UP AGAINST IT

THE BIGGEST PRICE CUT

A Riot of Price-Cuts
Lasting for 2 Weeks

We Must Raise
In the neighborhood of
\$10,000 Cash
Within the Next 2 weeks to
Pay Overdue Bills

There is only one way this can be done quickly and that is to sacrifice prices and put on a real honest-to-goodness Sale, and that's exactly what we shall do.

We would like to publish a complete price-list, but you know that is impossible in such a limited space.

But there are enough here to make you understand and bring the crowds pell mell. So here goes.

Beginning at 9 o'clock **TOMORROW**
Saturday

We Will Launch a Great
SACRIFICE
SALE

Which Will Be the Talk of This Section of
the County for a Long Time to Come

Every Article
In this house, without any
exception has been
Cut to the Bone
For This Particular Sale

But don't get away with the idea that this sale and prices will run indefinitely -- Nothing of the sort -- We expect to raise that \$10,000 in less than two weeks time, no matter how much of a loss we may sustain.

As it is impossible to predict and tell beforehand what items will sell out completely in a hurry. Mail orders will be filled at senders risk only. It will pay you to come to town as often as you can during the process of this sale and load up while this golden opportunity is at your disposal.
