**SANDY**  
Aged Pioneer Passes.

Joseph Pashell died at his home in the Dover country, December 7th, and was buried on the home place December 10th. H. H. Udell of Dover conducted the services. It was Mr. Pashell's request that he find a last resting place on the farm he had called home for so many years.

He was born in Bohemia June 29, 1832, emigrated to the United States in 1866, and settled in Iowa. In 1888 he came to Sandy and homesteaded the place where he lived at the time of his death. He leaves four daughters, two sons, ten grandchildren and many friends.

The pall-bearers were: Theodore Koenicker, Herman Wendlin, Albert Motejl, Henry Keisker, Frank Jodney and Lee McCabe.

Marmot Folk Attend House Warming

Adolf Ashoff and Mr. and Mrs. Harry Thomas of Marmot, joined a party of Mazamas at Boring, early Sunday morning, and went to a farm near Barton, where they assisted in making things jolly for Mr. and Mrs. Page. Mrs. Page is a prominent Mazama.

Song Service Not Well Attended

The community song service at the church, last Sunday evening, was the poorest in point of attendance, of any held. The great amount of sickness in the community is responsible. Neither the Sandy quartette nor the ladies' quartette were able to appear. However, old-time songs and ballads were well rendered and well received.

On Sunday evening, December 24th, there will be a regular Christmas program.

Community Christmas Tree

There will be a community Christmas tree in the I. O. O. F. hall, Thursday evening, December 21st. A short program, Santa Claus and candy and nuts for all. Miss Hazel Beers is in charge and all contributions should be handed to her. Everyone invited to attend.

Woman's Club Meets

The Woman's Club met at the home of Mrs. Alice Scales, last Thursday afternoon. It was voted to postpone the regular meeting until the third Thursday in January. After a short business session, the rest of the time was spent in sewing for a needy family.

Creamery Cut Haul

The Sandy creamery will haul the cream in but once a week from now on during the winter months. Monday will be the day the wagon will collect the cream, instead of Mondays and Thursdays, as before. Patrons are urged to keep the cream in good shape thereby keeping the grade, tests, etc.,

up to the required standard.

# A flexible engine for Winter motoring

Your motor will start readily and operate flexibly, in winter, if you use an oil that stays fluid at low temperatures.

The battery troubles, worn bearings and scored cylinders, experienced in winter, are simply evidence that the motor is bound with congealed oil and deprived of lubrication.

**Zerolene Stays Fluid in Winter**

Zerolene No. 1, No. 3 and No. 5, which are good cold test oils, move freely in winter with the action of the motor. They give a continuous flow of lubricant of the proper "oiliness" to the pistons, connecting rods and crank-case shaft bearings, and save batteries.

For safe cold weather lubrication, consult the Zerolene Chart at garages and service stations.
