

PORTLAND PLANS WORLD CAMPAIGN FOR FAIR.

An Oregon advertising campaign that will extend throughout the world will be started at once if the people of the state approve the measure on the ballot at the state election Nov. 7th, permitting Portland to enter itself for the Oregon 1925 Expo.

One of the distinctive plans which has already received official sanction in Washington, is the use of Oregon scenery on postage stamps, which will be printed specially for the exposition period, for use throughout the United States. Already dies have been cast

for a stamp showing Mt. Hood and another showing Crater Lake, and plans are being formulated for several other of the outstanding bits of scenic attractions of the state.

It is the intention to spread the Oregon gospel into every section of the country by every known means, including extensive use of motion pictures. These are being prepared now. It is the intention to so advertise Oregon that it will become as widely known as a scenic state as California. It is figured that with the 1925 exposition as the basis of this campaign, the state can be crowded with visitors during the year 1925, with beneficial returns thereafter to every part of Oregon.

Chas. and Frank Kraxberger, well known residents of Macksburg, were callers at the Banner-Courier office, Tuesday.

EDITORIAL: PROSPERITY. The ADVANCEMENT OF OREGON CITY IS CLOSEST TO THE HEARTS OF OREGON CITY BUSINESS MEN. In fact they stand ready to lead us forward in a great movement of civic expansion, progress and prosperity. BUT THIS CALLS FOR CO-OPERATION ON THE PART OF ALL OUR CITIZENS. The actual putting of our shoulders to the wheel and Boost! Boost!! Boost!!! Such co-operation can be extended by indulging in normal business transactions, normal business patronage and by so doing bring about normal business conditions and PROSPERITY FOR EVERY-ONE CONCERNED. Conservatism is a good thing on many occasions but when it comes to hoarding your finances, indulging in radical business pessimism or adopting a "scared-to-death" attitude of commercial retrenchment—then you are not only doing yourself an injustice but your own community, its adjacent trading territory and all the people therein. Thus spending your money freely for what you need becomes a heart-to-heart proposition PERMEATED WITH THE SPIRIT OF LIVE AND LET LIVE. An opportunity to benefit yourself by benefiting your neighbor. An opportunity to serve and serve profitably. WE ARE ALSO URGING YOU TO KEEP YOUR DOLLARS AT HOME. We are asking your personal support in boosting and buying merchandise SOLD OR MADE IN OREGON CITY. For truly the Financial Assets of any community is the gauge used in measuring its prosperity. Increase these assets and prosperity increases. Deplete them and prosperity shrinks. The newcomer in our city, the business man looking for location, the capitalist for investment—ALL INQUIRE FIRST AS TO THE SIZE AND CONDITION OF THE COMMUNITY'S ASSETS. The habit of spending your money, folks, for purchases in some other city is not only another form of BANKING THAT MONEY THERE IN THE FUTURE. It can not be used to satisfy the obligations of our people, to transact the commercial life of our city or to be reinvested into improvements that make it more attractive. If every person living within the confines of Oregon City will think this matter over, stop and reason within themselves, PERSONALLY TRACE THE DOLLAR SPENT AWAY FROM HERE, what becomes of it and how it personally affects themselves—they will certainly take a renewed pledge of Loyalty to the Business Men of this city AND STICK TO IT.
