NEWS OF THE WORLD.

Boiled Down For the Edification of The Enterprise Readers.

Labor Troubles.

PITTSBURGH, MARCH 31.—There was no riot in the coke regions last night and all quiet now. A riot was expected at Moorwood during the night and several hundred strikers marched past the works shortly before midnight, but did not return. The works are in operation with a reduced force, and an effort will be made to keep them running. Workmen are arming and serious trouble is expected before the strike is over.

With the exception of President Goppers, all the members of the executive board of the American Federation of Labor are in the city for the purpose of holding a conference on the critical situation in the coke region. An effort will probably be made to effect a compromise and end the strike.

This morning's strike is being drawn from the streets at Moorwood. The men are at work in the mines, no demonstrations of any kind on the part of the miners being made, but the community expect a more general outbreak tonight than has ever visited the works before, and extensive preparations are being made to receive it. Important developments in the arrest of leaders in the recent raid will likely be made known today. Work at Moorwood will now be pushed as rapidly as possible, and by tomorrow, providing no outbreak occurs, smoke will be seen rising from the ovens.

BOSTON, MARCH 31.—At a secret meeting of the Carpenters' Union it is said the expressed feeling against the Carpenters' and Builders' Association is in favor of taking radical action. One of the members stated after the meeting that there would be a strike for eight hours this spring.

The Erratic Kaiser.

LONDON, March 31.—It is an open secret that Emperor William has managed to offend deeply nearly all the German princes by his extraordinary arrogance, particularly to the Prince Regent of Bavaria, the Duke of Saxe-Coburg and the Grand Duke of Hesse. The emperor's personal indignation has been again and again renewed. Alas, the emperor's personal indignation has been again and again renewed. Alas, the emperor's personal indignation has been again and again renewed. Alas, the emperor's personal indignation has been again and again renewed.

An Extensive Strike.

HEMINGTON, Pa., March 30.—Extensive preparations have been made by the employees of the Central Pennsylvania coal mines for a general strike on May 1. Their grievances, they say, are beyond further endurance, and only a sweeping shut-down will avail them anything. The scale provides for the Columbia convention for 50 cents per ton of 2,000 pounds, has been ignored by all the operators, who demand of the miners will make a demand for eight-hour day and the absolute freedom from the system of purchasing the necessities of life from their employers. The present action of the miners is largely due to the general resumption of the "punch me" stores, and the method of keeping the men continually in debt to operators. At today's conference between Broad Top, Galician, and Clearfield region miners, representing over 12,000 men, a general strike on May 1st was agreed upon.

Impugn Lighthouse.

WASHINGTON, March 31.—In answer to inquiries of Representative Herman today at the treasury department as to the construction of the lighthouse in the mouth of the Umpqua river, it is stated that proposals for bids will be published in New York, Philadelphia, Pittsburg and Portland, Or., newspapers, and that bids will be opened and contracts awarded April 21, and that on the 1st day of January the new light will be flashed upon the ocean.

Representative Hermann secured a pension today through the department for August Carl, of Coos county. He is a veteran of the late war.

Representative Herman has presented to the department a numerous signed petition from Harney county asking for increase of mail service from Diamond to Shirk's distance, fifty miles.

Victims Notes.

VICTIMS, March 31.—In the legislature this afternoon Hon. Turner presented a budget speech and to the surprise of all no debate followed. Estimates so far have not provoked a word of opposition.

Charles Peterson, a prominent member of the Salvation Army, and a man standing six feet two, was arrested this morning for a violent assault upon a 10-year-old girl.

John Stuart, who was caught in the act of burglarizing Governor Nelson's residence Sunday, has been committed for trial. He pleaded guilty. When asked if he had anything to say in the police court, he replied, "I wish to God they would hang me." He is supposed to be demoralized.

Intercontinental Railway.

WASHINGTON, March 31.—Final arrangements are now nearly completed, and in a few days instructions will be issued to three parties authorized by the international railway commission to survey the route of the proposed railway between this country and South America.

New Naturalized Mexicans.

CITY OF MEXICO, March 30.—The foreign office has published a table showing the total number of foreigners naturalized here since the year 1878, with the surprising result that the total in 63 years is but 2044. Of this number 1147 were Spaniards and 146 Americans.

Fire at La Grande.

LA GRANDE, MARCH 31.—About 9 o'clock this morning a fire broke out, which, before it could be controlled, totally destroyed the entire business portion of the city. The fire originated from a defective fuse. Mrs. Fisher, the wife of a painter, died this afternoon from excitement caused by the fire. She was subject to heart disease.

From Pendleton.

PENDLETON, MARCH 31.—Depot buildings were to be built along the line of the Hunt road at Athena, Faneville, Hix, Walla Walla, Watsburg and Dayton. Another result of the sale will be the establishment of a lumber yard at Pendleton by the Buckley Lumber Company which has big sawmills at Buckley, thirty-one miles east of Tacoma, in the heart of the timber on the Sound.

