

CLACKAMAS COUNTY

The Enterprise Correspondents Sweep the Field.

Happenings in Localities Outside of Oregon City—Industrial Items—Neighborhood Notes.

Milwaukie.
MILWAUKIE, Or., Oct. 16.—Dr. Hickman and Mr. Allen, of Clackamas, were visitors in town during the past week.
Miss Silva Vigelius has been visiting the Misses Bonnett.

Professor Rork, the Farmers' alliance orator, was advertised to speak here on the evening of Saturday the 10th. The professor failed to put in an appearance but the meeting was held all the same. Messrs. Allen, A. Luelling, D. Priestly and H. Thissen made some stirring speeches in favor of the alliance.
Mrs. Ruppel and Mrs. Snow, of Portland, spent a few days as guests of Mrs. Chas. Wetzel.

Logan.
LOGAN, Or., Oct. 12.—Logan possesses one of the finest school houses in Clackamas county. The organization of this district dates back to the time when Oregon was a territory, nearly forty years ago.
Fischer's mill is now running day and night to supply its customers with flour.
Freddie Brown, son of Logan's enterprising blacksmith, has gone on a visit to Me-hama to be gone two weeks.
Miss Selma Fischer is visiting in Oregon City.

The people of Viola will soon give an entertainment for the purpose of raising funds to improve the church building of that place.

West Oregon City.
WEST OREGON CITY, Or., Oct. 15.—Everybody is improving the good weather by building, cutting wood, etc.

Mr. Parker is at Barlow graveling the road there. It is needless to say he will do a good job.

Messrs. Thompson, Batdorf and Martin have moved into their new houses.

Mrs. A. E. Gurley, of Canby, is visiting at the home of her son, S. A. D. Gurley.

Miss Hicmbotham, of Viola, is filling the vacancy in the school here, caused by the resignation of Miss Tacey Wilkinson who secured a position in the high school.

Mr. Moehne's residence is nearing completion.

Mr. Tompkins was so unfortunate as to fracture several bones of his leg last week, while attempting to jump from a wagon.

Maple Lane.
MAPLE LANE, Or., Oct. 20.—D. C. Latourette, the manager of the Latourette estate, is having a new fruit dryer put up with a capacity for 50 bushels per day. At a cost of \$300 which "enable his" guide mon to take care of the large crop of

Charlie Moehne broke in his new engine on the above place where, notwithstanding the straw was very damp and tough, he thrashed 63 1/2 bushels of oats per acre and 30 bushels of wheat.

The open alliance meeting spoken of in my last was a success and Misses Elsie Brayton and Bessie Watkins are entitled to a great deal of credit for the fine programme and the way it was carried out. We are to have another Saturday next at 7:30 p. m. There is a live committee getting up a programme and a good time is anticipated.

Mrs. Bevin, from Hubbard, is in the neighborhood visiting her father, J. P. Watkins. O. I. SEE.

Union Mills.
UNION MILLS, Or., Oct. 19.—Hop growers in this part of Clackamas county are not very jubilant at present. There are no buyers out, and no bids being made on the crop.

Misses Ellen and Jane Trullinger left last week on a visit to their brother in Polk county.

Mr. W. E. Wade will hold an auction sale of his farming implements and stock on Saturday, October 31. As Mr. Wade has a good class of goods to sell the sale will probably be well attended.

Mr. C. E. Knott is now helping J. P. Logan in the new roller mill, there being more work than Mr. Logan can do alone.

Bonney Bros. of Canyon Creek passed through here Saturday with a traction engine recently purchased by them to run a shingle mill they intend erecting in the foothills. They experienced considerable trouble in crossing the tall race from the mill here owing to the banks of the ford being badly cut up.

Huntington Bros. and Carrin are still at work on their county contract, filling up and grading a part of the Union Mills and Meadow Brook road. This will be a great improvement when completed.

There is considerable dissatisfaction felt by some over road matters, and unless some relief is granted there will be a vigorous kick mad season. WHYZZ.

Carus.
CARUS, Or., Oct. 15.—Mr. R. Milo Cooper and Mr. A. G. Hayward went to Albina last week as delegates from the Clackamas First Presbyterian church, the former to attend the Presbytery and the latter the Women's Missionary Society of the Portland Presbytery. Rev. J. Sylvanus, Mrs. Sylvanus and Mr. Courtwright also went as delegates from other points.

Mrs. Rosa F. Burnell and Mrs. J. F. Griswold of Portland, drove out last Thursday to Carus, making a short stay with their friends, Mr. and Mrs. A. O. Hayward.

Misses Hattie and Dora Hunter were the recipients of a "short but sweet" visit from Vancouver friends last Sabbath p. m.

