CAMPBELL RESIGNS
Business Keeps Him Out of the Campaign.

IMPORTANT NEWS IN GENERAL.
The President's Family on a Vacation—California River Convention—National Highways.

WASHINGTON, July 5.—Hon. W. J. Campbell, chairman of the republican committee, was in conference today with the president, Secretaries Rusk and Elkins, Commissioner Carter and ex-Senator Spooner, nearly four hours. At the conclusion of the conference Campbell made the following statement, saying he had nothing further to say regarding the question at issue. The statement is as follows:
"When elected chairman of the republican national committee, it was with the distinct understanding that my business engagements then pending might render it impossible for me to act in that capacity. The contingency was fully understood by the committee and others directly interested. Since the adjournment of the committee I have been unable to adjust my affairs so as to render it practicable for me to act as chairman, and I therefore, as I reserved the right to do, have announced that I will not so act. Under the authority vested in me by the national committee, I will probably announce the executive committee within the next few days, and the committee will meet at an early date. At the meeting I will formally tender my resignation, and my successor will then be elected. My successor will be chosen by election by the executive committee as authorized by a resolution adopted by the national committee."
The names most prominently mentioned tonight in connection with the chairmanship are those of Commissioner Carter, J. H. Manly, Maine; Samuel Fessenden, New Hampshire; and Mr. Hobart, New Jersey.

The President on a Vacation.
WASHINGTON, July 5.—The president and Mrs. Harrison, Lieutenant and Mrs. Parker, and Mrs. Dimmick will leave Washington at 3 o'clock Wednesday afternoon in a special car over the Pennsylvania railroad, for Moon lake, Adirondack mountains. The president's intention is to start on his return trip to Washington Monday morning. Mrs. Harrison will spend July in the Adirondacks, in hopes of regaining her health.
California River Convention.
SACRAMENTO, June 30.—The river convention, called for August 6th, promises

to be one of the most interesting since the fierce struggle of 1780 between the valley farmers and the hydraulic miners. The high stage of water in the Sacramento and American rivers, which for many days threatened not only this city, but the valley farms, with inundation, has thoroughly aroused the farmers. They demand that something be done for the protection of their homes, and active measures will be taken, not only to suppress all hydraulic, but to restore, if possible, the rivers to their original condition.

AMMONIA AND SUICIDES.
One of the Most Certain Agents for Causing Death by Slow Poisoning.

[New York Sun.]
Of the number of those seeking suicide by following some form of poison, probably there are few who have sought to kill themselves by means of ammonia. Nevertheless ammonia, although it is the active agent in most of the salts sold to women for their gait decorated and perfumed scent bottles, is poisonous when taken internally in a concentrated form. To attest this there have been recently in New York several cases, the most recent being that of Herman Harowitz, of which Deputy Coroner Jenkins said that death took place in a comparatively short time after the ammonia was taken. In another case, that of a child, Dr. Jenkins said death resulted in five minutes after swallowing the ammonia solution.
There are on record also cases of slow poisoning from ammonia administered with intent to commit murder. Furthermore, the appearance of workmen in guano factories, where ammonia is set free by grinding guano, has been noted, and in every case there is an unmistakable symptom of poisoning. This is discoloration of the skin of the face, which assumes a blotched, dirty appearance. First to take on this appearance is the skin of the nose and forehead. Autopsies of those who die from ammonia poisoning reveal a dark hue on the mucous membrane lining the stomach and intestines.
As an agent for causing death by slow poisoning, ammonia is one of the most certain and most difficult of detection, owing to its volatile nature. This quality has led physicians to believe that some of the mysterious deaths that have taken place in the history of modern and medieval crime are due to ammonia. It is known now that months have elapsed between the first symptoms of sickness and the death of a person from ammonia poisoning. On the other hand death has resulted in four minutes from the time a large draught of ammonia has been swallowed. It has been found in cases of gradual absorption of ammonia in the human system that there is a general elimination of healthy oxidation of the blood and a consequent lowering of the bodily strength. In the cases of immediate poisoning death comes with frightful agony, as in the case of Harowitz. Blood gushed from his nose and mouth.
Statistics in England put ammonia thirteenth in frequency in the list of poisons. Alexander Winter Blyth, medical officer of health in the St. Marylebone district, London, cites thirty cases of poisoning by ammonia swallowed for the purpose of committing suicide, or administered with the purpose of committing murder, or absorbed unconsciously in food. Of the suicidal cases six were fatal. Of cases of murder with ammonia, Dr. Blyth notes two, both of them children.

The Prohibitionist Ticket.
CINCINNATI, O., June 30.—Ex-Governor St. John, of Kansas, at the request of the California delegation, placed before the convention General John Bidwell, of California. John Lloyd Thomas, on behalf of the New York delegation, nominated W. Jennings Demorest, Logan, of Ohio, put in nomination Gideon T. Stuart. Bidwell received 590 votes out of 974, Stuart, 129, Demorest 139. The nomination of Bidwell was greeted with cheers.
Cranfill, of Texas, was nominated for vice-president.

