Make sure your trucks are operating full time. The truck that's moving is the truck that's paying. Go over your tires, for hauling efficiency is dependent on proper tire equipment.

Firestone Truck Tires are built in types to meet all trucking conditions-light delivery service, medium and heavy duty hauling.

Their extra resilience gives the maximum protection against the constant battering of road-impacts that endanger truck mechanism. They cushion loads over the roughest going.

They are Most Miles per Dollar Tiresthat have held the respect and endorsement of users since the beginning of motor transport.

Recent Firestone developments along these lines are worth your knowing about. It will mean not only lower costs, but better, more reliable service.

Its carcass of gum-dipped cords is the strongest that can be built. The broad, flat tread gives a more effect tive road grip. The tough, flexible tread stock extends from bead to bead and tects against rut-wear.
