### FROM THE CAPITAL

#### Penoyer Talked of to Run with Hill.

#### WOLVES AND FOXES ARE SLAIN.

#### A Negro Burned at the Stake—Blair Announces Himself a Candidate for President.

WASHINGTON, Feb. 23.—It seems since Senator Hill has developed rather a prominent place in the presidential list, and is liable to be the democratic candidate, that the friends of Sylvester Penoyer are pricking up their ears somewhat and beginning to think of him as vice-presidential candidate. Legislative Clerk Giffrey, of the senate, who is a democrat and an Oregon man, has been asked about Penoyer and has spoken in rather flattering terms of him. It seems negotiations are being conducted between Hill's friends and the people of the various states, and Oregon is one of these, which is to be looked after. Hill's idea, it is believed, is to have the few votes which Oregon will cast at the Chicago convention, taken away from Cleveland in any event and placed to his credit, and in return Penoyer is to receive some vice-presidential votes from New York, or some other state which is controlled by Hill. The purpose in bringing out Penoyer is to get the votes not only from Oregon but from the other Pacific Coast states, and consequently break any Cleveland combination at work there.

#### Kansas Wolves, Foxes and Rabbits.

KANSAS CITY, Mo., Feb. 21.—At 9 o'clock yesterday morning an enormous wolf hunt started over Crawford and Bourbon counties in Kansas. As a result over 300 wolves lie dead tonight. Both counties and others adjoining were scoured by over 5000 men, women and children armed in all conceivable ways. Two thousand jack rabbits were also captured in the general round-up. Owing to an error in signaling there was but one break in the line, which reduced the number of captures, but another hunt will take place next Saturday to finally wind up the foxes and wolves of southeastern Kansas. There was but one accident, Thomas Perkins being killed by a couple of wolves. He will not recover as he was torn fearfully.

#### Tammany to go Unabstracted.

ALBANY, N. Y., Feb. 21.—Tonight it is understood Tammany decides not to go to the Chicago convention under instructions for any one. Prominent Tammany men said possibly it would be better politics for Hill to go to Chicago simply as democrats, and not with him as the iron-bound choice of any organization, and possibly too, Tammany may prefer to go as a powerful organization, not determined to press any one man, but as the same time with a warm and, if needed, earnest friendship for Hill. Tien the power of each might be greater upon the delegates from other states.

#### Mining Excitement.

BOISE, Idaho, Feb. 20.—An extremely rich strike has been made in Kessler mine, eleven miles north of Boise, and mining men are excited. The property is owned by Roussville and Ormsby, and is not for sale. The vein is eighteen inches wide, and for milling assays one one hundred and fifty dollars to the ton, while sulphurets assay \$800 a ton. A number of men leave for the vicinity of the mine tonight to stake out claims.

#### Burned at the Stake.

ST. LOUIS, Feb. 20.—The Republic's special from Texarkana, Texas, says: Ed. Coy, the negro, who last Saturday fiendishly assaulted Mrs. Henry Jewell, wife of a respectable farmer living a few miles outside this city, this afternoon answered for his awful crime, being burned at the stake in the presence of 600 people.

#### New Brewery Syndicate.

CHICAGO, Feb. 19.—A morning paper says the whiskey trust is backing a syndicate which will endeavor to secure control of all the breweries of Chicago not belonging to the English syndicates, with the intention of forming a combination to compete with its rival. The new syndicate will, it is said, have a capital stock of \$5,000,000.

#### Reception at the White House.

WASHINGTON, Feb. 20.—Mrs. Harrison gave a public reception this afternoon, which attracted more people to the White House than were ever assembled there before on a similar occasion. Sixty-one hundred people entered the mansion and when the reception closed hundreds awaited admission.

#### What Next.

MANCHESTER, N. Y., Feb. 20.—Ex-United States Senator Blair has declared himself a presidential candidate.

### MRS. BLAINE GETS HER DIVORCE.

She Gets the Custody of Her Child and \$100 a Month Alimony.

DEADWOOD, S. D. Feb. 20.—Judge Thomas granted a decree of divorce to Mrs. James G. Blaine, Jr., with the custody of her child, \$1000 to pay expenses of the suit, and \$100 a month as permanent alimony. Judge Thomas, in announcing the opinion, said the testimony showed that the cause of separation was the unfriendly feeling of the family and especially of the elder Mrs. Blaine. So far as Mr. Blaine was concerned, the plaintiff was properly treated, but Mrs. Blaine did all in her power to make the life of the plaintiff unhappy. Young Blaine's conduct was very reprehensible. The evidence shows that the desertion was the result of the machinations of his mother, and that his treatment of the plaintiff was reprehensible and bad in every respect.

#### A CANARD.

The New York Press Exposes That "Important Bill" Business.

The article credited to the New York Press, going the rounds of the papers, in which it is alleged that unfavorable action has been taken in the New York Legislature against the Royal Baking Powder, proves to have been a canard, gotten up and circulated by opposition baking powder makers for purposes quite apparent to every one.

The New York Press, in exposing the fraud, says: "No such legislation as that stated in this article has ever been had in this State—or in any legislation to our knowledge." The lie is made from whole cloth. The Press disclaims any responsibility for the publication, and objects to being made a party to such methods adopted by some baking powder manufacturers in their efforts to substitute their goods for others now in use.

