

THE ENTERPRISE.

CHAS. MESERVE,
Publisher and Proprietor.

FRIDAY, APRIL 3, 1891

It is of the utmost importance to the future prosperity of Oregon City that a fire limit should be established, and that at once. The defeat of the present ordinance would be suicidal to the possibilities of this municipality as a city; it will retard the progress of the city in the construction of substantial and ornamental buildings as nothing else can.

Tax Italy war scare will have a tendency to make more stringent enactments of laws regulating the admission of foreigners, and the qualifications necessary to obtain citizenship. No foreigners should be admitted to citizenship who cannot read or write, or who has not been a resident of this country for a period of less than two or three years.

It is very probable that a war with some foreign nation would not be without its advantages to the United States. It would spur up the nation to construct naval defenses and gun boats, and give some of the ambitious youths of the country an opportunity to test their bravery.

ADDITIONAL TELEGRAPH. Cheap Sugar.

New York, March 31.—The Mail and Express says: Western railroad officials are gathering in the East, and their first business seems to be to give a lie to Western dispatches.

People living in the Butte creek and Molalla country have unalloyed faith in the possible and very probable construction of the Butte Creek & Oregon City railroad.

The time is rapidly approaching when the supervisors of the various road districts will begin their annual quota of work on the thoroughfares.

The city council is awakening to the realization of the facts suggested by THE ENTERPRISE, that something should be done towards cleaning up the back yards and alleys.

A CORRESPONDENT from Willhoit last week justly makes complaint of the way in which some communities are having trouble among themselves, and to settle these petty disturbances invariably resort to the courts as a means of redress.

A CHICAGO doctor has been investigating the la grippe, and secured seven microbes of that disease which were floating through the air awaiting an opportunity to crawl down the throat of some unfortunate victim.

DURING the past week Oregon City has lost two of her most estimable citizens, both pioneers, representative men, and prominently identified with the growth of Oregon City.

"SANDY" Olds says that hereafter he is a democrat, as he gives Judge Thayer the credit for saving him from the gallows. The democrats are welcome to "Sandy," as the republican party has no use for such material, and the Portland Telegram, democratic, in commenting on this new addition to their ranks, says that they do not want him.

Judge Taylor sentenced "Sandy" Olds, the murderer, to one year in the penitentiary, but when he convenes the next term of circuit court in Clackamas county, he will likely send up the petty thieves now confined in the county jail for three or four years.

It has been hinted that hereafter when Portland murderers desire to have their necks saved from the gallows, they will be sent into Judge Taylor's circuit for trial.

felt by a decline of three fourths of a cent on the granulated article and five-eighths on powdered sugar. The prices on yellow sugars advanced about one-fourth of a cent. No further decline is expected soon.

A STRANGER LIBERED. PORTLAND, April 1.—Capt. Miles Bell, of the steamer "Champion," has libeled the steamer "Lurline," to recover \$3000 damages. Capt. Bell alleges that in the recent collision between the two steamers he was thrown from his feet by the force of the shock and his leg was broken.

COMBINATION COMPLETED. SAN FRANCISCO, April 1.—The Chronicle says the combination between Spreckels and the Havemeyers is completed. The new organization is known as the West Coast Sugar Refinery company.

POLICE JUDGE APPOINTED. PORTLAND, April 1.—C. H. Corey was tonight appointed police judge by the city council, vice A. H. Tanner, resigned.

TOMOKET DEAD. SPOKANE FALLS, April 1.—Word has been received of the death of Tomoket, chief of the Colville Indians.

For Sale.

One ten horse power traction threshing engine, C & G Cooper manufacture; also, one Simmons drag saw, with carriage and belts all complete, and in good running order; nearly new. Will be sold at a great bargain if sold soon. Inquire of C H DYE, Over Oregon City Bank.

Worse than Leprosy

Is catarrh, and there is but one preparation that is the California Positive and Negative Electric Linctum. Sold by J. C. Clark. It also cures neuralgia, rheumatism, headache, sprains, burns, and all pain. Try it, and tell your neighbor where to get it. Sold by E. G. CAUFIELD, Druggist.

Persons troubled with rheumatism should read the following from Mrs. N. M. Peters, of East Des Moines, Iowa. She says: I had suffered with rheumatism the greater part of the time for nearly seven years. I doctored a great deal for it with physicians and tried electric belts, patent medicines and almost everything that was recommended for rheumatism. Finally a neighbor advised me to try Chamberlain's Pain Balm and was so sure that it would help me that I procured a bottle. It did help me, right from the start; but it took five 50 cent bottles to cure me, so you can guess how bad I was as two bottles will cure any ordinary case." For sale by Geo. A. Harding, druggist.
