The amount set opposite each lot or parcel of land is the amount of the unpaid assessment against said property due and delinquent.

In compliance with said list of delinquent assessments and pursuant to the Charter of the Town of Milwaukie, Oregon, I will on Saturday, the 14th day of October, 1922, at the hour of 9:00 o'clock a. m. of said day, at the front door of the Town Hall, in the Town of Milwaukie, Oregon, offer for sale and sell at public auction to the highest bidder for cash, subject to redemption, the above described real property. Each lot or parcel of land will be sold separately and for a sum equal to but not exceeding the amount of delinquent assessment thereon and interest and cost of advertising and sale. Where more than one bid is made the land will be sold to the bidder offering to take the same for the least amount of penalty and interest. Competition will be (1) upon the penalty for the first period; (2) upon the penalty for the succeeding periods; (3) upon the rate of interest.

Date of first publication, September 14th, 1922.

PORTLAND OVERTIRE CO.
209 Fifth Street Oregon City

Just a few of the many points of merit of the Portland Overtire:
They are 100% blowout proof.
They are 90% puncture proof for there are two tires in the place of one.
They are non-skid.
They positively eliminate the use of skid chains.
The Portland Overtire gives the buyer practically new oversize tires at a fraction of the cost of the regular size.
They will give as much or more mileage to the gallon of gas not only because they are oversize tires (which all motor manufacturers recommend) but also they have more traction than other tires.
The Portland Overtires on a car neutralize the road shocks and vibration, thus prolonging the life of your car and providing greater comfort.
They insure a quick, clean start and a safe, firm grip when in motion and a quicker stop than is possible with any other device, and when you step on the accelerator with the Overtire on your car there is instant response.
