

CLACKAMAS COUNTY

THE ENTERPRISE CORRESPONDENTS TELL THE NEWS.

The Town of Milwaukie—The Republican Rally—General News of the Locality.

Milwaukie, May 17.—The people's party folks are working diligently for their cause but the people seem to be slow to identify themselves with such visionary schemes.

Tuesday night the house of Mr. Lehman was entered by burglars but they failed to secure much booty.

Milwaukie, the home of school teachers, is at the front again, the Misses Effie and Julia Young and Mamie Rogers having passed the teachers' examination with credit to themselves and their town.

Mr. and Mrs. J. G. Wilson have returned from visiting friends in the East after a stay of about two months. Their friends are much pleased to welcome them home.

The republican rally at Miller's hall Monday evening was said to be the most enthusiastic meeting of the canvass. At about 7:30 o'clock the air from the south came laden with sweet sounds and upon looking for the cause we saw a band of handsomely uniformed young musicians marching into our quiet village.

Mr. R. Scott called the meeting to order and introduced Mr. Rineerson who started the ball rolling in a pleasing manner.

Hon. Joel P. Geer followed with a lengthy address on the tariff and other important issues.

Other candidates were introduced with pithy speeches which were well received, but the crowd reserved the most hearty applause for our champion, R. Scott. We venture to say if the voters of Clackamas county knew him as well as his neighbors do they would give him an overwhelming majority at the June election.

Gordon E. Hayes was sick but he found strength to rally the boys around the old standard. If Mr. Hayes can do so well while sick we wonder what he couldn't do if well.

A SPRINGWATER EVENT.

A scene from the Merchant of Venice at an Entertainment.

SPRINGWATER, May 15.—On Thursday the 12th, the young men gave a social under the auspices of Y. P. S. C. E. of the Presbyterian church of this place. Some two weeks' previous it was announced at the society's meeting that each member was to take part, either by singing, reciting or making a speech, failure in which would entail a fine of ten cents.

The play held the audience spellbound and there was a feeling of relief when Shylock, foiled in his murderous attempt and his own life in jeopardy, dropped his knife and steel from his trembling hands.

The instrumental music of Minnie Snyder was excellent as was the duet of Mrs. Hickman and in short the whole social was a great success. The proceeds go towards paying for the organ.

Items from Mountain View.

MOUNTAIN VIEW, May 18.—Quite a number of our citizens went to Portland during the past few days to see the United States war ships. All agree that they were well paid for the trip.

The social hop given by Messrs Harris & Hall at their new hall was an enjoyable affair. Among those present were Mr. and Mrs. Fred Ely, Mr. and Mrs. John Gillette, Mr. and Mrs. James Curran, Misses Ina, Tillie and Nettie Rauch, Norah Curran, Emma Fisher and Clara Ely, and Messrs. Duane, Geo. and Charley Ely, Bert and Ernest Harrington, and others. The Mountain View orchestra discoursed good music and every one voted it a good time.

The Rev. Mr. Beattie and wife have been visiting the family of R. T. Beattie. A brother of Mrs. J. R. Duval has been visiting her this week. Geo. Rauch of Canby, uncle of W. J. Rauch, was seen on our streets last Saturday.

John Malzan, of Canby, paid our burg a flying visit this week. He reports politics in his precinct all one sided—the republican side.

OREGA.

THE CARUS NEIGHBORHOOD.

A Bundle of Interesting News About Persons and Things.

CARUS, May 16.—Farmers are taking advantage of every bit of sunshiny weather to hustle potatoes into the ground. Oregon never betrays the faith of the tillers of her soil. If crop prospects are not always so flattering early in the season as in some other states, the outcome is generally satisfactory.

During the past winter and spring Mr. J. K. Graham has taken out one hundred good-sized stumps. He has not made use of dynamite or any patent appliance, simply depending on brawn and muscle.

Mrs. Lockhard, with her little son, and Miss Jennie Rowen, from Osborne, Kansas, were the guests of Mr. and Mrs. Miles Rowen last week. Mrs. Lockwood has gone on to visit friends near Sandy. Miss Jennie will remain in Carus until fall. She commences a term of school in the Buckner district to-day, but will board with her parents, so we shall still enjoy her presence in our social circles.

