NEW DRESS UNIFORMS.

Company F Acquired Themselves Creditably at The Encampment.

In the letter from Camp Gibbon, published in THE ENTERPRISE last week the types made it read that eight of the company had been confined in the guard house. This was a mistake, and not intended, as the officers and privates of company F conducted themselves as soldiers should, and were a credit to the first regiment as well as to Oregon City. The members of the company all express themselves as highly pleased with the result of the encampment, and are anxiously awaiting an opportunity to go into camp again, although there is some complaint about the fare furnished them, and state that too large a proportion of the members were placed on guard duty at one time which did not leave them a sufficient number for proper drilling exercises. On the whole, the members of F company are very favorably impressed with the annual encampment plan, and it is probable that there will be another one next year, which may possibly last two weeks. If it is decided to hold another encampment next year, Canby and other Clackamas county points should put in their claims. When company F came marching home last Friday evening rigged out in their new dress uniforms, they were the cynosure of all eyes.

On Monday evening Company F paraded the streets, and gave evidence of their efficient drilling by Capt. Warren.

BASE BALL.

The Great Eastern Score a Brilliant Victory Over The Oswegos.

The most interesting and exciting game of the season took place last Sunday afternoon in this city, between the Great Easterns, of Oregon City, and the Oswego nine. The playing would have done credit to the crack clubs that are now attracting the attention of base ball lovers at The Oaks in East Portland. A large and enthusiastic crowd witnessed the game, and were loud in their praises of the skill manifested by the players. The score stood 7 to 3 in favor of the Great Easterns. The interesting features of the game were Reckner's, J. Jones, Nehren and J. P. Jones' playing, and Reckner and L. Jones' batting, also Todd's and W. Wells, playing. Following is the score:

The Oregon State Fair.

The prospects for a good State Fair were never so flattering as they are this year. The Premium List has been revised, and in many important points the prizes have been increased. The entries in the Speed Department are the largest and the best in the history of the fair. The State Fair is under the management of the State Board of Agriculture, and over \$15,000 in cash is offered in premiums for exhibits of stock, poultry, agricultural products, fruit, etc., works of art and fancy work, and for trials of speed. The board is making every preparation for a great meeting. Many valuable improvements have been made, and the grounds have been cleared up and greatly beautified. Electric and horse-car lines now run from Salem to the grounds. All persons wishing a premium list for the fair of 1891, can obtain it by addressing J. T. Gregg, the secretary, at Portland, Oregon, or Geo. W. Watt, assistant secretary, at Salem. The fair begins on the 14th of September, and will last one week. AN INHUMAN WRETCH.

William Henderson Cuts A. W. Purdom's Eye Out With a Bottle.

Chief of Police Purdom owns a farm near Molalla Corners, which is under the management of his brother, A. W. Purdom. On this place is a half mile track, which a number of Clackamas county horsemen use for training their horses. A short time since, William Henderson, formerly employed in a livery stable in this city, went to the farm and engaged board with Mr. Purdom, also stable room for his horse and privilege of training the animal on the track. Henderson is evidently possessed of a very vicious temper, as he stole out a butcher knife and was only prevented from butchering a Mr. Stewart with it by the latter's coolness. This outbreak of temper was caused by almost no provocation. Two or three days later, he attempted to raise a row with Mr. Purdom, whom all his acquaintances know is of a very genial disposition. Not succeeding he tripped him down and began beating him over the head with a bottle which broke and cut his right eye completely out, which hung outside of the socket. Dr. Watkins, of Portland, who happened to be in that neighborhood, was called and extracted the eye, and Mr. Purdom, who was in the city during the week is getting along as well as could be expected. Henderson was arrested and brought before Justice Fouts last Saturday, and was placed in the county jail in default of \$300 bonds, and will have an examination before the justice Monday. Henderson stands a good chance of a long term in the penitentiary for his murderous assault on a defenceless man.

Last summer Lady Macdonald, with a party of friends, traveled in her private car through the most picturesque parts of Canada, and in a delightful fresh manner she describes her experiences on this trip, in these articles to which she has given the title of "An Unconventional Holiday."
