#### CANBY OCCURRENCES.

##### Meeting of the Board of Trade—General News Notes of Interest.

CANBY, Jan. 18.—At the regular meeting of the board of trade Tuesday night the membership was increased by the addition of the names of Messrs Carlton and Rosenkrans. The special committee on roads reported regarding the road between Malino and Canby that either of two routes could be chosen as there was but one bridge on either and they would give equal satisfaction. A committee consisting of J. C. Walgamot, C. C. Howard and J. A. Cox was appointed to draft a petition to the county court for the establishment of the road to Malino from Canby. The committee on ferries then reported that Mr. Crouse had dropped the ferry business on account of the sickness in his family. Mr. Evans's ferry is in good running order so Canby does not lack a ferry. On motion of V. L. Mack, the ferry question was postponed indefinitely. Dr. Knight has fallen in line and put a street lamp in front of his hotel. Dr. Wm. Giesy was in Canby Monday, to visit Joseph Knight, who is sick. Friday evening E. M. Hosford sustained a severe fall by walking off of the platform in front of Evans's hall and falling on the picket fence of George Knight. Mr. Alex. Covat, of Butteville, is in town looking for a location. Prof. Denison held a series of temperance lectures in the church Saturday and Sunday evenings. The meetings were well attended and after the lecture Sunday evening the remonstrance was handled around and enough names secured to more than defeat the saloon of Geo. Subbauer. He also preached a sermon at 11 o'clock for the benefit of the Portland hospital and raised a subscription of about \$50. C. C. Howard, a successful miller of Malino, was in town Tuesday agitating a more direct route to his mill from Canby. S. A. D. Gorley, of Oregon City, is moving in the house of C. P. Dix. Mrs. Geo. Gurley has been visiting her parents of Oregon City. J. M. Nolan has recovered from the grip. A. H. Lee sold a fraction of an acer to A. A. Dix, who has lumber on the ground to build a house. Mr. Hoffman, deputy surveyor, has laid out 215 acres in five acre tracts for the Wilamette Land Co. The Lee heirs talk of having the estate of Philander Lee laid out in twenty acre tracts. The literary and social club have a dance in the hall next Friday evening, free for the members of the club. Warren Slater has sold out his interest in Canby and changed his location to Washington. The Good Templars here received Wm. Roiland, John Elliot, Thomas Wendlan, John Roth and Miss Ella Stone into membership. F. A. Weed has been troubled with the grip for six or seven days. V. L. Mack is moving his fence out to the street line. M. J. Lee is fencing his latest nursery. O. R. Mack is clearing a building spot preparatory to building a house. W. M. Shank is contemplating building on the lots he purchased of S. S. Mathews last week. Mr. Birrell has moved in Wm. Knight's old store building.

Cash for county warrants. C. H. Dye, over Oregon City bank.

#### NOTICE FOR PUBLICATION.

Land Office at Oregon City, Oregon. Jan. 14, 1892. Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver of the U. S. Land Office at Oregon City, Oregon, on March 9, 1892, viz: O. J. Hoel, homestead entry No. 6911 for the sec. 25, T. 4 S., R. 3 E. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: J. P. Olson, Wm. C. Bushner, Tom Martin, Tom Oregon, all of Clark P. O., Clackamas Co., Oregon. J. T. Affenson, Register. 1-22-92

#### Dissolution of Co-Partnership.

The co-partnership heretofore existing between the undersigned under the firm name of Boyer & Lacey in this day dissolved by mutual consent and the business will be continued by H. Boyer, who will pay the debts owed by the late firm and collect accounts due it. H. BOYER, S. M. LACEY, Oregon City, Oregon, Jan. 20, 1892.

#### Republican Meeting.

The republicans of Oregon City precinct are invited to meet at Pope's hall Tuesday evening, January 26, for the purpose of organizing a republican club. Speakers from Portland and this city will be in attendance. HENRY MELDRUM.

Unsuspected disorders of the kidneys are responsible for many of the ordinary ailments of humanity which neglected, develop into a serious and perhaps fatal malady. Experience would suggest the use of Dr. J. H. McLean's Liver and Kidney Balm.

#### MARKET REPORT.

Below is given the Oregon City Market Report corrected Jan. 21st, from quotations furnished THE ENTERPRISE by the local merchants:

sons.  
Farm  
grain.

#### Central.

CENTRAL POINT, Jan. 18.—The weather has been quite low with the fog slowly recovering.

The literary society was well as Saturday evening as it was paid. Lester Leland was editor and he how to get up an interesting paper.

George Brown, of New Era, is buying all the potatoes he can get at 20 cents per bushel.

Maggie McArthur is teaching a very successful school at this place.