Mr. Elmer Cooper is absent from home at work in the interest of the alliance. Mr. Titus of Colorado, has been spending some days in Carus with his friend, Mr. Joseph Eaton. He is delighted with Oregon and intends to send for his family and locate here if practicable.

If the state of the roads will permit, Mr. Henry Hornshuh expects to bring out a new organ from Portland this week. We welcome all such innovations. The Saturday evening musical held at different homes is becoming an established fact and a very enjoyable affair.

Walter Emmet has purchased fifty acres of timber land on easy terms of A. O. Hayward. He has begun to slash and as soon as the land is surveyed will build a small house.

Will Jones is making a fine showing on his recent purchase. A good bit of ground around his cabin has been well cleared and cultivated, and a neat new rail fence encloses the premises. It looks as if—a live, energetic young man had possession.

Lee Andrews lately returned from his Nebraska trip. He came without a wife although he "left lots of pretty girls there."

Oscar May and Eugene Hayward show their mischievous faces again. "There's no place like home," they think.

When one is looking toward the "sunset of life" sentiment is not so easily awakened; but who knows? perhaps some "echo from the past" may give birth to the poem desired by our kind admirer.

Little Lewis Jaggar, while in the timber with his father Saturday afternoon, thrust bare feet into a pile of ashes left where some hazel brush had burned in the early part of the day. The ashes were not so innocuous as they looked, and the little fellow received some severe and painful burns.

A Mollala View of Samson.

MOLLALA, May 17.—There will be political speaking at the school house Friday night, the 20th.

C. W. Herman, Esq., who had the misfortune to receive the blade of a double bit ax in his arm by getting too near his brother while slashing brush, is recovering. Several years ago this same person had a close shave with a double bitted grubhoe, resulting in a cranium gash.

There are two more candidates before the people—Chas. H. B. Thomas for justice of the peace, and F. C. Scott for constable, for the district of Mollala, Marquam and Soda Springs precincts.

We do not know whether your strong man Samson is possessed of a "spook" or not, but merely suggest that it is barely possible that some of Oregon City's recent earthquakes may be attributed to the sudden shuddering of one of those shoulders. Look a little out lest the courthouse be dumped into the river and the bluff tumbled down upon the city. Surely you do not seem to apprehend much danger of being crushed out of existence; yet Samson's reply is to come, we're told.

Highland Notes.

HIGHLAND, May 17.—Plenty of rain, plenty of mud in Highland.

E. H. Cooper, of Malino, aspirant for county clerk's office on the people's party ticket, addressed the people at Highland on the political issues of the day last Saturday. Mr. and Mrs. G. R. Miller furnished the audience with a few rousing patriotic songs. The people's party club will meet again next Saturday evening, the 21st, at 8 o'clock.

Now is the time to kill and destroy chipmunks, gray squirrels, gophers, etc. Let us all unite in the good work, brother farmers, and rid ourselves of the pests which destroy more dollars worth of grain than it takes cents to destroy them.

Our neighbor, Mr. Ward, has left Highland and will reside in Oregon City in the future.

The daughters of Mr. William Davies are home on a short visit.

S. H. Scribner is hauling lumber and material for the purpose of building a new barn this summer.

CORRESPONDENT.

Needy Intelligence.

NEEDY, May 16.—Politically in our part of the county the majority of tickets used will be republican. George F. Horton will poll a strong vote here and we predict all over the county, which he certainly deserves, as he is a man respected by all his neighbors and is without a blemish on his character. Our democratic neighbors have promised him their support and he will run ahead of his ticket here.

Eli Maddock will also poll a heavy vote here and the few soreheads who are endeavoring to pull Mr. Maddock down should beware of digging graves for others lest they fall into them themselves.

Our school district clerk has completed his assessment roll for this district, No. 40. The total valuation as placed by the clerk is \$76,155; indebtedness, \$13,408; exemption, \$7118. The total number of acres of land in the district is 1529, of which amount there are 880 acres in cultivation. There are in the district 89 horses, 143 cattle, 127 sheep and goats and 98 swine.

THE NEWS OF FROG POND.

Over \$300 for the Unfortunate in One Week.—Samson is Fading Mightily.

