

CLACKAMAS COUNTY

THE ENTERPRISE CORRESPONDENTS TELL THE NEWS.

Entertaining Letter from Carus—Calla Moralizes on the Iniquity of Politics.

CARUS, May 24.—Our folks are all dreadfully busy except Calla who finds time to scribble the news.

W. W. May finally succeeded in convincing the powers that be that he is entirely too busy with farming and house building to accept the office of road supervisor.

Will and Charlie Hornshuh expect to start for California next week. The former is greatly out of health and hopes to receive some benefit from a change of climate.

Elder Hunter left Carus last week on a trip to Idaho. Messrs. Cooper, Rowen, Hayward, Eugene Hayward and Oscar May, a merry party of Carusites, have started off for a visit to the warships at Portland.

Mr. Lorenzo Hornshuh is building a barn, dimensions 40x60 feet. Mr. Frank Jaggar is erecting a large shed in which to house his steam thrasher.

Mr. Ed. Howard recently lost a good mare. Some one suggests that as the mud is about dried up, and heat and dust are the disagreeable features of a trip to town, the authorities who have the road matter in hand erect a line of shelving along the route!

Just as well talk one thing as another. We wonder if, when woman obtains her right of suffrage, she will mitigate in any degree the evils of a political campaign.

What woman would willingly become a candidate for public office and meet such a fire of criticism and abuse as rages at the present time? We are glad to note that the ENTERPRISE if severe is fairly clean and wholesome.

O June, dear June is coming! Her breath perfumes the air; Bright birds sing sweet, exultant, And flowers are every where.

There's a rustle in the treetops, Among grasses nodding low; There's a glory in mom's sunshine, A softness in eve's glow.

O June, rare June is coming, The queen of all the year! My heart with gladness listens To her footsteps drawing near.

CALLA.

NEWS FROM AURORA.

Institution of Good Templars Lodge.—Other Matters of Interest.

AURORA, May 23.—The political kettle is beginning to sizzle and the bound-to-be-elected candidate is getting in his work on the button holes of his friends.

The election stalls for carrying out the "kangaroo" ballot law have been erected. Voters would do well to read the new law carefully before election day, for every clerk is bound to be a scratcher this year.

The Aurora base ball team played the Barlow club at Barlow last Sunday and easily carried away the honors, the score standing 24 to 20 in favor of Aurora.

The Aurora brass band has been engaged to furnish music for memorial services to be observed by the good people of Butteville on decoration day.

Miss N. Stella Ames, professor of oratory in Willamette university, and an educationist of ability, will give a literary and musical entertainment in pioneer hall, Aurora, next Saturday evening for the benefit of the Aurora Sunday school.

The program for this entertainment contains a number of Miss Ames's best selections and a crowded house is assured.

Our county candidates of all parties will speak at Pioneer hall Friday, May 27. A rousing time is expected.

The Sunday school of the First Presbyterian church of Aurora is making great preparations for observing children's day, June 12, in an appropriate manner.

Notices are out inviting bids for the construction of our new school house. Plans and specifications may be seen at the office of Geo. Kraus.

Deputy G. C. Templar H. S. Jory, of Salem, assisted by Mrs. Jory, instituted a lodge of the I. O. G. T. at this place last Friday evening. The following officers were duly elected and installed: W. W. Little, P. C. T.; J. P. Cole, C. T.; Miss Frances Beck, V. T.; W. S. Hurst, Sec.; Mrs. W. S. Hurst, A. S.; Sarah Fry, P. S.; Beate Beck, T.; Fred P. Hurst, M.; Belle Van Buren, D. M.; A. B. Cole, I. G.; H. H. Hurst, Sen.; N. E. Cole, Chap.; Birdie Cole, Supt. J. T.

Canyon Creek Notes.

CANYON CREEK, May 20.—As our precinct has not been represented in the columns of the ENTERPRISE for some time I will endeavor to report a few items of interest.

Some parties from Clark are busily engaged in erecting a saw mill at Milk creek falls near the mouth of Canyon creek.

