### NEWS OF THE WORLD.

**Boiled Down For the Edification of The Enterprise Readers.**

**THE LOUISIANA LOTTERY.**  
It is Having a Hard Time in the Creole State.

NEW ORLEANS, Sept. 26.—The opponents of the charter for the Louisiana Lottery Company, over which a vigorous campaign is being conducted in Louisiana at present, prohibited the democratic mass meeting and barbecue, which was to have been held at Many, in Sabine parish, and at which it was proposed to discuss the advisability of the re-charter. The campaign for and against the lottery has been carried on very vigorously from one end of the state to the other since the beginning of August, and hundreds of mass meetings and barbecues have been held, at all of which the attendance has been very large. Today was fixed for a big meeting at Many, the county seat of Sabine parish, and all the preparations had been made for it. The barbecue, however, will not come off. A majority of the people of Sabine are opposed to the lottery company and yesterday several of these determined that the meeting should not be held. A committee waited on the editor of the Sabine Scythian, who advertised the meeting and declared they would not allow any barbecue to be held. They also advised the speakers, who had come to New Orleans and other points, to keep away from Sabine. No attempt will be made to discuss the question here.

**A NEW PENSION AGENT.**

**Rum to Retire at the Request of the President.**

NEW YORK, Sept. 26.—The Sun's Washington special says: The Harrison administration is said to be on the point of having another pension officer. Among the big appointments soon to be made by the president, there will probably appear the name of a new commissioner of pensions, the third in three years. The report is abroad today that the president will soon accept the resignation of Pension Commissioner Raum and appoint as his successor ex-Senator Blair. This rumor lacks direct verification, but there is little doubt that General Raum is to be removed, whether or not Mr. Blair is the man to take his place. Soon after President Harrison's return from Cape May he had a long talk with Raum, in which it was plainly intimated that the administration would be pleased to get rid of the embarrassment caused by the retention of the commissioner in office, and that so soon as his successor could be selected the general might expect to receive a request for his resignation. President Harrison has been inclined to look with suspicion on General Raum ever since the investigation last winter, when so many unpleasant facts were brought to light about the conduct of the pension office.

**BEHRING SEA FISHING.**

**The Season Nearly Over and Patrols Returning.**

SAN FRANCISCO, Sept. 28.—By a private letter received from Ounalaska, under date of September 10, written on board the United States steamer Thetis, it is learned that affairs are very quiet in the Behring sea. The British warship Nymph, which returned the 9th inst. from an extended cruise in Behring sea, reported that she did not see a single schooner. The United States steamer Marion sailed for China the 9th inst. and the Alert the following day. There are two English war vessels doing patrol duty—the Nymph and Pheasant. The former was to leave in the course of a couple of weeks from the date of the letter, and the Pheasant is to remain at the sealing grounds about a month longer. The United States steamer Mohican, having received orders to sail for this port, will leave Ounalaska so soon as she has made another trip over the sealing grounds, and will arrive here about the latter part of this month or the first of November. The Thetis is expected to leave the Behring sea about the 10th or 15th of October. The latest advices from the seal islands are to the effect that the seals are already commencing to leave and it is thought that by October 15 they will have disappeared.

**Funeral of William L. Scott.**

ERIS, Sept. 24.—The funeral of the late Hon. William L. Scott took place from his late residence this afternoon. The services were simple but impressive. Among the most noted of the many distinguished persons present were ex-Governor Pattison, President Roberts of the Pennsylvania road and President Haggitt of the Northwestern.

### THE EARTH QUAKE AGAIN.

Iowa, Missouri, Illinois, Kentucky, Tennessee and Indiana Feel It.

ST. LOUIS, Sept. 27.—An earthquake occurred at 10:50 last night. The vibrations were distinctly felt passing south, lasting about ten seconds. At one newspaper office the compositors left their cases and rushed to the streets. People were awakened from their sleep particularly in the west end, and rushed to the streets in their night clothing. Among those who migrated from their beds were Governor Johnson, with his family, J. B. Walters, of salvage corps, on the corner of Locust and Seventh, was shaken off his stool while sitting at a switch-board. Considerable crockery and glassware was demolished. The buildings facing north and south were visibly affected. The watchmen in several buildings became alarmed and hastened to the ground. No serious damage has as yet been reported.

The shock was also felt at a number of places in Iowa, Illinois, Indiana, Kentucky and Tennessee but no material damage was reported.