The M. E. church having suspended its Sunday school until next April, by courtesy of the trustees and pastor the use of the

building is allowed to the Presbyterians meanwhile; and last Sabbath, October 11th, a Sabbath school was organized under their charge. This is in now to supersede the first mentioned, but only to hold the fort for the season.

We are glad to welcome back our old neighbors, Mr. and Mrs. Griffiths, from Roslyn, where they have spent the past year. Mr. Carriek Cassidy, who carried on their farm, has removed to his new house on his recent purchase.

Mr. George Cassidy has rented his farm to Mr. Bowen, and will take his departure for Tennessee. CALLA.

Highland.
HIGHLAND, Or., Oct. 20.—People are plowing and preparing to sow fall grain.

We have received an addition to our neighborhood, Christ. Moehne and family, one of the Moehne brothers, recently from Tacoma, Washington.

The Wright Bros. are going to exhibit a "Trip Around the World in Eighty Minutes," by means of stereopticon at the Highland Knight of Labor hall, Friday, October 23d, and all, old and young, are cordially invited. One can get his money's worth.

The latest excitement we had here was the runaway of L. Scott's black buggy team. They became frightened by a breakage of the harness while descending the Abernethy hill on his return from Oregon City, and became unmanageable, upset the buggy, broke loose, started for home at a break neck speed, but were stopped by G. R. Miller who happened to see them come. The buggy and harness were broken.

D. Miller is teaching the Highland school. Some of the Highlanders have just returned from a fruitless expedition to the mountains after game.

Mr. S. Scriber has his new house completely finished, and a nicer or more tasty little dwelling is not to be found in or near Highland.

Minnie Harrington of Highland is teaching the Bethel school near Viola.

Oswego.
OSWEGO, Or., Oct. 13.—Oswego has been visited by the angel of death four times the past week. Two men died from the effects of gas at the furnace, Peter Rouse and Frank Vandlen Brook. Mr. Rouse was buried at the Oswego cemetery under the auspices of the A. O. U. W., and Vandlen Brook at East Portland. The other deaths were two gentlemen at the McFarland hotel, names unlearned.

Mr. Rouse is visiting Mrs. Baker, of Stafford.

The Misses Tansey, of Hillsboro, are visiting friends in Oswego.

Mr. and Mrs. Larsen, of Seattle, visited Mrs. N. Madison last week.

E. L. Davidson, Misses Katie Mark and Becca Fox visited Miss Norma Fox's school at Durham's mill Friday.

Today is baby's day at the Portland fair. Arda Sullivan, Mamie Haines and Baby Wisenger are fair representatives from Oswego.

Mrs. Ed. Knott passed through our town on her way home from Oregon City last week.

Two of our young gentlemen will attend the band contest, C. W. W. Haines and E. L. Davidson.

Quite a number of young folks went to Portland Saturday night. Pay day, you know.

An exciting foot race occurred Sunday between Walter Todd and Sam Chetham. Todd was the winner.

Oswego is going to have a new paper, "Oswego Iron Worker," also a real estate office and brick bank.

A Chautauqua circle meets every Tuesday night at Mr. Wilson's in New Oswego. HELEN.

Canby.
CANBY, Or., Oct. 20.—Our town is steadily growing and improving.

John Sims is building a fine house on one of his lots to cost about \$800. John is a bachelor.

Geo. Knight, jun., is erecting a building on his lot to cost about \$600.

Albert Lee is building a large livery stable for the convenience of the traveling public. Chas. Knight has put a new roof on one of his houses.

Our two saw mills, Dix's and Smith's, are running at full blast, cutting lumber and railroad ties.

M. Campbell has started his new planing mill. The buzz of the planer, the whistle of the engine, the sound of the carpenter's hammer and saw on all sides, the many teams on our streets hauling lumber, wood and produce of all kinds to the station, the busy merchants dealing out their wares, together with the many school children, the ringing of the school house bell, etc., give our busy town quite a metropolitan appearance.

Our school commenced Monday, the 12th, in the new school house with seventy scholars. Professor C. Y. Draper of Oregon City is principal, and Miss Nellie Bissell of this place is assistant. We feel proud of our school house and school and think Canby has the best school house outside of Oregon City, and our school is second to none in the county.

Canby is in need of a good warehouse. We think a warehouse run by an enterprising man would do a good business here.

Dr. C. Knight is on our streets again these fine days. He is fast improving and we trust he will soon be restored to his usual good health. K.

Elliott Prairie.
ELLIOTT PRAIRIE, Oct. 16.—Mrs. Perleu of this place, who has been sick for quite a while, and who was getting better, has taken a relapse.

Mr. and Mrs. W. Stanton, Ben Stanton, H. Schroeder, Miss Ida Wade and Miss Ida Gaines took a trip to Portland last week Saturday to see the exposition. They reported a pleasant time and seemed to be well pleased with their trip.

