WEATHER BULLETIN No. 15.

Rogue's weather report for the ending Saturday, June 26, 1901. Heavy rains have hindered hay and fall wheat has lodged to some extent and clover is injured. Weeds grown rapidly, while the ground is not too wet to cultivate. Spring crops are generally doing well, but sunshine and weather are great. Cherries are suffering from the cold and in some places rotting on the trees. Although the weather has been hot and rainy, crops in general, with exception of hay, are doing well. The season is prevalent in Marion and counties, but the crop is growing. In Eastern Oregon the rain was at benefit to wheat. Hay has been cut to some extent. The acreage of in Union, Umatilla and Walla counties has been increased 20 per cent, and the yield per acre will be greater than last year. In localities, especially in the west part of Pendleton and west of Walla the wheat has been burnt. A few fields will not be cut. On the hills and high lands the wheat is doing better than last year. The season Eastern Oregon and Washington present indications will be about two millions or more bushels that of last year.

GOOD TEMPLARS.

The twenty-third annual session of the grand of Oregon Independent Order of Templars has just been concluded here, after an uneventful session of two days. Grand lodge officers elected for the ensuing year are: G. O. T. Hugh Harrison, Jefferson, C. Knight, Salem; G. V. T. Florence L. Smith, Salem; G. S. T. Robinson, The Dalles; G. T. T. Robinson, Salem; G. S. J. T. Mrs. T. The Dalles; G. Chap. Mrs. M. T. Salem; G. A. S. W. M. T. Canby; G. M. Chasney, Cascade; G. D. M. Miss Rosa Smock, The Dalles; G. C. Miss Mary Stinson; G. S. T. Johnson, Jefferson. The lodge will meet next year at The Dalles. Before adjournment, resolutions adopted on several subjects, an important one reaffirming the principles of the order and abstention for the individual prohibition by the will of the people of the state.

THE PRESENT FOREMAN.

The foreman of the Empire Manufacturing Co., who states that he was a man who made the complaint against John Smith, an employee of the company, for assault, as was mentioned in the Enterprise of last week, but he takes no part in such rows. Complaint was made by Michael Beebe, who was formerly a foreman at the factory, but now employed in machine shop. It was not the intention to do the present foreman of the company an injustice, but there was a prevalent on the streets to the effect that it was the present foreman who instituted the prosecution. This impression THE ENTERPRISE is pleased to correct. Mr. Frances Foreman under the old management.

TEACHERS' ASSOCIATION.

The annual meeting of the Teachers' Association to be held here, on Yaquina bay from June 28th, has been received at this city. The citizens of Newport have elected a committee who will do all in their power to make the stay of those attending pleasant. Prof. Frank Riggs, of this city, will open a discussion "What Shall We Teach?" Arrangements have been made for reduction of fares over all the railroad lines, and the local committee has arranged and lodging to members of the association at \$1 per day. The entertainment and musical talent in the city will be present and take part in the exercises.

IMPROVE FRUIT FARM.

Messrs. Jacobs, of Oregon City, who have twenty-five acres planted in fruit on their farm about one and a half miles below this city on the edge of the river. They also have five acres in strawberries in the city, and the energetic proprietors are beginning the work of making a profitable fruit farm. The soil is well adapted to this purpose, and it is a profitable investment.

AT CLACKAMAS.

Clackamas is celebrating the Fourth of July in style, and as usual will have a time the coming national day. There will be a grand procession, with band, etc., reading of declaration of independence, the guard of states, oratorical, prizes for the handsomest and gentleman, with basket picnic and games. Prizes will be offered to winners in sports and races of all kinds. An egg race for women will be one of the attractive features, and games of other kinds will be in line.

THE CHERRY CROP.

While the rain has, to a certain extent, affected the entire fruit crop it has ruined the cherry crop as far as foreign shipments are concerned. The California crop is a failure and San Francisco merchants had made arrangements for the purchase of the Oregon stock. When the heavy rains began they countermanded their orders. There are no sound cherries in the market.

W. T. & L. Co. Election.

On last Saturday a meeting of the directors of the W. T. & L. Co. was held in Portland. The members of the board of directors present from this city were: C. O. T. Williams, Thos. Charman, C. H. Canfield and G. A. Harding. The officers elected at a meeting held on the previous Monday were installed, as follows: C. H. Canfield, president; Thos. Charman, vice-president; and P. F. Morey, secretary.

BUSINESS IMPROVING.

Notwithstanding the general complaint of dull times the business of J. W. O'Connell, the clothier and hatter, has increased to such an extent that he has employed a new clerk, Mr. A. E. Pierce, recently of Illinois. He is continually stocking up his store with new goods and carries no shop-worn stock. He has had the front of his store handsomely painted in black and gold, which gives it the most attractive appearance of any business house in the city.

