The Parent-Teacher's picnic will be held on Sunday, August 13th, instead of the 12th, as given in last week's issue. There will be a good speaker and good music. Bring your lunch basket and come. Ice cream and cake will be sold; the proceeds to go into the piano fund.

Forest Fire Near Bull Run Reserve. A fire which holds a menace for the Bull Run water Reserve started Sunday afternoon in an old barn near the Cameron-Hoag mill, supposedly from an engine. This is in the vicinity of Walker's Prairie, southeast of Larch Mountain. It now covers about a hundred acres and is burning in the green timber—what is known as a "crown fire." It is yet some twenty miles from Bull Run Lake, and is being held in check. Unless a wind sprigs up, it is thought no further damage will result. The men from the Sandy Lumber Co. at Brightwood have been dispatched to combat the flames. There are now close to a hundred men on the job. T. H. Sherwood, Forest Supervisor, came out from Portland this (Tuesday) morning to look over the situation.

Prospects Brighter for Road Work. F. D. Eason, resident engineer, reports that they hope to begin actual rocking on the lower unit of the highway within a week. They are trying to arrange to have the gravel shipped to bunkers at Boring and delivered from there. This will save the time otherwise used in installing the rock crusher. If work can be started in the next few days, the rock can be placed from Sandy to Peterson's Corner in about three weeks. The surfacing can then be done, even tho the rainy weather is at hand.

Mission Festival Well Attended. The annual Mission Festival of the Sandy Lutheran Church was held Sunday in the grove back of the church. A minister from Mt. Angel and Rev. Copleman of Portland, were the speakers.

Prof. and Wife Makes Annual Trip. Prof. Augur and wife, accompanied by their little dog, stayed over night in Sandy last week on their way to Welches, where they will remain for some time. Prof. Augur and his wife take a horseback trip every summer. The Professor recently returned from an extended trip through the eastern states and Canada. He reports crops good in most of the sections visited.

Sand Nine Again Victorious. The Sandy Base Ball team journeyed to Oswego Sunday and again covered itself with glory. It was a well played game from the start to finish, the score standing eleven to seven. Most of the inhabitants of Sandy also journeyed over to root for the home boys, and many of them enjoyed a swim in the lake before returning.

Camp Fire Girls Here.

Eight Camp Fire girls from Gresham, under the supervision of Miss Alexander, are camped at Cedar Creek near the Mattingly place. Miss Wilene Botkins, daughter of Dr. and Mrs. Botkins, is one of the group. The girls will leave Friday evening, having completed their ten days' outing.

Studying Plant Disease. The Messrs. Wilber, Ferguson and Epling of O. A. C., left this morning after a week's stay spent in plant disease study in the vicinity of Sandy.

Small Miss Celebrates. Little Mary Eason called in some of her friends last Saturday afternoon to make merry her fourth birthday. A pink cake with the right number of pink candles tasted just as good as it looked. Ice cream and candy were also served to Los Beers, Peggy Dodson, Dorothy Aschoff, Joe Hooker, Shelley, Stearns Eason, and Mary Eason. Mrs. Shelley assisted Mrs. Eason with the serving.

Canby Department

Dr. John Fuller

On last Thursday night, during the absence of W. M. Walker and family, a bunch of boys invaded their home one mile west of Canby. Wesley Kite, Leo Williams, Frank Stevens and a young man by the name of Newton, were taken in by local officials, and later turned over to Sheriff Wilson, who had been notified. William Steele of Oregon City was arrested by officials later, as one of the parties implicated. A charge of theft was not sustained in court at Oregon City, as the boys were scared away before they had succeeded in their attempt. It was reported that some of the boys had previously worked for Mr. Walker, and knowing that he had some strawberry juice canned, and in the house, had as their objective, the capture of this fruit juice, for a spree, as perhaps they might get a "kick" out of it.

Capt. Corwin Fisher and wife of the U. S. A. on their way to Georgia, stopped in Canby to visit for a few days last week with his father, S. T. Fisher.

The pods grow as long as ten inches. Seventeen of the pods weigh one pound. Some bean for a dry season.

At a meeting of the city council last Monday night, an offer of \$7787.00 was decided upon by the council as the purchase price to the Molalla Power Company, for its holdings in the city light equipment. The deal will, in all probability, be closed this week.

DOLLARS AND SENSE
THE VALUE OF HOME BUYING SHOULD BE EVIDENT TO EVERY OREGON CITY CITIZEN. The keeping of Oregon City money in Oregon City should require no urging nor argument.

A ROLLING DOLLAR WILL NEVER ROLL BACK YOUR WAY IF YOU START IT OUT OF TOWN. You have bid it goodbye on a long journey to some other community whose Loyal Citizens will anchor it forever.

IT IS TIME TO STICK UP FOR OREGON CITY. If our hearts are here—our dollars ought to be. And the way to keep them here is TO SPEND THEM HERE.

Boosting a town requires something else besides sentiment and talk. That something else is action—and lots of it.

BUY EVERYTHING YOU EAT OR WEAR IN OREGON CITY. HIRE NO LABOR BUT OREGON CITY LABOR. Employ no service but that performed by an Oregon City concern. This is action. REAL, TANGIBLE COMMUNITY-BOOSTING ACTION.

Try it awhile, friends, and see how good it makes you feel to know that you are doing your full civic duty to Oregon City and its business, commercial and laboring interests.
