NEWS OF THE WORLD.

Boiled Down For the Edification of The Enterprise Readers.

FROM WASHINGTON.

Matters of Moment Occurring in the Various Departments.

WASHINGTON, April 19.—Earnest effort is being made on the part of cattle men from the far West to have the Texas fever cattle quarantine line established by the agricultural department for the great cattle-raising states of Wyoming, Montana and Colorado, moved further south and made to conform to the quarantine line fixed upon by those states for their own protection, before the national government quarantine line was established. Senator Casey, of Wyoming, presented the matter fully to the agricultural department, and it is probable the matter will be fixed as desired. The department has communicated with Secretary Rush on the subject, and the secretary thinks the department should so far modify its instructions to permit cattle to be shipped into the states of Colorado, Wyoming and Montana from as far south as heretofore, provided those states give satisfactory assurance that no cattle shipped into them shall be sent out of the states before the first of December. The effect of the order of the agricultural department moving further north the quarantine line established by the states was toward a serious hardship on large numbers of men, having cattle between the line decided upon by the national government, and that which by experience the states named had found to be safe.

REFORMATION IN THE NAVY.

Secretary Tracy will next apply his civil-service methods to the Mare Island navy yard. He will reach that point with his new policy within sixty days. So soon as everything is in smooth working order at the New York and Norfolk yards, he will turn his attention to the Pacific coast. A board, consisting of five reliable officers will be appointed to carry out the policy he has inaugurated. This will be given regulation instructions with such additions as may be required by the conditions at Mare Island yard. The board to be created to carry out the new policy will disregard politics entirely in its consideration.

THE RUSH WILL JOIN THE BEAR.

The treasury department has decided to start the revenue cutter Rush to the Arctic about the middle of May, to keep company with the Bear, which is now in that region. The Rush will convey to the seal fisheries the special agent of the government who will superintend the catch of seal this year. He has not been selected as yet. His instructions are now being prepared at the treasury department.

WASHINGTON, April 22.—One hundred and seventy thousand ounces of silver were purchased today at prices ranging from 9638 to 9640.

The Presidential Party.

INDIANO, Cal., April 22.—The presidential party entered the state of California at Fort Uma at 4:50 o'clock this morning, and was presented with a large quantity of beautiful flowers and wreaths. The entire party was asleep at the time, so they did not see the presidential committee. When the presidential and party reached Indio at 8:15 o'clock, it was received by a large and influential delegation, including Governor Markham and staff, ex-governor Perkins, Senator Felton, Judge Van Fleet, of Sacramento; S. M. White, of Los Angeles; Colonel C. F. Crocker, vice-president of the Southern Pacific, and Mr. Stump, the chairman of the republican committee. Governor Markham made an address of welcome.

LOS ANGELES, Cal., April 22.—The morning opened beautifully and all that could be asked. The people are pouring into the city by all the avenues leading thereto. The citizens have entered in to the work of decorating with a will and the city will be a bower of beauty. Noticeable on the streets are the old soldiers from the Home, who have come in to do honor to their comrade. The fears entertained last evening that the president would be late in arriving were dispelled by the arrival of the train on time at Tucson. Should no accident happen our honored guest will probably be with us at 2 p. m.

General Butler.

Boston, April 21.—A week or so ago, General Butler had a dispute with United States District Judge Carpenter, as a result of which Butler was forbidden to appear before the court. This morning, however, when the case came on, Judge Carpenter declared him disloyal, and ordered the marshal to remove him from the court room. The marshal and assistant escorted him out. The old gentleman was much affected and his eyes filled with tears as he exclaimed, "I yield to force." When the marshal had released him in the corridor, General Butler immediately returned to the court-room. The judge had left the bench.

Wheat Market.

SAN FRANCISCO, April 21.—The local wheat market rose to \$1.93 1/4 this morning, but the feeling was easier later in the day. Some heavy changes took place on change, and shorts seemed quite as active as longs. A rumor on the streets to the effect that a broker had failed, developed the fact that S. W. Sears, member of the board, had been caught short, and that some of his contracts had been bought in.

PORTLAND, April 21.—Wheat milling, best grade, \$1.60 per cental.

Baron Fava in Rome.

ROME, April 22.—Baron Fava, Italian minister at Washington, who recently left that city on a leave of absence, has arrived here. Immediately after the baron's arrival, he had a prolonged conference with Rudini upon the New Orleans affair. The outcome of this conference was not made public.

Homason Released on Bail.

SPOKANE, April 21.—Judge Hanford this evening admitted Homason, the convicted cattle thief, to bail in the sum of \$10,000, pending the hearing of the writ of habeas corpus.

HELENA, Mont., April 21.—Full reports from from Montana municipal elections show that the republicans carried every city in which party lines were drawn, except in Butte, where the democrats elected the mayor and a majority of the council.

Will Strike for Eight Hours.

