SPRAY OF THE FALLS.

Do you believe in SIGNS? Try Casler's delicious ice cream. For your ice cream soda go to Casler's. Receipt, note and order books at the ENTERPRISE office. When you want ice cream by the quart, pint or dish go to Casler's. Furnished rooms to let on the bluff. Inquire at the ENTERPRISE office. 3t. Take your babies to the New York gallery and get a good picture while you have the chance. Look at the complete refutation of the charges against Maddock and Ramsey on the first paper. See how Maddock supported Samson both years he ran. E. J. Cushing of the Castle saloon was arrested last Monday morning for keeping the front door of his saloon open on Sunday. He pleaded guilty and was fined \$5 which he paid. At the farmer's institute to be held in New Era next Saturday the people are invited to bring basket lunches and enjoy an informal dinner. The institute will begin its work Friday night. There will be a dance at New Era hall every Tuesday and Friday evening during the continuance of the state Spiritualist camp meeting which will begin next Friday, June 10. Music by the Clackamas orchestra. Oregon City's biggest political meet will be held in Shively's theater Saturday night. Judge Caples will be present and other speakers will assist in edifying and enthusing the crowd. There is no-thing proxy about Judge Caples. A young Indian about twenty-four years of age who had been attending the training school at Chemawa was fishing for eels in the Willamette last Friday when he missed his footing and was carried over the falls. No tracts of the body were found. There will be an elocutionary and vocal entertainment at the Park Place chapel Friday evening June 3, 1892 by Professor Edwin H. Price and wife for the benefit of the library fund. Come and lend a helping hand and we will guarantee a good time. The Teasel Creek campmeeting of the Methodist church south will begin Friday June 10 and close Sunday June 19. The meeting will be conducted by Rev. W. L. Mollory, pastor of the Teasel Creek church. Rev. J. W. Craig and P. P. Wilson of California will be in attendance. All are invited to attend. Mr. Maddock met Louis Dickleman at Sandy last week where he was engaged in distributing the Courier Extra containing his own statement against Maddock. Mr. Maddock at once cornered Dickleman and compelled him to eat his own words in the presence of a number of influential Germans of that locality. John W. Confer, who died in February 1891, bequeathed \$4500 to Emma Fishburn and \$200 to her daughter Ada both bequests being notes due deceased. The daughter being but sixteen years of age the mother has applied to be appointed her guardian and has also made application for the interest upon the notes that has accumulated since the bequest was made. The national editorial association came up from San Francisco arriving here by special train over the Southern Pacific Monday afternoon. There were twelve coaches with about 400 delegates. They disembarked from the train at Fourth street and passed to the steamer Harvest Queen which was lying at the Union Pacific wharf in readiness to carry them to Portland. Shively's theatre was crowded to the doors last Monday night to witness "The Ivy Leaf," presented by the Powers' company of New York. It was a first-class performance. The dancing and singing were superb and captured the house completely. It was the best theatrical performance ever in Oregon City. Some confusion was caused by the duplication of seat numbers on the chart. This arose from having a defective box sheet to sell from.

TEACHERS MEETING.

THE REGULAR MONTHLY SESSION OF THE ASSOCIATION.

The Next Regular Meeting to be Held in Union School House at Damascus.

At New Era school house last Saturday the Clackamas county teacher's association was called to order by Superintendent Thomson. There were about twenty-five teachers present among whom were the following: The Misses Williams, Hill, Brooks, Thomas, Knight, Doering, Thomson, Porter, Stephens and Messrs. Thomson, Johnson, Lee, Nelson, Winches, Dunn, Robb, Rogers, Hyatt, Pease, Draper, Darnell, Weddell and others, besides a small attendance of patrons and children. After reading the minutes the following teachers were duly proposed and elected members of the association: Misses Grace Moran and Bertha Doering, and W. E. Johnson and M. E. Darnell. Union school house, Damascus, was chosen as the place of next meeting and Mr. Robb, Mr. Rogers and Miss Williams were appointed to arrange the program.

