## SPRAY OF THE FALLS.

Rose keeps just the cigar you want.  
Fresh peanuts hot from the roaster at Rose's.  
C. B. Rose is adding a fruit stand to his post-office store.  
The Park Place store does give you more sugar for a dollar than elsewhere.  
Our "New Today" column contains several wants that you may be able to fill.

At Rose's counter in the post office building you will find the freshest candy in town.

There will be preaching at Mountain View chapel next Sunday, at 3:45 p. m. All are cordially invited.

Mrs. Eastham and N. O. Walden are building a three-foot sidewalk from their property on the hill to Seventh street.

Mrs. Burmister's stock of watches, clocks and silverware is more complete than ever and will be sold at prices that defy competition.

There will be preaching at Park Place chapel next Sunday evening at 7:30. A cordial invitation is extended to all the people of that community.

George Broughton is erecting a frame barn opposite his mill at the foot of Main street. It is 30x50 feet and is designed to accommodate his mill teams.

The ladies of St. Paul's Guild will give a Hallowe'en entertainment at Pope's hall, Saturday evening, Oct. 31st. For particulars see next issue of the Enterprise.

Dr. C. B. Smith, of Eagle Creek, reports the birth of triplets, girls, to Mr. and Mrs. Theodore Koennecke, of Sandy, last Saturday and that the mother and children are doing well.

A six-foot sidewalk is being built on the south side of Thirteenth street between Main and Washington streets, by the property owners, O. E. A. Freitag, James Halsey, John Pierce, J. Y. Humphrey and Mr. MacElmurray.

John Conway and C. W. Turner have leased the Clackamas feed mill and box factory and will run both to their full capacity. They have a good chance to build up a flourishing business and enlarging their mills as the trade increases.

F. D. Bruce, who has been in the real estate business here some time, has formed a partnership with N. B. Bruce and the business will hereafter be conducted in the firm name of Bruce & Bruce. They have an advertisement in this paper.

There are a number of improvements on the tapis for Green Point addition to Oregon City. Thomas Gault, who is engineer in Broughton's mill, is about to erect a frame residence in that part of town. Horace Williams is also to build a home there and a number of others are arranging for improvements about their property.

Mr. John Duffy and Miss Allie L. Adams were married last Sunday evening at 7 o'clock by Justice Fouts. The ceremony occurred at the home provided by the groom and subsequently occupied by the young couple at the corner of Seventh and Center streets. There was a pleasant company of the personal friends of the contracting parties present at the wedding.

The Catholic fair at the armory this week is a complete success. All the articles for this fair were made or purchased in Oregon City, except one chair, which was sent up from Portland, and the money gathered by the fair will be spent here.

Erol R. Clear, line foreman on the division of the Pacific Postal between Portland and Roseburg, with a crew of five men were in town Thursday looking after repairs on the wires. He will go through to Roseburg and then return to Oregon City and erect new poles.

The Home Talent Dramatic club has been organized in Oregon City and is under the management of F. D. Bruce. It is now rehearsing the drama, "Past Redemption" which will be put on the boards about the first of December. The club consists of seventeen members.

Rev. W. A. Willison, well known to Oregon City audiences, will preach at the Congregational church, next Sunday morning. His subject will be "Solomon's Great Question," or "God Dwelling with Men." Mr. Willison's many friends in Oregon City will doubtless be glad of this opportunity to hear him again.

Owing to the crowded condition of the Oregon City schools the school board has ordered that no more pupils for the chart classes will be allowed to enter after November 1st, unless they are qualified to proceed with the class without preliminary work. If new ones without any instruction are allowed to enter at any time the teacher's time will be largely consumed in teaching those who are not up with their class.

The Enterprise is prepared to furnish a unique envelope for business men—unique in its stylishness and its power for making known the merits of this locality for the investment of capital. An engraving of the falls in tint is on the face of the envelope and the back of it carries information about the water power and surroundings in an attractive form. Every business man should use these envelopes.