On the 13th instant our teacher, Miss Jessie Waldron, gave a basket social at our school house. The young people gave evidence of considerable ability in rendering the literary program. Among the very best exercises may be mentioned "Lost in Tardy Land," "The S. P. R." dialogues, and "The Burning Ship," a recitation by Miss May Scott. Nineteen baskets were sold; receipts \$8.20.

Miss May Scott, whose home is near Portland, is spending some weeks as the guest of Misses Inez and Elva McLain. The latter gave a social party on the 18th instant in honor of their guest. The young people present were, Messrs. John and George Robeson, Ralph Young, Ed., Frank and Robert Wright, Frank Ayers, Jos., and Arthur Rees, and the Misses Jessie Robeson, Inez and Elva McLain, Laura Wright and Mrs. Lizzie Rees. The wee small hours had begun a tally ere the merry makers disbanded.

Mr. Carlson, of Montana, has located at his old place near here. NEMO.

Occurrences About Marquam.

MARQUAM, May 24.—A slight earthquake was felt at this place last Sunday evening,

about 5 o'clock. The shock made the windows rattle in the houses.

Road Supervisor Doons has been doing some good work this week blasting dumps along the thoroughfare thereby improving it very much.

The fruit crop is reported not to be as good as last season. Too much rain is the cause.

Marquam has had quite a stirring up the past week. The three political parties presented their issues to our citizens Wednesday, Thursday and Saturday. Owing to the very busy time the crowd was meager on each occasion. Our citizens express their dissatisfaction in not having a joint discussion as formerly given in the campaign.

J. W. Baker closed a successful term of school at Marquam Friday. He departed on Monday for his parental home in Nebraska where he will visit his parents during the summer.

Messrs. Wade & Hartman opened a new butcher shop at Marquam this week which is a valuable addition to the town.

Geo. Young and family departed for Iowa Tuesday where he expects to reside. A Danish Sunday school has been organized at the Muddy creek school house.

Mrs. J. W. Doones is visiting her sister, Mrs. M. Wilkins of Lane county, this week. Mr. Geo. Dunbevy, the blacksmith, has a list of agricultural implements to his business and his new building has a flaming sign to that effect. Dos Quixote.

KIT CARSON'S HEIR AT CURRINSVILLE.

Several Buildings Being Erected—General News Items.

CURRINSVILLE, May 22.—We are all rejoicing in fine weather. Grain is looking well. The cold wind, rains and frosts combined to make prospects for a fruit crop not very good.

R. G. Palmateer will commence work on a new barn next week. Norman Tracy is also to build a new barn. Milan Stingley has the frame work up for a water tank. He also intends building a new barn. J. P. Irvin will build a new dwelling this summer. Dall Wilcox has been hit by fortune to the tune of \$20,000 or good prospects to that effect, being one of the heirs of the famous Kit Carson. We hope he will get it.

Robt. Curran arrived home last Friday with a band of horses from Eastern Oregon which he is to sell at auction the 29th. Miss A. Bowen is quite ill.

L. K. Dashiels is recovering from an injury received on the knee in Mr. Lester's saw mill. Mr. Lester himself was hurt the same way on the elbow last spring. Politics is all the go in this part at present. The Currinsville brass band will play when the candidates speak at Garfield. The people's party has many adherents in and around Currinsville.

Central Point Notes.

CENTRAL POINT, May 22.—Farmers have got all of their crops sowed and sheep shearing is in progress.

H. S. C. Phelps had one sheep a year old which weighed seventeen pounds of wool this season.

School tax in district No. 63 is now due, and will be delinquent after June 27.

There was a political mud-slinger in our midst last week from your city. We suppose his visit was for the purpose of hunting up false reports about a certain candidate. It is supposed he had heard through some way or other that there is a man up here in New Era precinct that don't care whether he tells the truth or not about E. C. Maddock. So he came up to swap lies with the New Era man. But not finding him he struck out for—well, we don't know where he went. The only description we can give of this mud-slinger is, that he puts us in mind of a catfish with grasshopper legs.

And we want to say right here that Eli C. Maddock will not lack ten votes of getting every vote cast in this home precinct the 6th day of next June.

Maple Lane Items.

MAPLE LANE, May 24.—Mr. and Mrs. Richards have been quite ill for two weeks but are both convalescing.

