## FRIDAY, APRIL 15, 1892.

### FARMERS' ATTENTION.

Wilson & Cooke have the only complete line of Agricultural Implements in Oregon City. Portland prices duplicated. Buy of them and save your traveling expenses and freight.

### AN IMPORTANT LAND DECISION.

The first case came before the Oregon City land office of a timber land application to contest a homestead entry has just been decided. Charles Salzman last fall made a homestead entry on section 30 T 1 N, R 6 E, being not far from Bridal Veil falls. Subsequently Sarah J. Hammel sought to file timber land application for the same land and alleged that the tract in question was absolutely unfit for agricultural use. The claimant had paid his predecessor \$500 for the improvements, however, and had made his home on the land nearly two years. As a further cause for cancelling the claimant's entry it was alleged that he had not entered the land in good faith; that his purpose was merely to get title to the property and transfer it to Brower & Thompson, the Bridal Veil Lumber company. The hearing occupied fourteen days. The decision was against the protestant because the timber land act expressly stipulates that for a filling under it to be valid there must be no previous homestead filing on it. This does not bring into question the validity of the Salzman claim which may yet be tried.

### OREGON SONG BIRDS.

There are evidences on all sides that the song birds imported from Germany have taken root, as it were, in Oregon and are rapidly increasing in number. There is a considerable number of them about Oregon City. The nightingale makes melody these moonlight nights and various others make their presence known in the day time. The birds are migratory and they are rapidly spreading southward but observation confirms the belief that they return to the Willamette valley in the spring. It was three years ago that 300 pairs of thrushes, skylarks, nightingales, linnets, goldfinches, bull finches, chaffinches, greenfinches, black starlings, red-breast robins, grosbeaks and singing quails were liberated at Portland. Another lot was liberated last year. So Oregon, which was not naturally well supplied with song birds, will soon have plenty of feathered songsters from the imported stock.

### FOR A WORLD'S FAIR.

All other projects to provide a representation for Oregon at the world's fair having failed of reaching a satisfactory result the state horticultural society has taken the matter up and it proposes at least to have a proper display of Oregon fruit at the fair. Since the withdrawal of the chamber of commerce committee from the work of attempting to raise funds for a state exhibit the committee of the horticultural society is widening the scope of its efforts so that it is likely to give Oregon a pretty comprehensive representation. Committees have been appointed to have charge of the work in each county of the state. For Clackamas county J. A. Chase, C. N. Barton and N. B. Harvey have been appointed and they will proceed with the work here.

### CATTLE GONE TO GRASS.

John Shafer and Robert Baty of Molalla have purchased this spring about 450 head of two-year-olds and three-year-olds in Clackamas county and they are driving them southward. The three-year-olds will be taken to the wild grazing lands of southern Oregon to prepare them for market in the fall and the two-year-olds will be driven through Saniam pass to the bunch grass pastures of eastern Oregon. Clackamas county is getting so well settled that the wild grazing lands are rapidly disappearing but it can raise cattle to stock the hills of the country that is not tillable beyond the Cascades and the Calapoosas.

## THE CONTESTED LAND CASES.

The thirty-odd land cases that were on trial in the local land office, involving the title to as many tracts of land in Columbia county have been disposed of for the present. There were eleven timber land cases in which the government sought to set aside the title of Edmund Hall, transferee. Evidence was taken in two of the cases and it was agreed to submit the other nine on the same testimony. The decision was against the government in all of them. Two cases in which E. B. Foss was the transferee were similarly decided. There were two pre-emption cases against Hall and one against Foss decided in favor of the government on the ground of non-compliance with the pre-emption law. One case against Hall was continued on recommendation of the special agent who was prosecuting the case for the government. Five pre-emption cases were continued till July and two continued on stipulation. The remaining government cases against Hall and Foss, some eight in number, were continued for service upon the entrymen.

## A REPUBLICAN RALLY.

The republicans of Clackamas county will have a grand rally at Shively's theater on next Wednesday evening April 20. This will be the first important political meeting of the campaign. There will be an abundance of good music and Hon. Rufus Mallory and Hon. J. F. Caples of Portland will be present and make speeches. There will also be addresses by the best local speakers. Shively's theater on Seventh street is the largest hall in the city and every provision for comfortably accommodating a vast throng is being made. Everybody is invited to attend the meeting. A special invitation is extended to the ladies who will find it entertaining and instructive if it is a political meeting.

## SPECIAL COUNCIL MEETING.

There was a special meeting of the city council last Tuesday night from which Noble, Porter and Randall were absent. It having been found necessary for the city election next month to be conducted on the Australian plan a committee consisting of Councilmen O'Connell, Wilkinson and Latourrette was appointed to provide the requisite facilities for voting according to law. J. H. Kellogg was appointed pound master on recommendation of the chief of police. A communication from the Russian relief committee of the United States asking aid for the starving Russians was read and the mayor was authorized to call a mass meeting Saturday night to consider the matter.