PITTSBURGH, April 21.—The general lockout of men by master stone-masons has inaugurated a builders' fight for eight hours. Fully 20,000 men employed in the building trades will strike on May 1st.

Will Build the Road.

ECUENE, OR., April 21.—Lease Britton, general manager of the Siuslaw and Eastern railway, states that he is prepared to construct the road from Eugene to the ocean, provided the right of way can be secured free.

Pardon Granted.

SALEM, April 21.—The governor today granted a full pardon to D. C. Reynolds, sent to the penitentiary October 31, 1877, from Umatilla for five years for the crime of larceny. He was pardoned at the recommendation of the trial judge.

The Execution Frustrated.

ENFANLA, I. T., April 20.—News has been received that the execution of Ross Kelly, Jeff Brown, Douglass Brown, Judge Barrett, Paro Johnson, Lane Andy, and Prince Hawkins and Paro Johnson were recaptured, but they had been pardoned by the chief.

Influenza in England.

LONDON, April 21.—Influenza is raging in London.—One-third of the members of the National Liberal club and a majority of the inmates of one of the largest hotels are down with the disease. The extension of the epidemic is favored by the weather. Telegrams from Leeds and Sheffield report a similar state of affairs.

Elections in Ireland.

LONDON, April 22.—From reports of the McCarthyite members of commons who have canvassed Ireland, it is calculated that the election would oust twenty-six Parnellite members of parliament including Parnell himself. This would leave the strength of the different parties as follows: McCarthyites 72, Parnellites 9, Unionists, 22.

All Objection Waived.

CHICAGO, April 20.—At a meeting of the board of election commissioners today, the attorneys for both parties waived their objection to the count as it now stands. The revision was promptly dropped and apparently nothing but good feeling exists between the incoming and outgoing parties. Next Monday Hempstead Washburne will take his seat as mayor of Chicago.

Republicans Meet.

CINCINNATI, April 21.—Delegates to the republican league convention arrived in great numbers this morning, and at headquarters everybody is busy with the preliminary arrangements. Music hall, where the convention will be held, is beautifully decorated with flags and bunting.

Outrages in South Africa.

LONDON, April 22.—Advices from Bathurst, capital of Gambia, British West Africa, state an envoy sent by the governor to the king of Gambia, protesting against the depredations and abuses suffered by English colonists was escorted back by the king's body-guard after pieces of flesh had been cut from his body. Three British gunboats have already ascended the Gambia river to avenge the outrage.

Fatally Burned.

PORTLAND, April 21.—Helen Christian, a domestic employed at the residence of Joseph Holder, in Sunnyside, met with a terrible accident last night, which will doubtless prove fatal. She was ironing clothes, and accidentally upset a lighted lamp, which set fire to her clothes and completely enveloped her in flames. Before the flames could be smothered her clothing was entirely consumed and her flesh was fearfully burned.

Accidentally Wounded.

MARSHFIELD, April 21.—Safens Jorgenson, a young man employed as clerk in the store of the Oregon Coal Navigation Company at Newport, near here, was shot and seriously injured last night while attempting to take an overcoat from a nail on the wall of the store. A revolver dropped from the pocket of the garment and striking the floor exploded. The bullet struck his right leg below the knee inflicting a painful, but not dangerous wound.

Drew His Father's Pension.

Des Moines, Ia., April 20.—George S. Boone, the only remaining lineal descendant of Daniel Boone, was arrested by United States authorities and brought to this city for trial today. He is charged with pension fraud. Boone served in the Confederate army, while his father was a Union soldier. The father is dead, and for some time has been drawing the pension allowed to the former. Boone has been living in a cayo on the Des Moines river, about forty miles below this city.

Fire Near Jacksonville.

JACKSONVILLE, April 22.—The Kilgore residence on the Bybee place, one mile north of here, was burned to the ground this evening in sight of a large number of town people, powerless to render them any assistance. It was occupied by William Chastain and family, who is reported, lost everything. No one has learned how the fire originated. The loss cannot now be even approximated.

From Corvallis.

CORVALLIS, April 22.—The seduction case against Frank Skyston, which has occupied the time of the circuit court during the past few days was well attended by the sensation-loving citizens of this county. The jury, after being out only fifteen minutes, returned a verdict of not guilty, much to the surprise of a great many.

THE OUTLOOK FOR WHEAT.

W.A. Wells, one of our prominent grain buyers, today offered to contract for 50,000 bushels of this season's crop of wheat at 75 cents. Crops in this vicinity are looking unusually good for this season of the year, and prospects are flattering for more than an ordinary yield. A warm rain began falling today at noon, and the farmers are in high spirits in consequence.

Bridge at Albany.

ALBANY, Or., April 22.—The joint committee, consisting of the mayor and city council, county court and three citizens, met today to select the site and kind of bridge to be built across the Willamette at this city. The final report of the engineer was presented. The plan of the steel bridge to be built at Calapooia street was adopted. The estimated cost of the bridge is \$99,700. It is expected the contract price will fall below that amount.