A. Mautz is busy putting in the rock road in front of C. Williams's property. It will certainly fill a "long felt want" as well as the mud holes.

O. Dickerson has put up a fine frame barn which adds much to the looks of the place. John Dixon has built a nice stone cellar which will be a great convenience.

A. Strack has sold 100 cords of wood to a contractor. With this cut from the dead timber in front and four or five acres more slashed a great improvement is made.

O. L. SEE.

Mountain Home Items.

MOUNTAIN HOME, May 24.—Mr. Cox is treating his new house to some paint, and getting it ready for occupancy soon.

The Heckart brothers have traded their farm here to a German for a farm across the Willamette.

Mrs. Frank Sliutes has just returned to her home after a week's visit to her parents and friends at this place.

Mink Notes.

MINK, May 21.—While rolling a large rock out of the road with a yoke of cattle John Moeheke got behind with a crow-bar to lift. The rock rolled back on the bar causing it to strike John in the face cutting quite a gash in his right cheek.

Quite a crowd went to Portland from here last Sunday to see the war ships.

Fruit was injured more by the late frosts than was at first supposed.

Some of the farmers are going to haul wheat at seventy-five cents. They are tired of waiting for the dollar a bushel.

Mountain View News.

MOUNTAIN VIEW, May 25.—The continual stream of wagons rolling by loaded with grain is evidence that there must still be some money in the country, our people's party folks to the contrary notwithstanding.

Henry Hunter has his house finished, and has rented the same to Joseph Green for one year. Henry Holmes is building considerable

new fence along the line of the Wm. Holmes place.

Geo. C. Bly is down in Oregon City building a house for J. M. Taylor which shows that he can do something besides weighing groceries and handling the yard stick.

Mr. Clyde Pierce who has been confined to the house for three or four months has got so much better as to be around by the use of a cane.

Willie Miller has a job of work at Portland with his team and he went there today.

The meetings of the Y. P. S. C. E. of this place have been changed from Monday to Thursday evenings.

C. P. Dix, the Canby lumberman, passed through town one day last week. He reports Canby up and doing, which insures success for the republican ticket.

OMEGA.

ITEMS FROM CANBY.

Various Building Improvements in Progress—General News Notes.

CANBY, May 24.—Mr. Grunton, Dix's engineer, has purchased a small tract of land of V. L. Mack and now has two men engaged in building a dwelling and will soon move his family there. Mr. Chas. A. H. Lee is treating his house and fence to a new coat of paint. Halverson, the painter, is doing the work.

It seems that Canby is having an insanity spell. Last Thursday Mr. Haltzman was sent to the asylum and today a warrant was issued for Mr. Marye who was taken to Oregon City on the afternoon train by a deputy officer, but the judge failed to find him wanting in intellectual resources.

Mr. Herman of Molalla is in town looking after his interests here, and is on his way to Portland to see the naval gists.

D. J. Cox is having a severe siege of chills and fever.

OSWEGO OCCURRENCES.

Improvements in the Iron Town—General News of the Vicinity.

OSWEGO, May 24.—Every one is complaining about the warm weather. It seems that nature can't satisfy the whims of human beings.

The four-year-old daughter of P. McCubbin died last Saturday. The remains were taken to Sellwood for burial.

Miss Ada Fishburn returned from Corvallis where she has been attending college. E. L. Davidson has gone to Portland to work in Plummer's drug store.

W. W. Todd met with an accident at the foundry Monday. He was caught under the lower jaw by the iron hooks to which the pipes are hooked when taken from the moulds. However, it was not so serious as to prove fatal.

Wills Bros. have their new brick office painted in colors.

A. N. Will has his house ready for plastering.

There is some talk of building a race track at this place on what is known as Wills's Meadow, near Willsburg station. Wm. Wills had three swarms of bees come from one stand in the first two weeks of this month and saved them all. The search light exhibition given by the Charleston and Baltimore was a grand success. The lights were plainly seen at this place. Several blasts on the sirens were given.

No need to take those big cathartic pills. Dr. J. H. McLean's Little Liver and Kidney Pills are more agreeable and effective.
