Local Personal Notes.

W. B. Biles of Portland spent Sunday in this city. Miss Lottie Baird arrived home from Heppner last Tuesday. Mrs. A. L. Lovejoy of Portland spent Tuesday in Oregon City. Mrs. Mary Holman of Woodburn, Cal., is visiting Mrs. McBride. J. H. Woller of Nedy was a caller at Enterprise office Wednesday. Mrs. Geo. Palmer of St. Joseph, Mich., is visiting her sister, Mrs. Huntley. F. H. Hatch, an old settler in Oregon City now a resident in Salem, was in town Monday. S. B. Baisley, a prominent mining man of Baker City, was in town Wednesday on business. Mr. and Mrs. W. P. Burns of Portland spent last Sunday with their son, Chas. Burns, in this city. Mrs. S. D. Meldrum left Tuesday for Klamath Falls to spend two months with her daughter Mrs. W. M. Moore. W. D. Gould, who recently arrived from Kansas, and is now living on the Morey place near Oswego, was in Oregon City Tuesday. Mrs. L. M. Fuller and daughter, Miss Lillian, of Portland, and Miss Nellie Terry and Mr. John Ludwig, of Chicago spent Sunday in Oregon City. Mrs. Charles Risley and Miss Alice Risley of Milwaukee have gone for a season at Seaside. J. S. Risley accompanied them to the coast. Mrs. H. S. Strange returned last week from Corvallis where she visited her mother and attended the commencement exercises at the agricultural college. Rev. and Mrs. J. C. Read of Portland were visiting friends in this city last Monday and Tuesday. Mr. Read was formerly pastor of the Baptist church here. Miss Eva Warren returned to her home near Newberg last Friday after visiting a few weeks in this city. Miss Win Williams accompanied her to acquire a supply of Chehalem valley tan.

The West Side School.

The West Side school closed July 1st for a four weeks vacation and will open for the fall term Monday August 1st. The same teachers having charge. The closing exercises were witnessed by quite a number of visitors and embraced an extensive and varied program which was well rendered. Miss Harrison, the primary teacher, departed the next morning for her home at Alsea bay where she will spend her vacation. Mr. Dunn has been engaged to teach a four months term at Mink during the winter vacation on the west side which will begin Nov. 21st. Miss Mamie Brooks will probably have charge of the primary department at Mink during the winter.

WILSON IN THE PEN.

HE IS CAPTURED FRIDAY IN THE CHEHALEM VALLEY.

He Makes Desperate Resistance—Finally Landed in the Penitentiary at Salem.

Charles Wilson was captured last Friday in the lower Chehalem valley by two brothers named Carter who were looking for him. One of them was a constable. Wilson tried to escape by running but was overtaken. Then he took from his pocket a razor, with which he had shaved off his mustache so as to escape identification, and flourished it. Instead of cutting himself, however, he sat down on a log and removed a shoe from his foot and threw it at his assailant. A rough and tumble tussle ensued during which Wilson bit Constable Carter's finger. A club was brought into requisition and Wilson's arm was broken by a blow from it. Then he surrendered at the muzzle of a gun. He was taken to McMinnville and lodged in jail and the same night driven to Salem and put in the penitentiary where he still is. He had to be put in a straight jacket in order to keep him from removing the splints from his broken arm.

A petition was gotten up in Milwaukie and numerous signed throughout the county, asking Judge McBride to hold a special term of court and that Wilson be brought back to Oregon City and speedily tried and punished. If the trial is postponed till November it is thought Wilson will either have committed suicide to cheat the gallows or will have made himself a raving maniac. In giving an account of the finding of the button where Minnie Walsh was killed last week, Detective Day's name was mentioned instead of Geo. A. Reed. The latter was the one concerned and it was following up his theory that that evidence was obtained and he is entitled to the credit for it.

Mr. Welsh has prepared the following recognition of the work of the officers for publication in the Enterprise:

To the detectives and officers of Clackamas and Multnomah counties, and to the citizens of Milwaukie the undersigned desires to express his sincere thanks for their vigilance and kind assistance in ferreting out and obtaining the confession of the murderer of my little daughter Mamie; and especially do I thank George A. Reed for his untiring efforts, for I feel that it is due to his vigilance in hunting up the evidence of guilt that rendered the confession of the murderer Wilson.

Notice to Bridgebuilders.

Notice is hereby given that bids will be received by Clackamas county at the office of the county clerk of said county up to August 4, 1902 at 2 o'clock p. m. for the construction of a bridge across the Tualatin river on the F. M. Campbell road. Plans and specifications to be furnished by bidder. A deposit of five per cent of amount of bid required. The county reserves the right to reject any or all bids. Geo F. HORTON, July 14, 1902 County Clerk.

Roll of Honor.

The following pupils of Mulino district No. 84 were neither absent nor tardy during the month ending July 1, 1902: Bessie Logan, Winnie Logan, Julian Kellogg, Aggie Wallace, Herbert Trullinger, Ned Smith and Fred Wallace. L. T. ANDERSON, Teacher.