C. Y. Draper then opened the subject of modes of punishment which was discussed by the association. Miss Williams discussed rules and regulations and was followed by the Misses Hill, Brooks, Doering and several of the gentlemen. Mr. Darnell then gave an address on Human Progress and Mr. Pease read an able paper on advanced penmanship, after which several short speeches were made for the good of the order. At this juncture an interruption came in the form of an invitation from Warner grange for the teachers to step over to the grange hall and take dinner to which they heartily responded and did ample justice to the bounteous repast spread before them. After dinner Dr. Casto introduced Prof. Letcher of the state agricultural college who made a pleasant address to the assembled teachers. The afternoon session was devoted entirely to the discussion of grammar which became animated and interesting, nearly all present taking part. The programme committee then reported the following for next meeting: Song—A. N. Cook. Language Work—Miss Hill. Discussion. Busy Work—Miss Baird. Discussion. Drawing in Country Schools—Miss Brooks and Mr. Hyatt. Music. Intermission. Music by the association. Use of Globe in School Work—C. Y. Draper. Discussion. Methods of Teaching History—G. H. Dunn. Discussion. A vote of thanks was then given to the women of Warner grange and the W. C. T. U. for their hospitality in furnishing us such a good dinner and the association adjourned. HORNETTE.

MADDOCK DID VOTE FOR SAMSON. NEW ERA, Or., May 30, 1892.—[TO WHOM IT MAY CONCERN:]—Having noticed an article in the Oregon City Courier of May 27, 1892, that E. C. Maddock, republican candidate for sheriff, refused to work or vote for W. W. H. Samson, we, the undersigned, judges and clerks of election in New Era precinct, Clackamas county, Oregon, at an election held in this precinct in June, 1888, certify that we saw Maddock take his ticket off of the table and fold it in our presence, and that he did vote for Samson, and that the statement published in the Oswego Iron Worker to that effect is a true and correct statement. Judges, J. H. BLANCHARD, dem. MATTHIAS DOSEY, dem. Clerks, J. F. BRIDGE, dem. G. H. FOSTER, rep.

VOTE FOR GORDON E. HAYES FOR STATE SENATOR.

He is not a political weather vane shifting with every breeze that blows. He is not in politics for revenge. He will make an active and progressive and safe servant of the people. He should be elected by a handsome majority.

WEATHER AND CROPS.

Report of the Condition in Western Oregon for the Week.

WEATHER. The fore part of the week was warm and cloudless, while the latter part was cool and cloudy. No rain has fallen during the week. The maximum temperature ranged from seventy to eighty degrees; the minimum temperature from forty to sixty degrees. CROPS. The weather conditions were exceedingly favorable to all vegetation and there has been a marked growth. There is already a desire for more rain to moisten the surface soil, as it has become quite dry and hard under the influence of the warm, dry days. Fall wheat and oats are heading in most counties, while rye in sections has headed out. Late sown spring wheat is not so promising owing to the warm and dry weather coming on so rapidly, and a good rain would do it much good. Clover, timothy and alfalfa is being cut, much of it is down and being cured; the hay crop is unusually heavy and of superior quality. Corn planting is about done; there has been an increased acreage of corn, especially in Clackamas and Jackson counties. Late potatoes are being planted and summer fallow is being worked. Hops are coming up very irregularly, but are making better growth than previously. Hop lice have made their appearance. Strawberries are ripening rapidly, and the crop will be a good one; rasp and blackberries are in bloom. The fruit crop is more or less injured in every county, in some counties the peach crop is short, in others cherries and prunes, in others apples. The rains and frosts did the damage that at the time was supposed to have been done. RIVERS. The Columbia river has risen during the week about one foot a day, causing back water at Portland and a rise in the Willamette and 0.8 of a foot a day. At Portland the lower docks are covered. Reports indicate a steady and continuous rise of the Columbia. PORTLAND, May 25.—The chief of the weather bureau requests the publication of the following data, compiled from the record of observations for the month of June, taken at this station during a period of twenty years. TEMPERATURE. Mean or normal temperature 63.3 degrees. The warmest June was that of 1880 with an average of 65.8 degrees. The coldest June was that of 1880 with an average of 59.5 degrees. The highest temperature during any June was 90 degrees on the 17th, 1876. The lowest temperature during any June was 33 degrees on the 4th, 1875. PRECIPITATION. (RAIN AND MELTED SNOW.) Average for the month, 1.86 inches. Average number of days with .01 of an inch or more, 11. The greatest monthly precipitation was 5.38 inches in 1888. The least monthly precipitation was 0.08 inches in 1883. The greatest amount of precipitation recorded in any twenty-four consecutive hours was 0.94 inches on the 10th in 1888. CLOUDS AND WEATHER. Average number of cloudless days eight. Average number of partly cloudy days, nine. Average number of cloudy days, thirteen. WIND. The prevailing winds have been from the northwest. The highest velocity of the wind during any June was from the southeast, thirty miles on the 3rd, 1882. Lost—Reward. A leather pocket book containing \$420 in currency and some other papers was lost, probably on the wagon road between Silverton and Molalla Corners. The finder will be liberally rewarded by communicating with the undersigned owner. JULIUS NELSON. Meadow Brook, Oregon. Care A. S. Carlson. 4t. If you are dry just drop in at the post-office and get a good glass of Soda Water. Free soda with every 25 cent purchase. Windows and door screens for sale by J. Circuit Court Cases.