GRINDSTONE ON THE ABIGUA.

An Ohio manufacturer has been seeking through the Salem Statesman for a deposit of sandstone suitable for making grindstones. It is now reported that the Murray stone quarry in this county on the Abiqua, thirteen miles from Silverton, is first-class for grindstones. This stone is said to be of excellent quality. Grindstones made of it have been in use for years and have done good service. Clackamas county has the best deposits of stone of various kinds in the state.

RETURNED FROM THE COAST.

Messrs. H. T. Martin, A. J. Smith, and G. W. Thomas returned this week from a trip to Neustown bay, and report having had a very rough trip on account of the heavy rains. Mr. Martin was formerly connected with Prof. Marsh, of Kansas, in the United States geological research and surveys, and has made a fine collection of fossils. He found some rare specimens during his visit to the coast, and considers this part of Oregon a fine field for the geologist. Mr. Martin will make an effort to get permission to make a collection of fossils and send them east.

A FULL REPRESENTATION DESIRED.

It is reported that it will probably be impossible for some of the members of F company to attend the encampment at St. Helens, as they are afraid of losing their positions by leaving at that time. Employers should by all means give their employees an opportunity to attend the encampment, as it is very important that F company should be fully represented to make a creditable showing. As the first week after the Fourth of July is the dullest of the year in business circles, it is hoped employers will readily grant a leave of absence to their help. A full representation of F company will be a good advertisement for Oregon City.

BAND EXCURSION.

The Willamette Coronet Band will give their excursion to the O. N. G. encampment at St. Helens, on Thursday, July 9th. Every effort is being made to make this the most successful excursion of the season. The steamer Undine has been chartered for the trip, and will arrive on short time, thus giving the excursionists the greater part of the day on the grounds. All the companies of the First Regiment, O. N. G., will be in camp, and visitors will never have a better opportunity to witness the military evolutions of the state militia. From the boat landing to the encampment grounds, shady groves add to the appearance of the scenery, and from the banks of the river a splendid view is afforded of Mount Hood and St. Helens and a portion of the state of Washington. No better opportunity will present itself for a pleasant day's outings.

FIRST REGIMENT ENCAMPMENT.

F company are making rapid strides toward perfection in the art of drilling, and will make a creditable showing in camp at St. Helens during the week following the Fourth of July. Colonel Beebe has issued orders that the encampment of the regiment will be designated as Camp Gibbon, in honor of Brigadier-General John Gibbon. The official camp orders have been received for the information and guidance of the regiment while in camp. Section second, of the orders provides as follows: This regiment having been ordered into camp by the commander-in-chief in compliance with the requirements of the state military law, attendance thereat is compulsory, and excuses for absence will not be entertained. All absentees at any time during the continuance of the encampment, except upon authority as herein-after designated, will be required to appear before the regimental court of discipline and fined as in its judgement may be directed.

FESTIVAL AT MOUNTAIN VIEW.

A very pleasant literary entertainment and strawberry festival was given at the Congregational church at Mountain View last Friday evening. Notwithstanding the rain and mud the church was pretty well filled. The program commenced with instrumental music and singing by Mr. Wm. Rauch and daughters, which was followed with well rendered recitations by Misses Hazel Gifford, Elizabeth Ely, Martha Rauch, Aggie Beattie Ella Grout, Annie Darling, Mary Ely and Master Eddie Rauch, interspersed with singing. Messrs. George Rinearson and Meldrum McCown represented Oregon City at the festival, accompanied by a representative of THE ENTERPRISE. Meldrum tried to retail some of his old Oregon City gags to the boys sitting around Ely's store before the entertainment began, but they wouldn't bite. At the festival George Rinearson ate 50 cents worth of cake with a ten cent order of strawberries and cream, and apologized by complimenting the quality of the cake. The strawberries were served with genuine cream and excellent cake. Miss Beattie's recitation was splendid, and delivered with good elocutionary effect.

Three hundred and fifty dollars have been subscribed for F company. The uniforms were to have been shipped on the 20th inst. F will be the only company in the regiment with full dress uniforms, the Portland companies having only dress coats and helmets.

A boy at Mountain View the other day found a \$10 gold coin evidently made in California, and bearing the date, of 1852, with the letters S. M. V. If any of the readers of THE ENTERPRISE can throw any light on \$10 coins of that date and lettering, they will please communicate with this office, as coins of that demonstration and date evidently possess historic interest.

In another column will be found the law card of George C. Brownell, lawyer. Mr. Brownell has filed the office of county attorney in Kansas, and was also attorney for two different railroad corporations.