Dropped Dead.

ROSEMOUNT, Or., March 31.—A. E. Champagne, contractor and builder, an old resident of Roseburg, formerly president of the Cosmopolitan hotel, dropped dead at 6:30 o'clock this afternoon. He was sitting in a saloon and complained of a pain in his side. He said he would go to his room at the hotel and lie down, and started through the rear door of the saloon and fell. He was carried back into the saloon and died immediately. He leaves no family except two brothers.

From Tacoma.

TACOMA, MARCH 31.—The Puget Sound Steamship Association was to have held a meeting today, but no quorum was present, so the meeting was adjourned to meet at the call of Chairman Moffat. The chairman stated that the notice of the Pacific Navigation Company to withdraw from the pool has practically been rescinded, and that when a quorum of the association meets they will manage the trouble with the Pacific Navigation Company, and the pool will be stronger than ever.

Parnell Gains Friends.

BOSTON, MARCH 31.—The Healyites recently admit that Mr. Parnell's personal canvass of the Silgo district has resulted in great advantage to him, but they hope that Timothy Healy's return will have the effect of neutralizing the headlong made by Parnell in Silgo. The majority of the rural voters decline to commit themselves to either side and advantage to be gained from their votes for either faction is as problematical as ever.

Killed By A Hunting Accident.

SPRINGFIELD, MARCH 30.—Bloomer Bilyeu, about 19 years of age and a grandson of T. P. Devaney, living about six miles west of Seio, grosse hunting yesterday and sat down on a log to rest. In drawing his gun over the log he grasped it by the muzzle and in such a manner that it was discharged, the charge passing through and mangle his hand in a terrible manner. Dr. Ashburn, of this city, and Dr. Hill, of Albany, were called, and amputated the hand at the wrist this morning. The young man died this evening.

Railroad Magnates Indicted.

NEW YORK, MARCH 31.—The directors of the New York, New Haven & Hartford Railroad Company were today indicted by the grand jury for misdemeanor in connection with the fatal collision in Fourth avenue tunnel, February 20 last, whereby there were six lives lost. The names of those indicted are: Charles P. Clark, Wilson G. Hunt, E. H. Trowbridge, William B. Bishop, Nathan C. Wheeler, Henry C. Robinson, Edward M. Reed, J. Park, Chauncey M. Degeer, Henry S. Lee, William Rockefeller and Leverett W. Brainard.

South American Troubles.

BRENOV AYRES, MARCH 30.—A riot occurred at Moran during the recent elections. Two hundred voters attacked the police, and a general firing ensued, which lasted two hours. The killed and wounded would number twenty.

Murder on a Chilian Man-of-War.

A manly occurred on the Chilian man-of-war, Elcomayo, while lying in the harbor here. The manly is supposed to have instigated by the Chilian residents of this city. Three sailors were killed and nine wounded.

From Astoria.

ASTORIA, MARCH 31.—All Chinatown is excited over a big damage suit which is imminent between Sam E. Hing, a Chinese merchant of Portland, and Ark Wo, a Chinese Jay Gould of this city. When the Mongkut sailed for China on March 4, Sam Ping was arrested just as the vessel was leaving, on information filed by Ark Wo, and was brought up before Judge Jewett, on a charge of embezzlement of \$434, the complaint alleging that the crime had been committed about January 1, 1885, and that since that date Sam had been out of the state until within a few days prior to the filing of the information.

The Sugar Trust.

SAN FRANCISCO, MARCH 30.—Claus Spreckels, the sugar king, has combined with the Havemeyers, and is now a member of the sugar trust. For several weeks Mr. Searles, manager of the sugar trust, has been in this city and last week J. C. Havenmeyer arrived. They consulted with Spreckels, but terms of the agreement are unknown. It is stated, however, a division of territory has been effected. The Havemeyers will control the Eastern market and Spreckels the Western. Spreckels' big Philadelphia refinery will be turned over to the trust and the trust's American refinery here will either be closed or will run even with Spreckels' refinery. Adolph Spreckels today denied having entered the trust, but admitted an agreement had been made with the Havemeyers.

WAR WITH ITALY.

Diplomatic Relations With King Humbert Severed.

WASHINGTON, March 31.—Baron Favella, the Italian minister, informed secretary Blaine officially that he had been recalled by his government. Blaine at once informed the president.

A recall under the circumstances of this case is a serious matter. There could be no attempt to disguise the fact that it does not signify that mutual explanations and diplomacy cannot restore the old status. The d'affaires, Marquis Imperiale, is left in charge of the Italian legation. So the severance of diplomatic relations cannot be regarded as complete. Just what the status of this official is, cannot be known except through his official acts. It is stated he is in charge of "enrrent affairs." If any serious significance attaches to the minister's recall, this means that the charge d'affaires is to be limited in his functions to issuing passports, instructing consular officers and other small matters. In this case further correspondence between the governments of the United States and Italy must take place directly between Washington and Rome.