Last week there was an oyster supper at Mr. N. Blair's. It was a surprise party by the neighbors. There were sixty-four persons present.

Mr. Frank Rosecrantz has removed his family to his place in the mountains. It is situated six miles east of Cutting's mills, where he runs a shingle mill.

S. W. Gaines of this place has 500 bushels of as fine onions as ever grown in Clackamas county which were raised on sandy land.

The new church one mile south of Rock creek Methodist church, which was known as a Cumberland Presbyterian, will henceforth be known as a Congregational church. An organ also has been purchased which gives the church quite an attraction.

A child of Mr. J. Elliott died last week Monday, and was buried at the Needy graveyard Tuesday afternoon.

Miss Nora Elliott has gone to Oregon City to attend school there.

Mr. E. J. Casto has returned from Yakima, Washington, to his home after an absence of two months.

Mr. Levi Erb is now threshing the clover crop of the neighborhood. He threshed two bushels of clover seed and one bushel of onion seed for Mr. Gaines. It was the first time he threshed onion seed with his clover huller, but it proved a perfect success.

Mr. George Killen has built a new house for himself this summer and will occupy it pretty soon.

Mink.
MINK, Or., Oct. 18.—Some of the farmers are plowing for fall wheat but the ground is too dry to do good plowing. We must have more rain.

We can add another name to the list of failures of those trying to find perpetual motion. Mr. Schoenborn returned from Washington a sadder and, we hope, a wiser man, as it cost him about \$200 to find out that his plan was a failure.

Miss M. J. Moehne, accompanied by Miss Tena Hettman of Oregon City, made a pleasant trip to Portland last week.

The youngest daughter of Rev. R. M. Jones died last week after a few days illness of bronchitis.

Mr. Arthur Jones was home from Portland to attend the funeral of his sister.

Mrs. M. G. Moehne is slowly recovering from a severe attack of typhoid fever.

The oyster supper given by the Presbyterian society at the residence of Mr. Ed. Hughes was largely attended. Everybody went home satisfied that they had had a good time. The music was furnished by the Mink amateur band.

Miss Eva Moehne, of Oregon City, is here visiting her friends.

Last week while John Moehne was running the chopper his team which he uses for hauling water ran away with the water wagon. They jumped a fence and got stuck. No damages.

Quite a large crowd went to hear Professor Rork at the Beaver Creek school house last week. Some think he has his lesson so well that we presume he has as he can explain the doings of the two old parties to a dot, and he that has ears to hear may hear, and he that is not prejudiced must say there is some truth in what he says. An alliance with eighteen members was organized, which goes to prove that good crops and prospects of good prices will not satisfy the farmers. They are going to take a hand in running our government and not leave it in the hands of the saloons, lawyers and politicians. MOSK.

Park Place.
PARK PLACE, Or., Oct. 21.—A curious case of poisoning occurred at the home of Sam Kennedy several days ago causing much excitement among those present. Mr. Kennedy gave a dinner at his home inviting fifteen of his relatives and friends. After partaking of a sumptuous repast and having a lively time some of the younger members present were taken suddenly ill with cramps and vomiting. The older ones soon followed suit till thirteen of them were very sick. Remedies were administered and no deaths occurred though several have not yet recovered from the illness. A careful analysis of the food eaten shows that arsenic was in the powdered sugar used for frosting. The sugar was purchased from a grocery store in East Portland. How the poison got in the sugar is a mystery.

After an illness of about two weeks, the youngest child of Levi and Lenora Rivers died at their residence at Park Place Sunday, October 18th. The funeral service was held at the Congregational chapel. Rev. O. W. Lucas of Oregon City delivered a short sermon and a selected choir rendered music appropriate for the occasion. The floral tributes were tastefully arranged. The neat casket rested on a bed of moss and flowers. The remains were buried a short distance from the chapel and the grave was covered with flowers.

Mr. White's new residence is fast assuming shape and will be quite an ornament to that portion of the town which it adorns.

An entertainment for the benefit of the Sunday school at this place is now under way and will be a rare musical treat for all attending. Assistance has been kindly offered by parties in Oregon City and ladies of this place have proposed a lunch of sandwiches and coffee which will add to the interests of the occasion. The time for the entertainment will be published later.

Mrs. Bates died at the residence of her brother, M. M. Butt Tuesday night aged about twenty-eight years. She leaves a husband and several children. The funeral will occur Thursday.

Clackamas.
CLACKAMAS, Or., Oct. 13.—Frank Leasher is moving to Yamhill county.

Brown, the butcher, made his friends a short visit recently.

Mr. Bemrose, wife and son were visiting friends here for a few days.

A. Mather is enlarging his house.

The Methodist church has been provided with comfortable seats, thanks to the efforts of members and kind friends.

Captain Wilson has raised fifty or more pounds of tobacco of fine quality. Mr.