Cyrus W. Field's Condition.
NEW YORK, July 3.—Cyrus W. Field remained unconscious all Saturday night, but seemed to rally a little this morning and remained conscious for a short time. He recognized some of his relatives, who were in the room at that time. After that, during the day, he was conscious at times, but again drifted into unconsciousness. The attending physician says Mr. Field may die at any hour and may live a month.

British Sealers Protest.
OTTAWA, July 3.—Premier Abbott received a telegram Saturday from the British Columbia Sealers' Association, declaring that the recent seizure of Canadian vessels by the United States was illegal and asking him to bring the matter to the attention of the Imperial authorities.

THE SILVER BILL.
It is Brought to a Vote and Passes the Senate.

THE WORK OF SENATOR MORGAN.
Speculation as to the Treatment the Silver Bill Will Meet in the House.

WASHINGTON, July 1.—Tonight Morgan (Alabama senator) is the lion of the hour among the friends of free silver. Months ago Morgan undertook the task of "smoking out" senators who hung doubtfully aloof from a vote that would commit them on the silver question. He succeeded and has overthrown more than his enemies, for he obliged the reluctant senate to pass a bill as radical in absolute free coinage requirements as the most devoted friend of the white metal could desire. The bill now goes to the house, and that body, which buried the question, as supposed, for the present session at least, will again be obliged to face the issue.
Following is the vote on the silver bill, in the senate: Yeas—Allen, Butler, Cameron, Cockrell, Dubois, Faulkner, George, Harris, Hill, Jones (Nev.), Kenna, Kyle, Mills, Mitchell, Morgan, Peffer, Ransom, Sanders, Shoup, Squire, Stewart, Teller, Turpie, Vest, Wolcott—29. Nays—Allison, Bruce, Carey, Carlisle, Cullom, Davis, Dawes, Dixon, Dolph, Fenton, Gallinger, Gorman, Gray, Hale, Hawley, McPherson, Manderson, Palmer, Perkins, Proctor, Sawyer, Stockbridge, Warren, Washburn, White—25.

The silver bill reads as follows: "That the owner of silver bullion may deposit the same at any mint of the United States, to be coined for his benefit, and it shall be the duty of the proper officers, upon the terms and conditions which are provided by law for the deposit and coinage of gold, to coin such bullion into standard dollars authorized by the act of February 22, 1892, entitled 'An act to authorize the coinage of standard silver dollars and restore its legal tender character,' and such coins shall be legal tender for all debts and dues, public and private. The act of July 14, 1890, entitled 'Issue of treasury notes thereon, and for other purposes,' is hereby repealed; provided that the secretary of the treasury shall proceed to have coined all the silver bullion in the treasury purchased with silver coin certificates."

A Majority Secured Secure.
WASHINGTON, July 4.—Pierce has introduced a resolution providing that on a day to be agreed upon, it shall be in order to move the suspension of the rules to pass public measures which have been previously discussed, and that a majority vote shall be sufficient. It is probable that such a rule will be reported from the committee on rules, and if the majority favor it, it will be adopted. It may be that this proposition will be adopted at the meeting of the committee on rules tomorrow, instead of the two-thirds suspension rule for Thursday, in order to secure the passage of the tin-plate and other bills, as well as the silver bill.

Will Elect Delegates.
STOCKTON, July 2.—The republican county committee today decided to call a primary election on July 16 to elect thirteen delegates to the State convention. The voters of each supervisor district will vote for two delegates from the district and three at large. This plan was favored rather than an appointment of delegates by the committee.

The Victorians Take a Hand.
VICTORIA, B. C., July 4.—It is estimated that upward of 5000 Victorians crossed the Sound today to celebrate the Americans' great holiday. The spirit of reciprocity in celebrating was marked here by a partial cessation of business, the great majority of stores and offices being closed, and flags were flying everywhere.

Weaver and Fields.
OMAHA, July 5.—The people's party convention nominated Weaver for president on the first ballot, at 1 o'clock this (Tuesday) morning. The ballot stood: Weaver 965, Kyle 275. The nomination was made unanimous. At 2:11 this morning, J. G. Field was nominated for vice-president on the first ballot. Field is of Virginia.

Sugar Bounty Paid.
WASHINGTON, July 1.—The total sugar bounty paid during the fiscal year ending June 30, 1892, was \$7,330,046, of which \$7,065,296 were paid on cane sugar, \$6,070,506 were paid to planters in Louisiana.

Weekly Bank Statement.
NEW YORK, July 2.—The bank statement shows a reserve of \$1,785,450 and a specie decrease of \$950,500. The banks hold \$18,081,860 in excess of the requirements.
