Graham and family returned last Sunday from a visit to Cannon Beach.

Mrs. F. A. Doern and son, and Mrs. G. E. Tiptow, and daughter, who have been at Cannon Beach for some time, returned home last Sunday evening.

Mr. and Mrs. DuBauw, who have lately moved into their home on the Boones Ferry road, are painting it grey and white.

BUILDING UP BUFFALO HERDS

Department of Agriculture Has Had Gratifying Success With This Part of Its Work.

Forty-six new buffalo calves are reported on three of the four game preserves maintained by the biological survey of the United States Department of Agriculture for the special protection of buffalo.

The department has been very fortunate in maintaining the herds established at these three points and at Sullys Hill, North Dakota.

Interesting Powder Horn Map. A map engraved on an old powder horn may lead to the location of the sites of several Cherokee Indian towns in western North Carolina.

The powder horn is a loan from Hugh Kirk, Newtownards, County Down, Ireland, and dates from about 1750 when the English were beginning to open up the Cherokee region.

At the W. H. Thompson farm near Canby, the poultry demonstration held on Wednesday was one of unusual interest.

Henry Schiuns leaves next week, Tuesday, for a visit to his old home in Wayne, Nebraska.

"RAWTHER DEEP, YOU KNOW"

Introducing London's Latest Particular Wheeze as a Test of American Sophistication.

Says Sinclair Lewis, back from Europe with the manuscript of a sequel to "Main Street": "If I had the power I'd make Henry Mencken the pope of America."

How badly we need this sophistication every American home can determine for itself by a safe and simple experiment.

"Oh, I say, isn't that girl at that table the same one we saw lastest night?"

"I can't say. The tablecloth is too long."

If the flock gets the point it is adequately sophisticated. If the point escapes them and leaves them pained and puzzled it is a sign that this family, at least, would be benefited by a Menckian pontificate.

MAY BE "LAST OF EMPIRES"

Distinction, in All Likelihood, Has Been Reserved for the Realm of the Mikado.

The imperial circle, as it might be called, is narrowing. Russia, Germany, Austria, Turkey have all passed into the twilight.

Ordinarily you do not associate the emperor business with King George, because he is the essence of the democratic spirit, and England is to all intents and purposes a crowned republic.

So far as it is humanly possible to predict anything in these cataclysmic times, Japan will remain an empire. The zeal for the royal family—it is almost fanaticism—leaves no doubt as to this eventuality.

In His Father's Steps. Several years ago a great man, now gone, walked in Rock-Creek park.

pace down Sixteenth street, he always had a smile and a wave of the hand for the children who greeted him along the way.

He put the cares of his great office away when he went out to play. The other day three men, one in the lead, came walking up rapidly from Rock creek and cut around the base of the Hon horse hill in the zoo.

"Come on, Nicky," he called to a man behind him.

So the party disappeared around the hill, led by Theodore Roosevelt, Jr.—Washington Star.

Music Increases Egg Supply. Two young lady graduates of Toronto university are the owners of a poultry farm a few miles east of Toronto.

"Do you know that hens' love music? Some time ago a ferret got into our henhouse and terrified our hens so much that the eggs fell off from 150 to 75 a day and we couldn't get them back to normal."

There was a marked improvement in the number of eggs, and we continued the experiment with success. We afterward heard of a farmer who installed a gramophone for his hens and got 3 per cent more eggs as a result.—Exchange.

Perpetual Motion Discredited. It seems hardly credible, but up to the year 1772, there was no scientist in all Europe who knew enough to categorically deny that there was such a thing as perpetual motion.

It remained for Sir Isaac Newton and the French scientist, De La Hire, to demonstrate beyond doubt the impossibility of attaining it.

Quite a little time passed before the scientific world in general was willing to accept the Newtonian theory, but finally the French Academy of Science at Paris, in 1775, publicly declared that perpetual motion was an impossibility and thereby branded all those who still insisted upon experimenting with it as charlatans.—Pittsburgh Leader.

Multiples Scenery. A Russian widow, Mme. Ivan Boutkovsky, has devised an ingenious scheme for "multiple scenery," whereby two scenes are painted upon one canvas.

Playing several acts with one set of scenery is an idea that should appeal strongly to producers, both as a novelty and from an economical point of view.—Scientific American.

COMFORTABLE BIFOCALS Glasses of any kind should give comfort, but when you get to the age that Bifocals are a necessity, you should realize the importance of having them correctly fitted.

EYE STRAIN is a direct tax upon the vital forces of the body. If you wish to practice conservation do not force your eyes to overwork at the expense of some other organ of the body but come to me for a careful examination and be assured of all the relief that Optical Science can give you.