The affair has caused considerable excitement and discussion in Washington, although the opinion is not prevalent that the difficulties will lead to war. The government is inclined to view the present situation lightly, and will take no hasty action. The Italian consul at San Francisco says no hostile move is intended.

WASHINGTON, April 1.—The complications with Italy was the only matter discussed here today. It is the general opinion of all the diplomats in Washington that Italy has put her foot in her mouth, so to speak, and make a break that will make her ridiculous before she straightens it out. It was the last of April, and the practical jokers were out with April fool stories during the greater part of the day. The one that struck the longest and spread with the greatest rapidity was that ex-speaker Reed was caught at Florence, despoiled of his passport and sent to jail. This report made things lively for a time, but it only took about a half an hour to kill it, and something new had to be started. As a matter of fact the situation has not changed since last night. Italy has not yet made a motion to prove that any of the men killed in the New Orleans parish prison were Italian subjects. Until that is done as a preliminary, it is nothing short of impertinence on the part of Italy to ever pretend to interfere in our domestic affairs.

THEY WERE ALL VOTERS.

Word has been received here from New Orleans that every man of those killed was on the rolls of the New Orleans register of voters. Under the constitution of Louisiana when a man declares his intention to become a citizen, he is awarded the right to vote. Some of the men assassinated were bona fide citizens of Louisiana, and some were not. He did not permit the Italians to remain many hours in New Orleans before he made them serve notice of an intention to become citizens in order to increase his voting strength. For this reason Italy has nothing to do with the matter.

We will not have any war, however. Italy has her hands full trying to retain her place as a first class power in Europe, and she is not going to waste her energies in an effort to slug the United States. Italy is poor. She has been maintaining an immense standing and navy for some years back.

British Influence Waning.

NEW YORK, April 1.—Advances from Brazil report that the purchase of the entire plant of the Amazon Steam Navigation Company by the Brazilian corporation, Proza de Obras Publicas, has been completed. The price paid was \$250,000. This transfer from British to Brazilian hands of between 80 and 100 steamers, together with landings, offices, etc., is of the utmost importance, both to Brazil and this country. It sweeps away at one blow the British influence and control of transportation facilities in the interior of Brazil. The corporation which made the purchase is the same which has lately been purchasing all the Para rubber crop with a view of controlling the market.

THE SPECULATOR'S PARADISE.

NEW YORK, April 1.—A letter to the World from Brazil states there is now a tidal wave of speculation in that country. New companies with enormous capital on paper are organized every day and notes for millions of dollars are issued every day by wildcat banks. The reciprocity treaty with the United States, it is said, will greatly stimulate the sugar industry.

LATE OREGON NEWS.

PENDLETON, April 1.—The sale of reservation lands began today. The first excursion to the agency started this morning, as advertised. Only one section of land was offered for sale this forenoon, lying twelve miles south of Pendleton and known as section 1, township 1 south, range 32 east. The first quarter offered was not taken; the second was sold to P. Olsen for \$180; the third to Charles Cunningham for \$1000, and the fourth to H. C. Vaughan for \$930. Bidding was spirited on the last two. The land sold was all appraised at \$1.25 per acre. A large crowd was present at the sale. The sale will last forty days or longer.

BAKER CITY, April 1st.—It has just been learned from a reliable source that Mr. B. M. Lombard, a prominent but eccentric citizen of Baker City, also well and favorably known in Portland's business and social circles, is at present attempting to beat the record of circumnavigating the world that was made by Miss Nellie Bly. He started from Baker City March 10, and a cablegram just received by a friend reports him six hours ahead of time. His progress is being anxiously watched by his friends in the Northwest.

TELEGRAPHIC BRIEFS.

The Arkansas legislature has before it a bill appropriating \$30,000 for a world's fair exhibit.

Fricke, the noted Pittsburg stardist, was taken to a hospital, was taken to a hospital in a starving condition.

Italy will have no government exhibit at the world's fair, but individual exhibits will be encouraged.

Senator-elect J. W. Palmer is very ill at his home in Springfield. Because of his age, 75 years, his friends are alarmed.

A number of changes are to be made in the New York custom house. The first to go will be M. W. Cooper, appraiser.

David Jarrett, a San Francisco treasurer, told the wichest of his own truck Monday morning and was crushed to death.

The United States steamer Galena, which was floated Sunday at Gay Head, Mass., has been ordered to Portsmouth, N. H., for repairs.

The General McDonnell went ashore yesterday at Ansel, Cal. She was subsequently gotten off, but it will take two weeks to repair her.

A riot occurred in Homestead, Pa., yesterday between a number of Hungarians, Italians and others. Seven or eight were seriously injured.

Since 1828, sixty-three years ago, 209 foreigners have taken out naturalization papers in Mexico. Of these 1147 were Spaniards and 147 Americans.