Dave Penman, jr., got ready to take a trip east last week but has not gone yet.

#### Stafford Notes.

STAFFORD, Jan. 20.—Some cases of the grip are reported in this vicinity. Mrs. Case, also Ed. Carpenter, of the firm of Case & Co., were quite sick last week. Others are afflicted with the prevailing bad colds.

Our road boss is making a slab road to fill in the bad place at the foot of Gage's lane.

The party at Case brothers' was a very pleasant affair to the few who were able to attend.

H. Melcher visited his mother and sister of this place last week.

Mrs. Neubauser was on the sick list Sunday.

The secular union met last Sunday with a full attendance. Miss E. Turner read a very interesting paper. Other exercises followed, including a debate upon the question, "Resolved, that there is more pleasure in pursuit than in possession."

#### We Use.

#### News of Mountain View.

MOUNTAIN VIEW, Jan. 20.—Harris & Hall have opened a meat market in their new building.

Mrs. H. M. Jackson and daughter Amy are east of the mountains. Mrs. Jackson went for the benefit of her health, which has been poor for a long time. We hope soon to hear of her entire recovery.

Mrs. A. T. Beattie and daughter have been very sick, but are recovering.

Thos. Blanchard of New Era was in town this week. He reports everything lively in that burg.

Mr. Tully, who has been laid up for some time by being kicked by a horse, is around again.

H. Nendel's family have moved to Portland for the purpose of better school advantages. We do not think it necessary as our schools are first class.

We notice considerable improvement about town, consisting of opening streets and alleys, planting fruit and ornamental trees, clearing stumps, laying sidewalks, etc.

#### The News of Molalla.

MOLALLA, Jan. 16.—Several days of fair weather have improved the roads in places. Moody & Engle will build a store building in the spring.

The Molalla comedy company will give an exhibition at Seedy soon.

Born to the wife of Mr. Ingram, the Molalla gardener, a daughter for a New Year's addition. The garden will be enlarged. Mrs. O. W. Robbins, on the 10th instant, presented her husband with another bouncing boy. January 12th a daughter of eight pounds appeared in the home of Mr. and Mrs. C. H. B. Thomas.

Many of our citizens hold to the belief that if Oregon City makes a "bubble bursting" of the present road question this time, their best interests will be elsewhere.

Dr. J. Casto came up to Tealie creek last Wednesday to set the newly organized grange in spinning order. The new grange starts out with twenty-six charter members with good prospects of having a pleasant and prosperous association.

Mr. E. E. Cross, while grubbing with a machine, was caught by a flying hook which tore his wrist considerably. Dr. Leavitt sewed up the wound and thinks Mr. Cross will get along comfortably.

#### Riverside Notes.

RIVERSIDE, Jan. 18.—Quite a number of the people of this vicinity are suffering with the grip.

Miss Belle Simpson of East Portland has been visiting her sister, Mrs. Eckerson, for the past two weeks.

A. R. Shank is digging a cistern of 2000 gallons capacity.

Several of the farmers have not dug their potatoes as yet, as the prices will not justify them in so doing.

Born, to the wife of L. P. Howard, Jan. 9, a ten-pound boy.

Mr. Likes of Oregon City has purchased twenty acres of land from the Willamette Land Co. at \$75 per acre. He has the lumber on the ground and will commence the erection of his dwelling soon.

Geo. Russell, Canby's enterprising book agent, was in our midst this week.

Mrs. Isaac Frost has been visiting her people in Oregon City the past five days.

James Nolin, our farmers' alliance champion, still rides around in that buckboard and advocates the road opening theory. If people would work in proportion to their gab we could have good roads throughout the entire county.

Rev. John Dennison, superintendent of the Portland hospital, delivered a lecture on temperance in the Methodist church at Canby on Saturday and Sunday evenings of last week. The house was crowded to its

work made. homestead; charcoal and keep.

Mt. Hood Alliance being at Cliffside school house Saturday, 1892.

Program begins at 10 a. m.; recess at noon for social basket dinner. Everybody welcomed. WOODBRAT.

#### The Hazella Neighborhood.

HAZELLA, Jan. 18.—The heavy rains of last month compelled a cessation of all farm work, but the few pleasant days have started all business up again. Plows are running, fences are being repaired and farmers are confident of an early spring. The acreage of grain will be much greater this year than last, as the very low price of potatoes has discouraged many from raising that crop.

The New Year's edition of the ENTERPRISE is worth the price of a year's subscription. It is valuable to lay aside for future reference.