Mason Eberman & Co., wholesale grocers of Portland, have commenced a suit against S. S. Jennings for \$410 37 for goods obtained. C. H. Dye is attorney. John Rametsch asks for judgement in the sum of \$173.80, against William Connel and William Paine on a labor claim. The answer filed by the defendants is a general denial of the allegations in the complaint. It avers that a contract to pay \$1 a cord for piling wood near Lentz postoffice was made but that the contract was abandoned by plaintiff and all that was due, \$150, was paid him. The wood in question has been attached.

Another Beaver Creek Festival

It is a well known fact that the Welsh folks of Beaver creek take the lead in enjoying a good social time and festivals. There will be a nice full moon and a large gathering is expected and everybody is invited. Don't forget the day, Thursday the 9th.

House for Rent.

Six-room cottage on the bluff at the head of Fourth street stairs for rent. Pleasantly located and with city water in kitchen. Apply to F. A. Toepleman. Do not wear impermeable and tight-fitting hats that constrict the blood-vessels of the scalp. Use Hall's Hair Renewer occasionally, and you will not be bald. Boils, carbuncles, and eruptions of all kinds are nature's efforts to throw off poison from the blood. This result may be accomplished much more effectually as well as agreeably, through the proper excretory channels, than the use of Ayer's Sarsaparilla. No need to take those big cathartic pills. Dr. J. H. McLean's Little Liver and Kidney Pills are more agreeable and effective. For rheumatic and neuralgia pains, rub in Dr. J. H. McLean's Volcanic Oil Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. Sickness comes uninvited, and strong men and women are forced to employ means to restore their health and strength. The most successful of all known remedies for weakness, the origin of all diseases, is Dr. J. H. McLean's Strengthening Cordial and Blood Purifier. Justice blanks, real estate blanks, and all other blanks at the ENTERPRISE office. Portland prices.

Served—the life that is fighting against Consumption. Only—a net promptly. Put it off, and nothing can save you. But, if taken in time, Dr. Pierce's Golden Medical Discovery will certainly cure. It must be done through the blood—and the "Discovery" is the most potent blood-cleanser, strength-restorer, and flesh-builder that's known to medical science. The scrofulous affection of the lungs that's called Consumption, and every form of Scrofula and blood-taints, all yield to it. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, and all severe, lingering coughs, it's an unequalled remedy. It's the only one that's guaranteed. If it doesn't benefit or cure, in every case, you have your money back. Can anything else, at any price, be really as cheap? You pay only for value received. Something else, that pays the dealer better, may be offered as "just as good." Perhaps it is, for him, but it can't be, for you.