#### Alger's Enterprise.

MINNEAPOLIS, Feb. 19.—The Journal this afternoon prints a long report of a decision of the supreme court, identifying General Russell A. Alger as one of the promoters and organizers of the Diamond Match Company, which the Chief Justice says is an unlawful corporation.

#### Anti-Polygamy Amendment.

SALT LAKE, Feb. 19.—To-day in the lower house of the legislature the memorial that had passed the council for an anti-polygamy amendment to the United States constitution was defeated.

#### Scientific Bread Making.

At the recent annual meeting of the American Chemical society, held in Washington, D. C., the question of the value of carbonate of ammonia as a leavening agent in bread, or as used in baking powders, came up for discussion in which Prof. Barker, of the university of Pennsylvania, and president of the society; Dr. Richardson, late of the United States department of Agriculture in Washington; Dr. Wm. McMurtie, late professor of chemistry in the university of Illinois; Dr. E. H. Bartley, late chemist of the Brooklyn, N. Y., board of health, and professor of chemistry of the Long Island College, and others took part.

The consensus of opinion was overwhelming in favor of the employment of ammonia. It was stated as a fact that ammonia rendered the gluten of the flour more soluble than the original gluten, and that the bread in which this action was produced by carbonate of ammonia must be more digestible and hence more healthful, and because of the extreme volatility of carbonate of ammonia and its complete expulsion from the bread in the process of baking, it is one of the most useful, most healthful and most valuable leavening agents known.

These exclusions are borne out by the very elaborate and exhaustive experiments made by Prof. J. W. Mallet, of the university of Virginia, which shows conclusively that bread made with a baking powder in which one per cent. of carbonate of ammonia is used, in connection with cream of tartar and soda, is not only of uniformly better color and texture, but a product more wholesome, because the ammonia serves to neutralize any organic or lactic acids present in the flour.

#### Wants the Silver Question Settled.

OTTAWA, Ont., Feb. 20.—Dominion Statistician Johnson advises Canadians to have nothing to do with the United States until the free coinage question is settled by congress.

As the name indicates, Hall's Vegetable Sicilian Hair Renewer is a renewer of the hair, including its growth, health, youthful color and beauty. It will please you.

### GREAT NORTHERN.

#### Arrangements Made for Building to the Coast.

#### SPOKANE GIVES RIGHT OF WAY.

#### Mrs. James G. Blaine Jr. Gets a Divorce and Alimony—Bad Case of Mother-in-law.

SPOKANE, Feb. 22.—President Hill of the Great Northern, returned East Saturday evening, after making one of the most successful tours of the Northwest since the time of Villard. He came first to Spokane, met 2,000 citizens in the opera house, explained the difficulties that his line must encounter to get into the city, and what he proposed to do if he should come here, and then asked for the right of way through the city. A mass meeting promptly voted it to him. Then Mr. Hill referred them to his engineers for details, and went westward on his tour. It was then learned that the contemplated right of way drove straight through the heart of the city, and avoiding the use of streets called for about four miles of private property worth a million dollars. The right-of-way committee had a week to do the work, and after putting in eighteen hours a day and bringing every conceivable pressure to bear upon the citizens they completed the work, and when Mr. Hill departed he had a guarantee.

At Seattle he was not a whit less modest, asking for enough ground along the harbor rim to lay eight tracks, the right to construct the elevated railway and a perpetual franchise. Today the word was given which will put an army of 10,000 men to work on the line between the summit of the Rocky mountains and the Columbia river, 200 miles west of Spokane. Tracks will be laid to Spokane by the first of May, in time to enable the Washington delegation to the national conventions to go over the new road, and to Columbia river by the first of August. The line will cross the Columbia near the mouth of the Wenatchee river, and ascend the Cascade mountains by way of Wenatchee pass. At the summit it will have a tunnel 1300 feet long. Spokane will be the division terminal and will have shops and round houses.

#### Chinese Exclusion Bill Passed.

WASHINGTON, Feb. 19.—The Senate has passed Dolph's bill to continue in force for ten years the existing anti-Chinese law. On account of the quarrels between Geary and Stump of the foreign affairs and immigration committee of the house, it is thought by some that Dolph's bill will be the only one to pass this session. The bill has a wider scope than indicated by its title, for in addition to re-enacting the present exclusion laws, which are about to lapse, it contains a section intended to meet the difficulty the treasury officials encountered in returning Chinese to China through judicial decisions adverse to their right to return them further than to the country from which they entered the United States.

#### The World's Fair.

WASHINGTON, Feb. 24.—The president sent a special message to congress on the world's fair, speaking strongly of the progress of the work, saying that \$5,000,000 to \$8,000,000 more seems necessary. With the message he transmits the annual report of the president of the national commission, the board of lady managers and the board in charge of government exhibits. The president says the information furnished by these reports as to the progress of the work is not only satisfactory, but highly gratifying.

#### Steam Schooner George H. Chance Aground.

EUGENE, Or., Feb. 18.—News has been received from Florence that the steam schooner George H. Chance went ashore inside of Siuslaw bar. The stores of last month shifted the channel and a new survey has not yet been made. Her cargo was transferred to the wharf by the steamer and barges and it is thought the Chance can be floated without much damage.

#### A Crisis in France.