HABIGHORST & CONANT
151 Front Street, Portland, Oregon.

ATKINS SAWS
Dexter—Diamond—Lance—occident—Tuttletooth—Dexter Lance—Silver Steels Saws
Crescent Wedges (warranted.) B & S Proof Chains. Arcade Files. Rope. Crescent Saws.
Loggers and Wood Choppers Specialties.
Oregon City Agent, WILSON & CO.

Goodrich has placed upon the market some fine quinces. This section is unsurpassed for fruit culture and adjoins one of the best of markets. We need people to engage in raising fruit.
John Montgomery, who has a contract for supplying 2000 cords of railroad wood, has been trying to find a house in Clackamas, but in vain. There is a constant need of houses here. Some of our solid citizens should erect a half dozen or more cottages.
Mr. Oglesby has moved to the place purchased from Mrs. Duveil at Clackamas.
Mr. Woodruff's sister, of Idaho, has arrived. She thinks favorably of Oregon.
Mrs. Thomas, of Dufur, has been visiting her former neighbor, Mrs. Hamilton. She is a fine milliner and has trimmed up a stock of ladies' and misses' hats for the brick store.
It is proposed that a literary and debating society be started at Clackamas. This is a move in the right direction, and we hope it will receive sufficient encouragement.
We learn that Eagle Creek is confident of having railway connection with Portland. This is good news for our section as well, for it probably means that Clackamas will have a second railway. The indications are that the Southern Pacific company's receipts at Clackamas will reach \$7000 this year.
A very enjoyable lemon party was given Miss Dora Talbert Friday evening.
Born to Mr. and Mrs. R. W. Johnston a son.
P. Noyer's child is dead. TERENCE.

New Era.
NEW ERA, Or., Oct. 19.—More rain is greatly needed in this locality before the ground will be sufficiently moist for fall plowing.

The large potato crop of this precinct is nearly all dug and stored in the many cellars at New Era. The entire crop at that place will not fall short of 10,000 bushels.

Mr. E. Burley, of San Francisco, was in New Era last Saturday rustling around among the potato growers soliciting consignments for E. R. Stevens & Co., of that city.

Mr. Halverson, of Canby, has just finished painting and graining Mr. Bruner's new residence. Mr. Halverson's work proves to the observer that he is a first class painter and grainer, and any one wishing any work done in his line will do well to give him a call.

Dr. Leonard and family, of Park Place, spent last Sunday in our midst. He reports things in good running order about his burg.

Miss Ina E. Rauch of Mountain View visited last Sunday with relatives near New Era and returned to her home on Monday.

Geo. Hyatt is at Oregon City learning telegraphy. We hope his efforts may be crowned with success.

Wm. Metzger, who recently came out here from Belleville, Illinois, has purchased a farm near Monmouth in Polk county, and is daily expecting his family to arrive.

Mr. Rogers of New Era is building a new residence and intends making his home with us.

Mr. Stone, of eastern Oregon, has rented the O'Neal farm for a term of five years and is repairing the old house for occupancy.

The New Era flouring mill is again nearly ready to run and will be ready to do chipping by the middle of this week, October 21. Mr. Sheafleak has taken in as partner Mr. H. C. Rogers, and the firm name hereafter will be H. C. Rogers & Co. They have ordered a complete set of rollers and will make the mill a first class roller mill. They intend to be ready to run by about the first of December. Mr. Rogers is an experienced miller and will conduct an honorable and upright business. He proposes to redeem the reputation of the mill and when ready to run will be pleased to have all of the custom that the mill ever had and as much more as possible, and in compensation will guarantee satisfaction.

The greatest event of the kind that ever occurred in New Era precinct was the dedication of Mr. Bruno's new residence on last Sunday, the 18th. Almost the entire membership of the German Evangelical association of this county had been invited, besides a number of immediate friends. When all were assembled the forenoon was spent in sociability, and at noon all were invited to take a seat at a large and well filled table (shortly being in the midst thereof), where all fared most sumptuously. Eighty-one persons partook of a meal that was fit for a king. When dinner was past all repaired to the new residence and the house was appropriately opened, Rev. R. Staub, of Beaver Creek, officiating. And in due justice to the Beaver Creek church and Rev. Staub we desire to make special mention of the choir from that place which sang, most excellently several times. At 5 o'clock the audience dispersed for their various homes, all feeling well pleased with the pleasures of the day.

Wm. Pagle started back to Iowa last Monday where he intends to remain for a while at least to comfort the declining days of his father who is left alone. SHORTY.

Frequently accidents occur in the household which cause burns, cuts, sprains and bruises; for use in such cases Dr. J. H. McLean's Volcanic Oil Liniment has for many years been the constant favorite family remedy.

HO FOR MOLALLA!
ROBBINS & SON