### THE UNION PACIFIC.

**The Collateral Trust Notes Scheme Perfected.**

BOSTON, Mass., Sept. 25.—Dispatches from New York to Union Pacific officials are to the effect that Drexel, Morgan & Co., have agreed to turn in their \$2,000,000 of Union Pacific notes endorsed by Gould, Ames, and Dillon, and take collateral notes on the same basis as all other creditors. This removes the only hitch and makes the total subscriptions of the credit or \$12,580,000.

**MR. DOLPH DECLINES.**

**His Health Will Not Permit Him to Accept a Judgeship.**

WASHINGTON, Sept. 26.—Cyrus A. Dolph, of Portland, sent the following letter to Attorney-General Miller today: I am advised that I am recommended to the president for the office of circuit judge for the ninth judicial circuit. Fully appreciating the honor the appointment would confer, and grateful for the compliment paid me by the distinguished gentlemen who have voluntarily recommended my appointment, I am constrained to decline to become a candidate for the position. In reaching this conclusion, I have not been unmindful of the fact that citizenship imposes the duty of public service when required, but the condition of my health demands an early relaxation from severe application, and I feel that it would be unwise to become a candidate for a position which, if obtained, would require me to devote the remaining years of my life to the exacting duties of a responsible office. Will you kindly cause this determination on my part, together with my sincere regards, to be communicated to the president.

### THE PACIFIC SLOPE.

**The Catholic Council to Meet in Portland.**

PORTLAND, Or., Sept. 29.—Archbishop Gross has called a provincial council for this archdiocese to be held in this city, beginning Sunday, October 18. This archdiocese includes Vancouver Island and the states of Oregon, Washington, Idaho and Montana. Oregon being the metropolitan see. It will be the greatest convention of Catholic prelates ever held in the Northwest. The archbishop and the visitors, each of whom will be accompanied by a theologian, will be tendered a magnificent reception when the convention begins. Catholic societies will interest themselves in the event and are making preparations for it. The prelates who will attend are: Bishop Lemens of Vancouver island; Bishop Glorieux of Idaho; Bishop Brondel, of Montana, and Bishop Junger, of Washington.

**Noted Train Robber Escapes.**

VICALIA, Cal., Sept. 28.—Gratton Dalton made his escape from the county jail last night. He was to be sentenced Monday next on conviction of the Allia train robbery. John Beck, awaiting trial for horse stealing, and W. B. Smith for burglarizing a car at Tulare, are also gone. The delivery was made by opening an iron window in the basement with a key and then opening a kitchen door with a different key and the cell door with another. Neils, Fargo & Co. joins the Southern Pacific company in offering a reward of \$3000 for the arrest and return to Sheriff Kay, at Visalia, of Gratton Dalton, the escaped train robber.

**Colonel Compton's Sentence Modified.**

WASHINGTON, Sept. 28.—The president has passed upon the record of the court-martial in the case of Colonel Compton, of the Fourth cavalry, who was charged with failure, while in command of the military post at Walla Walla, to take steps to prevent the lynching of a gambler, Hunt, under arrest for killing one of the soldiers under him. The court found him guilty and sentenced him to suspension from rank and command for three years on half pay, and to be confined to the limits of a military post. The president approved the proceeding of the court, but mitigated the sentence to suspension from rank and command on half pay for two years.

**Florida Senatorial Trouble.**

PENSACOLA, Fla., Sept. 27.—The Pensacola Daily News published this morning a special from Tallahassee giving a complication in the senatorial situation. Secretary of State Crawford refuses to attest the commission of ex-Congressman Davidson, appointed by Governor Flemming to succeed Senator Call. Crawford is an old-line whig, and says the great seal of the state shall never adorn any certificate for Call's successor without it is Call himself. The Florida supreme court will convene the 15th proximo, and the governor will apply for a mandamus.

**The Fort Hall Reservation.**

WASHINGTON, Sept. 25.—An order was today issued by the commission of the general land office for the survey of the Fort Hall military reservation at Pocatello, Idaho, upon the request of Senator Dubois, who is in the city. The survey is preparatory to the allotment of the lands in severalty to the Indians on the Umatilla reservation at Pocatello, which have heretofore been in the way of the development of that town.

**New Silver Certificates.**

WASHINGTON, Sept. 26.—A complete new set of silver certificates will soon be placed in circulation by the United States treasury. They will all be printed on the new distinctive paper, while the engraving of their backs will be expressly designed to display as advantageously as possible. It is not likely that the faces will be altered, although some changes may be made.

**Imports and Exports.**

WASHINGTON, Sept. 28.—The chief of the bureau of statistics, in his monthly report of exports and imports of the United States, says that the total value of export merchandise from the United States during the twelve months ended July 31, 1891, was \$909,264,438.