Improvements seem to be the order in our county, and Hazella is not behind her neighbors in that respect. There were some new buildings put up in the last year, but there were a great many fruit trees, grapes, hops and small fruits planted. Our hills are too valuable as fine orchard lands, and too close to a good market, to longer be passed unnoticed by those in search of little homes.

There is a general disappointment in the course taken which deprived us of the advantages to be had in having a better road to Portland. "Try, try again" is our motto.

There are a few cases of the grip in our neighborhood, but so far no very serious ones. Mrs. Frank Ford is very sick with heart trouble. J. R. Hayes was called to Sherwood on account of the severe illness of his uncle. "Uncle" Hayes is quite old and has not been well for some time. The chances are small for his recovery.

The Hazella literary society could not settle the tariff question to their satisfaction so will debate it again in the future. The next question is, "Resolved, that capital punishment is justifiable."

The installation of the officers of Oswego grange was public. There were a number of visitors present and a pleasant time was had. Dr. J. Casto acted as installing officer.

I would like to tell you of our holiday entertainments, family gatherings, etc., but will only say we were all happy in spite of the rain.

#### CHERRYVILLE NEWS.

Bad Accident to a Lad with a Runaway Team.

CHERRYVILLE, Jan. 17.—An accident befell Tommy Cully, a fourteen-year-old lad, on Wednesday morning which, though he has suffered acutely, appears like a fortunate escape. He was descending the hill south of the post office with a load of fenceposts. A part of the load slid forward upon the horses, causing them to run and throwing Tommy upon the wagon tongue. A few rods of keen gallop brought them against a tree with a force that shattered the neck yoke and threw the posts forward, jamming his body in contact with the tree. Happily, his father was near and promptly extricated him. Dr. Ingraham of Sandy and Dr. Chambers of East Portland were summoned. No bones were broken but the bruising of internal organs caused much suffering.

Elder Trullinger preaches here about once a month; also about as often at Cliffside. The Christians hold a bible reading at our school house every Sunday at 11 a. m.

#### LANTERS.

#### ITEMS FROM CLIFFSIDE.

Panthers Find Game Scarce and Come out into the Settlement.

CLIFFSIDE SCHOOLHOUSE, Jan. 16.—Nothing of importance has happened here this month. The alliance meeting of Jan. 2 was rather interesting. A New Year's lecture, a sumptuous dinner and a series of songs and select readings. But the best thing of the afternoon was an address by Hattie Sweet, giving a history of the demonization of silver. Another meeting was held today; one initiated.

Three panthers, one very large and two well grown cubs, have infested for a year or more the woods near the mouth of Cedar creek. Last Sunday they visited the house of Mr. Frick near the bank of the Sandy and looked in through the window; were also at the house of Edward Kopper. The game is scarcer than formerly and their boldness will, no doubt, increase until they happen to visit the wrong man and get a warm reception.

Miss Hattie Sweet has charge of our school. The term will close by the last of February.

The Mt. Hood glee club met at the house of Mr. C. A. Sweet Saturday evening, Jan. 16, to practice singing. It being a very dark night and the roads muddy, two couples

the members in conversation and music.

A grand leap year party was given by the young ladies of Aurora and vicinity in Hurst's hall last Saturday evening. The party was a grand success in every way and shows that the ladies know how to entertain. Of course each girl took her fellow home after the party.

Prof. C. E. Millard, the sweet singer, gave an entertainment here last Monday to a small but appreciative audience. The professor possesses a wonderfully sweet and clear voice which he handles to perfection. W. S.

#### FROM MARKS PRAIRIE.

Farmers Sowing Grain—A New Church—Neighborhood Notes.

MARKS PRAIRIE, Jan. 19.—The weather for the past two weeks being more favorable, farmers are busy sowing wheat, believing it better to get in what grain they can now, rather than take the chances on spring wheat.

The Methodists are making preparations to build a church on the Prairie early in the spring. They have the necessary funds nearly all subscribed and the project is meeting with favor all over the prairie. If the great city of Barlow can have a church why can't we? Is the way our people look at the matter?

Messrs C. W. and Arch Howard arrived in Arkansas on Christmas day.

The lumber is on the ground for the woodshed for school district No. 23, but for some reason the building does not materialize. The teacher, Prof. Winckel, is thinking seriously of calling the young ladies of the district to the rescue. The shed should be erected at once as now is the time when dry wood don't go bad.

Shields's sawmills are now running full blast and turning out some fine lumber.

Hon. S. F. Marks has a force of men engaged in ditching his farm, which will result in permanent good to the place.

Dr. M. Giesy is having new board fences erected on his farm. Mr. E. A. B. Howard has charge of the work and appears to be doing a good job.

We look for a number of people from the East who expect to settle on the prairie. We have plenty of room and a cordial welcome for all who want to come.

