OFFICIAL PAPER OF CLACKAMAS COUNTY.

MESERVE & LAWRENCE, PUBLISHERS AND PROPRIETORS.

SUBSCRIPTION RATES.

One year, \$2.00; Six months, \$1.00; Three months, \$0.50.

AGENTS FOR THE ENTERPRISE.

- List of agents for the Enterprise in various locations including Oswego, Coquille, Clackamas, etc.

Entered at the Post Office in Oregon City, Or., as second class matter.

FRIDAY, DECEMBER 4, 1891.

Trial Subscriptions.

Trial subscriptions to the Enterprise for a period of two months will be received on January 1st for twenty-five cents each, strictly in advance.

The New Road.

Interest in the new road continues unabated. The money for the preliminary expense has been raised and the engineer is in the field.

Both Protest Too Much

Mr. Myers in his communication appearing elsewhere, which is neither courteous nor convincing, hastens to put on a coat that was not made for him.

Protection to American Labor.

"Do you favor protection to American industries and labor?" is a question recently asked the Enterprise in a circular sent out to ascertain authoritatively the attitude of the press on the subject.

would choose to exercise social and political functions among enlightened people. They have no conception of popular government except as unfettered license, no pride of birth, no proper ideas of living.

A law went into effect last June whereby was prohibited the landing in this country of idiots, insane persons, paupers or persons likely to become a public charge.

THE ENTERPRISE has received a number of anonymous communications lately. The lack of signature appeared to be mere inadvertence in some instances.

The Portland World says the assessor's books show ninety-one individuals, firms and associations in that city whose property is valued at \$37,423,180.

SALEM, Albany, Astoria, The Dalles, Pendleton, Baker City and other towns of Oregon will have their advantages set forth to the world by the New Year editions of their enterprising papers.

THOSE of the Seventh street delinquents who signed a petition for the improvement of the street and now join a combine to contest the collection of the assessment may find justification for their action but the people at large scarcely appreciate it.

AGAIN has the cow ordinance been started on its tempestuous course. The one introduced in the council Wednesday night is precisely the same as that which was haggled to death in September except that it provides for going into effect April 1, and will apply to the whole city.

THE NORTHWESTERN GUARDSMAN is a new monthly periodical published in Portland and devoted to the National Guard and Grand Army in the Northwest.

Day and Night.

When drowsy Day draws around his downy bed The Tyrian tapestries of gold and red, And, weary of his flight, Blows out the palace light— 'Tis night.

PRESS OPINIONS.

Kansas City Star: The glowing defense of Minister Egan telegraphed from Santiago conveys the impression that it received Mr. Egan's perusal and "O. K." before it was started on its travels from Chili.

THE TEACHERS' ASSOCIATION.

An Account of the Regular Monthly Meeting at Clackamas.

The regular meeting of the teachers association for this county was held in Clackamas last Saturday. More teachers were in attendance than at any previous meeting.

The school children of Clackamas favored the association with several excellent and well rendered songs. The directors of the district as well as a large number of ladies and gentlemen were present to extend a hearty welcome to the teachers.

The names of Prof. H. S. Strange, H. S. Starkweather, P. M. Weddell, H. S. Gibson, T. L. Gary, and Mrs. Stork were added to the roll of membership.

Teaching U. S. History was first on the program, and at the request of the chairman, Prof. H. S. Strange opened the discussion. He discussed the subject in an able and entertaining manner after which "Methods of Teaching Common Fractions" was discussed in an interesting manner by Messrs. Gary, Gibson, Weddell and Supt. Thomson.

It was decided to hold the next meeting at Milwaukie the last Saturday in January. The general opinion seemed to be that if a meeting was held the last Saturday in December, which would occur the day after Christmas, many teachers would be unable to attend, hence the postponement of the meeting till in January.

The following named persons were appointed a committee on program: T. L. Gary, Chas. E. Pease and R. E. Weddell. The association then adjourned till 2 o'clock p. m.

The ladies of Clackamas had prepared an excellent dinner, consisting of all the dainties, as well as substantial food known to the fastidious. It is not saying too much when we say that the good ladies of that place know what good cooking is.

At 2 p. m. the association resumed its session. Is corporal punishment necessary in our schools? was discussed by Prof. Strange, Supt. Thomson, Miss Beattie, J. R. Nelson and S. A. D. Gurley. It was the unanimous opinion that in some cases it is absolutely necessary.

Supt. Thomson then recited "The Desert Born" in an able manner.

Penmanship was next discussed by M. Hyatt, P. M. Weddell, Miss E. Donaldson, Miss A. J. Hicobathem and Mrs. Stork. Callisthenics was afterward discussed by C. E. Pease, J. R. Nelson and others.

The committee on program reported the following as the program for the next meeting:

- Song—America; Address—Prof. H. S. Strange; Methods in Reading—Miss Mullen; Music—Star Spangled Banner; Association Methods of teaching penmanship; G. L. Story Recitation—Miss Donaldson; Intermission; How to prevent absence and tardiness—Miss F. Porter; Drawing in Country schools—S. A. D. Gurley; Recitation—Pupils of Milwaukie school; Language teaching—H. G. Starkweather; Morals in school—Mrs. Stork.

The Association then adjourned to meet in Milwaukie Jan. 30th., when it is hoped a pleasant and profitable meeting will be held.

All are cordially invited to attend the meetings of the association.

S. A. D. GURLEY.

About the State.

Prineville News: The miners on the Ochoco are striking some rich prospects, and we feel safe in saying that before six months pass away there will be strikes made in that section that will put in the shade the fabled "Blue Bucket" diggings. That there is gold there has been known for years. That it is in paying quantities cannot be questioned, and that it is all but developed cannot now be doubted.

