Board of Trade.

Regular meeting held at the court house Tuesday, June 9th, President Apperson in the chair.

Minutes of the last meeting were read and approved.

The finance committee recommended the payment of of $43.58 for expenses incurred in the reception of the president.

The finance committee reported favorably on the payment of $57.95 dues to the state board of trade.

Mr. A. S. Dresser made a verbal report for the special advertising committee appointed to see what could be done in getting out an illustrated descriptive pamphlet of Oregon City and Clackamas county. He stated that Mr. LeMahieu had canvassed the situation pretty thoroughly in the country and at Portland, and had not received very much encouragement. He also submitted estimates for preparing a finely illustrated souvenir from a Chicago house, also from Lewis & Dryden, Portland. Mr. Dresser stated that if the work was done Oregon City would have to bear the expense, and on motion the verbal report of the committee was accepted and the committee discharged.

The committee appointed to confer with the county court in reference to the appointment of delegation to attend the state convention at Portland to devise ways and means of providing a creditable exhibit at the Worlds's fair reported that they had fulfilled their duties, and a communication was read from county Judge Meldrum, stating in substance, that the board had no authority to appoint such delegates except as individuals, and that they request that G. J. Trullinger, J. T. Apperson, J. W. Meldrum, Wm. Barlow and C. D. Latourette attend said meeting and represent Clackamas county therein, but without pay, and without power in any manner to bind this court in any pecuniary obligation or otherwise. Judge Meldrum, who was present, stated that he had just learned that Mr. Barlow was absent in Denver, and it would be impossible for him to be present at the convention, and he therefore requested that Richard Scott, of Milwaukie, act in place of Mr. Barlow.

Charles Meserve stated that he had donated 250 copies of the recent industrirl edition of THE ENTERPRISE to the board and that Mr. F. E. Donaldson, secretary of the board, had mailed a large number of them to manufacturers in England, Germany and other places. On motion a vote of thanks was tendered Mr. Meserve.

AT TUALITAN.

Special Services at the Congregational Church.

The special services conducted by Rev. W. H. Tubb in the Congregational church closed Sunday night. Five were added to the church. Prof. Professor H. Allen Shorey preached Sunday morning and evening to large and deeply interested audiences. The professor also administered the sacred sacrament, assisted by the pastor. The outlook for a large increase of membership to the Tualitan church is most encouraging. The ordinance of baptism by immersion will be administered by the pastor, Rev. W. H. Tubb, at 11 A. M., Sunday, June 14th, in the Tualatin river, one mile below Bridgeport.

The corner-stone of the Hood View Congregational church was laid, with appropriate ceremonies, at 3 P. M. Sunday, by the Rev. W. H. Tubb, who also preached a sermon in the grove, near by, to a large congregation, Rev. Mr. and Mrs. Barber assisted in the ceremonies, Mrs. Barber read a concise history of the church, which with other appropriate matter, was deposited in the stone. The prospective church is well located, with Mount Hood in full view. The site is about three miles south of Smockville. The church will be 30x40 feet, with a tower. This enterprise is the result of the earnest labors of the Rev. Mr. and Mrs. Barber, the Congregational evangelists, who will remain with the people of Hood View until the church is fully completed and dedicated.

United States Land Patents Are Awaiting Claimants.

There are now in the land office at this place nearly 2000 United States land patents awaiting claimants. They are divided as follows:

Donation Land claim patents	474
Land warrant patents	40
Homestead patents	310
Cash entry patents	874
Lots in Oregon City to correct McLoughlin deed	208

These will be delivered or mailed free of charge on presentation of the duplicate final certificate, or the proper affidavit of the present owner of the land, accounting for said cerificate, and showing the reason why it can not be surrendered. Parties inquiring for patents should give the number and character of duplicate certificate if possible. If this is not known, then the description of the land should be given by sections, township and range, so as to enable the register to find whether or not the patent is in the office.

The Editors.

The national association of editors will be held at St. Paul, Minn., July 14, 1891. The Oregon delegates to the convention are H. W. Scott, L. Samuel, O. P. Mason, Portland; E. C. Pentland, Independence; Charles Nickell, Jacksonville; S. M. Yoran, Eugene; J. Michel, The Dalles. The program for the annual session Oregon Press Association at Astoria, August 27, 28, 29, is now being prepared and will be ready in a few days. Suggestions regarding the same should be addressed at once to the president of the association, Mr. L. Samuel, Portland. The session of 1891 promises to be an enjoyable one. A very valuable paper for newspaper men is being prepared for the occasion by Messrs. A. Noltner and H. L. Pittock, of Portland, and H. R. Kincaid, of Eugene. It is entitled "History of Oregon Journalism."