John R. Marks left for Grants Pass last Sunday morning, where he has accepted a position as foreman on a large fruit farm. OCCASIONAL.

#### THE PARK PLACE NEIGHBORHOOD.

Various Improvements Being Made—The Grip has its Victims—A Big Salmon.

PARK PLACE, Jan. 20.—Mr. E. C. Maddock of New Era was in town one day this week.

Mr. George Howard, the genial clerk at Park Place store, has fenced and plowed his lots.

Mrs. J. A. Chase was taken quite ill on Wednesday of this week. It is hoped that Mrs. Chase will soon recover.

Capt. W. H. Smith has material on the grounds to build a picket fence in front of his place which, when finished, will add greatly to the appearance of his property. The captain has made a good beginning and Hamilton & Washburn will soon follow suit with a similar fence enclosing their lots.

Cliff Sarver has his picket fence about finished, which adds greatly to the appearance of his place.

H. L. Minkler is laying the foundation of a fine large house, almost opposite Capt. Apperson's place. Mr. Minkler says he is going to have the finest house in Park Place.

Henry Himmel caught a fine chinook salmon one day last week, which weighed forty pounds, dressed. After reserving a large piece for his private use, he sold the rest in town, netting him the nice sum of \$9.50. Henry wishes that he could strike a bonanza of this kind every day.

It is reported that a second landslide has taken place on the river road, about five miles up the Clackamas, making it impassable.

Joe Collins, the forist of Clackamas Heights, is just recovering from the grip. Several families around here have been down with the disease lately.

Mrs. Cyrus Straight has been very sick for some time. It is hoped that she will soon recover.

Mrs. J. T. Apperson has been entertaining her sister, Mrs. Dr. White of Portland, this week.

There has been a society of Young People's Christian Endeavor organized here and its first meeting was a decided success. It meets every Tuesday evening.

The Rev. Trullinger of the Christian faith, preached with good audiences at the Park

Place church both morning and evening last Sunday. It is reported that over \$100 has been subscribed by members here of his church toward building an edifice in which to hold services.

#### NEW ERA NEWS.

A Teacher Captures a Pistol—A Big Wood Contract.

NEW ERA, Jan. 18.—The literary and debating society at the Phelps school house is progressing nicely. The question for debate next Wednesday is, "Resolved, there is more pleasure in pursuit than possession."

The new mills have their new turbine wheel in position and are ready to do chopping.

E. N. Foster has a contract with the Southern Pacific railroad company to get out 500 cords of wood at this place and has six men at work at the same.

Millard Hyatt has just finished painting the interior of the New Era school house, which greatly improves its appearance.

One of our enterprising school teachers in this locality succeeded in capturing a pistol from one of his young men scholars, who had said if the teacher ever laid hands on him he would give the teacher the contents of his gun. Evidently the boys struck the wrong man this time, and should the boy be prosecuted for carrying a concealed weapon and fined, say \$50 or \$75, perhaps he would leave the gun at home next time.

Miss Myrtle Howell of Oregon City is making splendid progress with her class in instrumental music at this place, which she instructs every Thursday and Friday.

Grandma Freestone has been rather unwell for the last week, but at last accounts was some better.

Miss Lena Engle came home from Eugene City a few days since to spend a few weeks with her parents.

Rev. A. J. Joslin of Centralia, Washington, visited old friends in this neighborhood a short time ago. He is the same good-natured, jolly fellow that he used to be years ago.

Pomona Grange will meet next Saturday, Jan. 23, at Grange hall in New Era. It is expected that there will be a large representation from other granges in the county and Warner Grange will be pleased to have as many visiting members as possible.

Enos Cahill has purchased of his cousin, Joe Cahill, his interest in the Rider & Crittner saw mill, and intends soon to start the mill running on full time.

Some of Mr. Randall's family have been sick with typhoid fever, but at last accounts were better. Miss Alice McArthur has also been confined to her room for several days, but we hope to hear of her speedy recovery.

Miss Rosa Huiras came up from Portland a few days ago and visited her sister, Mrs. Joe Briggs, and returned to Portland last Thursday.

We suggest that Canby put on a police force and Shorty will make application right here for situation as chief if no one has any objections.

W. J. Rauch of Mt. View was the only man that drove over the road leading from the Brown's school house to Oregon City last week and we would like to ask him when he thinks of trying it again?

#### SHORTY.

Copies of the New Year's ENTERPRISE for sale wrapped ready for mailing at five cents each. The supply is fast disappearing.

Meeting of the Board of Trade—General News Notes of Interest.

CANBY OCCURRENCES.

Legal blanks of all kinds at the ENTERPRISE office.