As there is no royal road of learning, so there is no magical cure for disease. The effect, however, of taking Ayer's Sarsaparilla for blood disorders comes as near magic as can be expected of any mere human agency. This is due to its purity and strength.

Captain Coe and George Matthias, of Hood river, are building a steamer to be used for excursions, etc. She will be about thirty feet long and will be allowed to carry probably twenty-five to thirty passengers.

Last Sunday the thermometer registered 105 in the shade in Heppner. Several days last week it registered as high as 100.

WORK OF THE COUNCIL.

The Matter of Settling With Contractor Peters for Seventh street.

Thursday night of last week the council met and ordered paid the bill for ten special police officers on the Fourth. The matter of paying Contractor Peters for his Seventh street job came up and the city engineer recommended that the street be accepted. The finance committee was instructed to look into the case and ascertain if the city was liable for any of Peter's unpaid debts.

Monday night another council meeting was held and the finance committee filed a report making the following showing: Cost of improvement \$11,632.61; Filling city lots and public square 442.40; Drain tile 206.40; Extra work and material 671.13; Total \$12,962.54.

Amount paid Peters to date \$8,978.80; Amount apparently due Peters \$3,976.74; Cost of travel 180.85; Amount now due Peters \$3,700.89.

The committee also recommended that the engineer's report be adopted and \$3,700.89 be paid Mr. Peters when he files with the city a good and sufficient bond in the sum of \$4,000 protecting it from all liens and claims for which the city might be liable on the street improvement. This report was adopted with the modification that the settlement be left in the hands of the finance committee. So the finance committee attended to the settlement but there was not enough money due Mr. Peters to pay his debts. It is doubtful, however, whether the street is subject to lien for the unpaid bills for labor or materials.

The following bills were ordered paid at the regular meeting for July: Sidney Smyth, \$1.65; John Trembath, 2.50; Chas. Babb, 8; John Kelly, 62.50; Wilson & Cooke, 14.62; John Bittner, 5; Courier, 7.13; L. L. Porter, 32.50; Jos. Purdom, 77.50; Geo. W. Rich, 1.80; W. F. E. Co., 138.87; Enterprise, 13; Cataract Hose Co., 2; C. Hobog, 50; Pope & Co., 30; Hugh Peters, 8.

Northwest News Notes.

A fish wheel near Texas Ferry, in Columbia county, caught 400 pounds of salmon in one night last week.

The recent rain was worth hundreds of thousands of dollars to Umatilla county. A few days of hot weather, followed by a cold snap and then by wind, had somewhat damaged the prospect in several localities, but the rain came in time to greatly lessen the danger of a partial failure. Considerable alfalfa hay, just cut before the rain, has been damaged, but this can well be borne.

The salmon are running mostly on the Oregon side of the Columbia river so far this season. This is accounted for by the current of the river along the jetty being swifter than on the Washington side. A salmon on first striking fresh water is full of life and will take the strongest current and eddies to be found, and, consequently, the fish are now running up the Oregon side.

Prineville News: An average of 14 cents per pound for all the wool that has left Crook county during the past weeks is good enough reason for the prosperity of our sheepman. This price is but a moderate one, and when wool returns are all in, it is likely that a higher average price will have been received.

A large number of Siwash were in The Dalles Tuesday making inquiries regarding the finding of an Indian in the river at Troutdale. It appears that one of the illicians was drowned at Celilo several months ago, and nothing has been heard of his remains since. These aborigines have an unwritten law among themselves that the property of deceased friends is equally divided among those remaining, and as this one has a large number of horses, his friends are anxious to find his remains.

THE BOARD OF TRADE.

Bills Paid—The Matter of Road Improvement Eagle Creek Discussed.

There was not a large attendance at the board of trade meeting last Monday night but the bill of \$34.70 for the illumination of the falls on the occasion of and the Enterprise bill of \$6.75 for badges were ordered paid.

A report from the Presbyterian assembly committee was presented. It showed that 350 of the commissioners availed themselves of the free tickets and visited Oregon City and were generally pleased with what they saw here. The 600 photographs of the falls were distributed among the commissioners. The total expense of providing the souvenir photographs and transportation was \$143.40 and the contributions for that purpose exactly equalled that sum.

There was a general discussion of the matter of improving the roads leading to Oregon City. The road from Deep creek to Baker's Ferry on the Eagle Creek route needs immediate attention. That strip is about four miles long. Its improvement would give people from the Eagle Creek country much easier access to Oregon City. The committee on roads and highways was instructed to visit Eagle Creek and see what could be done to improve that stretch of wagon road.

The west side road leading to Fields bridge was declared to be the worst road leading from Oregon City. It also came from a territory that was naturally tributary to this town but the people of that section are driven to Portland because the road hither so impassable. The attention of the committee on roads and highways was also directed to that road with the idea that a means for remedying its shocking condition should be devised.

The chair spoke of the advantages of having committee reports presented in writing and asked that the committees present their reports in that form so far as practicable.