Another Armed Editor.

Journalistic fights are becoming the order of the day up the valley. But it is evidently certain that editor McCollum, of the Gervais Star, is no coward, as he refused to weaken under the threats of the Vancouver soldiers. The Salem Capital Journal has the following: "In discussing a question of putting up a fence in a public thoroughfare, editor McCollum was knocked down by a blow from Scott Taylor, Gervais's city recorder. McCollum carried a gun but did not get a chance to use it. The justice fined them $5.00 apiece and costs, and McCollum will be more careful in the future who he calls a liar. The absence of cuticle on three of Taylor's knuckles, not like the flowers of spring, had something to do with the case."

TELEGRAPHIC BRIEFS.

It now transpires that the Argentine republic was fleeced by Chas H. Sanford, a former yankee drug drummer, who also, went to London and roped in the Barrings, showing them there was millions in it.

Sir John MacDonald, the great Canadian statesman, died at Ottawa, June 6th. For nearly a half century he has guided the political destinies of Canada.

The whaling steamer, "Kite," with Lieut Peary, U. S. N., and companions, of the North Greenland exploring expedition, sailed June 6th.

It is reported that the whisky trust is figuring on a reduction of the prices of spirits, on account of the Japanese process lessening the cost of production in distilling.

It is stated that there will be no trouble in removing the large wheat crop of California this week.

A few days since the Itata arrived in Iquiqua Chile, where the captain was given a rousing reception, but he was to return to San Diego, a prize of the Charleston. An effort will be made to prove that the Itata received the arms outside of our jurisdiction.

The interstate commerce commission began an adjourned session in Portland. They are investigating the complaint of merchants of Spokane that freight rates from the East to that city are higher in proportion to the distance than from the East to Portland, Seattle and Tacoma.

Sir Charles Tupper, of England, is a prominent candidate for the premiership of Canada, made vacant by the death of Sir John McDonald.

It is reported that death and starvation threatened the death of the Hawaiian nation.

GOOD BOARDING PLACES WANTED

Sunday Welcome: There is not a rural town within boarding distance of this city which could not at slight expense assure itself all the city boarders that it could accommodate by the simple process of systematically and intelligently improving and beautifying its roads. If it were to appoint a town committee with power to employ experts, or to obtain experts advice, and to carry out the suggestions thus obtained in road improvment, the mere public advertisement of the proceeding would attract many summer boarders. The expense would not be great. Business men who have to be at their stores or offices every day, and who would like their families to enjoy country air without losing sight of them entirely, as at the beach, are especially interested. There are boats, trains, motor lines, etc. enough, if there were only good places for boarding.

SHAD BECOMING PLENTIFUL.

Astorian: Columbia river shad is getting so plenty now as to be no longer a novelty. It is a great fish—rightly cooked. One good way is to be out in the woods, not too far from the river bank to prevent the fish being fresh; then dig a trench, build a fire and when it has burned nearly to coals set the shad before it. The shad is split, its back bone removed and the two flat pieces tacked to a plank, whose lower end is sharpened and thrust into the ground before the fire. When the fish sizzles and browns the cook bastes it with melted butter, and when it is done, carved, as it lies on its own plank, and set before the consumer, gastronomy can offer nothing better.

CLERK VERSUS RECORDER.

East Oregonian: R. Eakin, J. W. Shelton, T. H. Crawford and Mr. Carroll are in the city from Union to make further aguments before Judge Fee in the case of the recorder and clerk of Union county. The former official commenced a mandamus proceeding to obtain possession of certain books which the clerk has withheld. The clerk brings a "quo warranto" proceeding to see whether the office of county recorder exists in law. The action is a friendly one for the purpose of a test. Both points were being argued this afternoon.

FILLING COUCH LAKE.

Daily Dispatch: The Bowers dredge, which is to fill Couch Lake, was started up yesterday. The dredge lies a little below the Albina ferry. The pipe through which the sand is to be forced is laid on pontoons and connected with a fixed pipe running through the foundation of the cold storage works and under Front street. The joints of the pipe on the pontoons are joined by huge rubber connections, so that a disturbance of the water by passing steamers, etc., causes no inconvenience.

Marshfield Mail: A contemptible specimen of the human brute in the shape of a woman beater has been making himself obnoxious about town for a day or two and night before last he contaminated the cooler by being locked therein. THE KING OF BIRDS.

Victoria Colonist: One of the queries asked the interlocutor at the Vancouver minstrels, on Saturday evening, was the following:

"The Eagle, of course; everyone knows that," was the reply.

"Well it isn't the case in Vancouver; we have a Jay there."

The house collapsed.