## A PIONEER DYING.

Mrs. J. C. Geer, who lives with her daughter, Mrs. O. H. Cone near Butteville, is lying very low and on account of her great age and general feeble condition there is scarcely a possibility of her recovery. About four weeks ago while going to close a door her foot caught in the carpet and she fell against the door and wall so heavily that her hip was broken. She is eighty years old. She came across the plains from Illinois in 1852 and four years later married J. C. Geer, a veteran of the war of 1812. He died in 1881. They raised a large family of children who are all identified with the best interests of the state.

## THE SALEM RELEASED.

The steamer Salem, which ran on the rocks on the city front January 4 and was so damaged that she had to be beached on a sunken wharf at the brick flouring mill to prevent her sinking, was released last Tuesday afternoon. P. Hatch of Portland had the contract for getting the boat afloat. Several unsuccessful attempts were made while the water was low but the recent rise warranted another attempt and the Modoc finally pulled the Salem into the river. Thursday the boat went to Portland and she will soon be at work on the river again.

## NEW DOCKS BUILT.

Joel P. Geer has been engaged for about ten days in driving piles for docks at various points on the river. For himself near Butteville and Jacob Miley near Wilsonville he built wood docks and for John Kruse and Riley Shenrer steamboat docks. At Grabman's ferry he drove piles for J. S. Vaughan and he did work at the Butteville ferry. Monday he brought the pile driver down river and drove piles for an extension of Broughton's saw mill wharf next day and then he took the machine to Portland.

## COMPANY IMPROVING.

Co. F, O. N. G., is picking up a good deal of new strength. Last Monday night five new members joined the company—W. A. Huntley, C. G. Huntley, O. R. Yeargin, W. B. Wiggins and Muir. Captain Ganong and Second Lieutenant Kelly passed a creditable examination in Portland last week. Under the new officers there is a revival of interest in the organization. Every encouragement should be given the boys to bring the company to a high standard of proficiency.

## GRAND EXCURSION.

To Portland Tuesday evening April 19, by steamer Altona. This is your opportunity to hear the grand concert of the United States Marine band, of Washington D. C., at the Armory, or attend one of the great plays that will be given on that evening at the Portland theatres. Boat will leave Oregon City dock at 6:30 and return at the close of the concert. Round trip tickets 50 cents. Tickets for the concert \$1. Tickets can be had at Huntley's book store, or of J. W. Ganong.

## Brief State News.

Sheepshearing has already commenced in portions of Grant county, and more than one flockmaster is mourning in consequence, through losses sustained during the recent cold snap.

D. J. Cooper of The Dalles, has a very interesting letter from Hon. Binger Hermann, written on the day when he had his fight in the committee of the canal and locks at the cascades, in which he says ships may reach The Dalles wharves from the sea direct within twenty-four months.

A carload of cattle was shipped from Corvallis to Portland the other day. They were all milch cows and were purchased for shipment to Japan on a steamer that was to leave Portland that night. There were thirty head in all taken to the Orient, twenty of which were purchased in Benton county at an average of \$39 per head. The duty and freight on these thirty cows will be about \$1000, making each bovine cost about \$100 landed in Japan, and they are nothing but common American milch cows, either.

James Coffee, who keeps a grocery store near the depot at Snohomish, accepted a raised \$10 bill Thursday in making change, and did not discover its character until about to make a deposit in the First National bank. The figure two in each instance had been covered by the figures 10, that had evidently been taken from tobacco or cigar-box stamps and pasted over the original.

The hop acreage in western Washington is considerably increased this year, notwithstanding the heavy losses incurred last year on account of the ravages of the hop louse. The habits of this pest are now understood by growers, who will be better able to cope with them this year. The vines are looking healthy and growing well, although the weather has been unusually cold for this season of the year.

Lost—A small purse, containing two rings, one bearing the initials "W to F 1878." A liberal reward is offered by leaving the same at the Cliff house.

FOR SALE CHEAP—Dressed side-walking, six feet. Apply to W. E. MORRIS, Park Place.

## QUARTER OF A CENTURY

AGO  
A man who has since become identified with the resources and development of that country. This man is no other than Mr. John Stewart, one of the wealthiest and most influential citizens in the county. In a recent letter he says: "I had been suffering from pains in my back and general kidney complaint for some time, and had used many remedies without any but temporary relief. The pains in my back had become so severe that I was prevented from attending to my work and could not move about without the use of a cane. Hearing, through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try a box, and from that very first dose I found instant relief, and before using half the contents of the box the pains in my back entirely disappeared. I have every faith in the virtues of the Oregon Kidney Tea, and can conscientiously recommend it to my friends. I would not be without it for anything."  
Oregon Kidney Tea cures backache, incontinence of urine, brick dust sediment, burning or painful sensation while urinating, and all affections of the kidney or urinary organs of either sex.
