The foregoing is a fac-simile of an official ballot for Oregon City precinct No. 1 complete. The form is changed because the columns of the paper are not long enough to contain the ballot in one continuous strip. But the matter is the same in every respect.

The ballot is the same as will be voted in every precinct in the county except that the precinct named at the head of the ticket will be changed for the respective precincts and the nominees for constables and justices of the peace will be changed in the different districts.

About 30,000 of these ballots will be issued for the election June 6. Half of these will be on colored paper and are to serve merely as samples though they will be precisely like the ballot to be voted except as to the color of the paper. None of the colored ballots can be voted.

The voter receives one white ballot from the judges of election and with it retires to the booth. He may if he chooses have a sample ballot with him which he has previously prepared at his leisure and can mark the real ballot in the same manner. All the names he does NOT wish to vote for must be cancelled, scratched out with the indelible pencil provided in the booth or with pen and ink. If the voter desires to vote for some name not printed on the ticket he may write the name on the blank line provided for the purpose.

The names NOT SCRATCHED are the ones voted for. But care should be taken not to leave more unscratched names than you are entitled to vote for. Except for representatives only one name should be left for each office. If you wish to vote for a name not on the ticket scratch all the printed names and write the one you want. For representatives leave three unscratched.

It should be observed that the names are placed not according to party or date of nomination but according to the position in the alphabet of the first letter of the surname. So under one office a republican may be named first, under the next a democrat and under another a people's party candidate or a prohibitionist. Care should be exercised to leave the one intended to be voted for entirely without any cancelling mark.

If a voter spoil a ballot while preparing it in the booth he may return it to the judges and get another clean one.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at G. A. Harding's drugstore, regular size 50c. and \$1.00.