Astorian: The Australian ballot law will have a wholesome effect on our politics, and it is disliked only by those with whose nefarious designs it interferes. Among other things it is a death blow to that system of piece clubs, which has so aided in degrading our politics; it prevents the formation, ephemeral, of bands of political strikers from the cave of Adullam and elsewhere, who are politicians for revenue only, and who, like other wreckers, only heave in sight when the ship is in danger of being stranded.

Silverton Appeal: Silverton now has one of the best and most complete electric light plants in the state. There is plenty of good water power and it is well arranged for use. The dynamoes are now run by water power, and the lights give good satisfaction. A first-class engine is also in readiness if anything goes wrong with the power. In a short time new No. 3 dynamoes will be added, as the present ones are too small for the number of lights demanded. Silverton is no joy town and is up with the times.

NEWS FROM BARLOW

A HAND CAR COLLIDES WITH A FREIGHT TRAIN.

Plans and Specifications Accepted—A New Block—Church Improvements—Society Notes.

ASSESSABLE PROPERTY—Our school clerk, F. C. Andrews has been busily engaged making an assessment of property in the newly organized school district No. 12 and the sum total foots up a little over \$100,000. This certainly is a good showing and early in the spring there will be steps taken to erect a school house large enough to take care of 100 or more pupils.

PLANS FOR THE M. E. CHURCH—Rev's. Mathews and Lowrey have entered into a contract with Barlow & Co. to commence the erection of the M. E. church on lot 7 block 3 in Barlow before the first of the year. Plans have been submitted and accepted and the dimensions are as follows: Main building 28x50 with an L and a sixty-eight-foot bellfry. This when completed will be one of the coolest and most convenient churches south of Portland, and will be a credit to any city.

LARGE EMIGRATION—At the office of our real estate men can be seen matter for extensive advertising in 1892. In an interview with Mr. Jay Green of Barlow & Co. it was ascertained that they expected to put out at least 100,000 pamphlets, giving the resources and advantages of the Willamette valley and of course speak of our growing and prosperous town.

BERRY LAND—Mr. E. C. Hope of Germany has purchased of Barlow & Co. a small tract of land whereon he will make a specialty of raising berries.

WELL PLEASED—Mr. D. J. Parneqter has completed his residence and is now comfortably situated. He is a valuable man in this community and we are glad to see him well situated.

PROGRESSIVE EUCHE and HOP—One of the pleasantest events of the season was a progressive euche and dancing party combined, given by Mrs. Wm. Barlow at her home in Walnut Grove last Friday evening. The house was tastefully decorated with ferns and evergreens, and the entire residence was one solid blaze of light. The floral decorating consisted of chrysanthemums and roses which under the bright light gave a very pretty effect. The early part of the evening was spent in progressive euche and resulted in Mrs. Geo. A. Sheppard and Mr. E. C. Hickman winning the first prize and Miss Annie Bauer and Mr. J. Mallet captured the booby. "We Are From The Owl Country." The supper was then served in the true New England style. At 10:45 the balls and parlors were thrown into one when the orchestra discoursed excellent music and the party did not disband until a late hour. The toilets of the ladies were especially marked for their beauty and elegance. Those present were: Misses Vera Pillsbury, Neta Barlow, Lara Miller, Annie Bauer, Lidia Bauer, Minnie Burk, Veva Tull, Bessie Sheppard, Mrs. Anna Rhodes, Mrs. W. S. Toll, Mr. J. Mallet, Mrs. Geo. A. Sheppard, Messrs. W. A. Huntly, E. C. Hickman, Ralph Miller, Henry Bauer, Frank Jessie, Tom Jessie, W. S. Toll, Jay Green, John Mallet, Jake Mallet, Col. J. H. Blanchard, Col. W. L. White, W. W. Jesse, Cass. U. Barlow, and Wood Jesse.

HOPS IN BETTER DEMAND—The past few days has brought to our notice several hop buyers seemingly anxious to get hops at quite an advance over last week's prices. Taking as a standard for reliable quotations the Oregonian and Telegram it seems funny that the price offered by the agents are not nearly as good as quoted in those papers even with the advance of last week.

SEVERAL ACCIDENT—On Tuesday the bridge carpenters of the Southern Pacific in charge Mr. Charles Nelson foreman, were caught at the overhead bridge by the south approaching freight train and were unable to stop the car in time as the approaching train rounded the curve. Seeing that they could not make escape they jumped for their lives and all were saved excepting Mr. D. Lowe, who was caught by the hand car and thrown into the river, a distance of about eighty feet. He was cut and bruised badly and was taken to a Portland hospital and will no doubt be out in a few weeks. The hand car is a total wreck and lies at the bottom of the Willamette.

PERSONAL.

Col. J. H. Blanchard, of New Era, is the guest of W. W. Jesse. Ex-Judge W. L. White was the guest of Wm. Barlow a few days last week. Mr. Chas. Nelson, bridge foreman on the Southern Pacific, is at the Koehler. J. O. Johnson, Esq., roadmaster on the Southern Pacific was in town one day last week. Mr. Will Johns, of East Portland, capitalist, was in town last Friday and left on the 6:30 p. m. train south. Mrs. John Giesy and her daughter, Miss Gossie, of Salem, spent the day at Mrs. Wm. Barlow on Saturday. W. B. Marye, deputy county surveyor, has returned home Monday after a weeks surveying on the Columbia river.

Premature baldness may be prevented and the hair made to grow on heads already bald, by the use of Hall's Vegetable Sicilian Hair Renewer.

O. E. A. FREYTAG,

Best and Cheapest Grocer.