FROG POND, MAY 15.—The weather is so wet and rainy that the farmers are making poor headway in getting in their crops but they hope good weather will come after awhile. It is so wet here the frogs have hardly room to sit on dry land to croak their spring songs.

The people's party spoke in our school house Wednesday night and had a good crowd to talk to but I think they made little impression on the minds of the people. The song sung by Mr. Inskip was more enjoyed than all the talking and received loud applause. One of them, Dr. White, spoke at Wilsonville last night to nearly an empty house and could not raise enough collection to pay for the rent of the hall.

The democratic candidates will give a grand blow out here tomorrow night.

A basket social was given by the young ladies of Frog Pond last evening in the grange hall for the benefit of Mrs. John Platts whose husband recently died leaving her with four small children to take care of. The fore part of the evening was taken up by a few declamations and select reading, songs and instrumental music, after which John Q. Gage auctioned off the baskets and the one bidding the highest took it. Thirty baskets were sold and the receipts were \$63.00. James Lumer paid the highest price, \$4.25, without a grumble or a grunt.

Frank Kruse started out with a subscription for Mrs. Barnes whose house was burned a short time ago and raised for her \$218 in a short time, and raised for Mrs. Platts the same way in half a day \$83 in hard cash. Where is there another part of the country in which the people would do this? We have no saloons around here and consequently we can help the poor instead.

Alice Downing from Butteville made John Kruse and family a short visit today.

Next Saturday evening the Waldrop children will give a musical exhibition in our school house and a good time is looked for.

Tualatin secular union meets next Sunday and a good program is expected. The paper will be by Mr. Sandy.

John Kruse is recovering from a spell of the grip which has laid him up for two weeks.

Oh, what's the matter with Samson? I thought he was one of the chosen ones and always did things right and honest; but it seems he has his foot in it this time and can't get it very well out. I think he hurts no one but himself and Eli will get to the front just the same when the votes are counted in June. Hurrah for Eli!

I see the republicans have skipped Wilsonville and Tualatin in their rounds. What does it mean? Will it be filled with a special at some future time?

ONE OF THE BOYS.

Beaver Creek Newslets.

BEAVER CREEK, May 16.—H. H. Gregory, B. C. Leland, W. L. Rider, John and A. T. Howland and Ed Hughes formed a party that started last Friday for the Clackamas river falls to fish for salmon.

Three young ladies of this place are in your city: Isetta Rider is working for Mrs. William Russell, Mary Rider for Miss L. Wilkeson, and Isabel McArthur is receiving instruction in painting.

Mrs. E. Eastman is having some new land brought under cultivation.

David Penman has timbers out for a new barn 30x60 feet. Wm. McDonald is also building a barn, and B. E. Billeter has a milkhouse completed and is constructing a new house on land owned by him in this locality.

Robert Mathewson has built a poultry house.

Mr. Cahill has a number of new hands employed in his saw mill. Mr. Griep, formerly proprietor of the Oriental hotel in your city, is a sawyer.

Will some one tell us how to rid gardens of the voracious flea beetle? Have tried different remedies without success.

To my knowledge no man of New Era precinct has ever held a county or legislative office and the present attack upon E. C. Maddock seems to be prompted because he is a man of that precinct. As I have long been acquainted with Mr. Maddock I will state that the attack is unwarranted as he is a man of unquestionable honesty and will fill the office of sheriff creditably. I have no personal aims in his election but we are sure he will be the next man to occupy the sheriff's office.

IN THE MILK COUNTRY.

MILK, May 15.—A number of farmers are hauling oats to Oregon City.

E. W. Hornshuh's kitchen got on fire last week by some sparks falling on the moss on the roof. It was seen in time to prevent a big fire.

Married, at the residence of the bride's father on May 11, Miss Gustie Moehnke and Samuel Jones.

E. W. Hornshuh bought a Durand organ last week. His daughter Emma is taking music lessons at Oregon City with Mrs. A. Ernst.

Miss Williams closed her school for one week so she can attend the Presbyterian assembly at Portland.

What's the matter with Beaver Creek precinct that the republicans left it out of their campaign meetings?

Born, to the wife of Emil Guenther, a son. Where two or three come together there you will find a politician among them. Every farmer seems to know something about politics this year which goes to show that they are going to "have a hand in it."

MONK.

Cherryville News Notes.
