**The State Normal School.**  
The State Normal school at Monmouth has made a remarkable growth during the past year, as shown in a gain of 87 per cent in attendance over the attendance of the year before.

The enrollment this year reached 400 students and the faculty anticipate that the number will reach nearly 500 next year. The school is wide-awake, full of life, and draws a remarkably fine body of students. Two new members have recently been added to the faculty. Prof. P. A. Getz, a graduate of the Millersville, Pennsylvania, State Normal, and Miss Alice L. Priest, a graduate of Cornell university. The music department has also been strengthened by Miss Fanny A. Ayers, a specialist in vocal culture, who has studied with some of the most famous singers of America.

The school is broadening its work in many ways and is rapidly adding to its facilities for the training of teachers. The rapid growth of the school would indicate that it is doing all in its power to merit the highest degree of success.

### A Painful Accident.

Last Sunday Misses Marie Aschoff and Minnie Jaggard of Marmot were taking a horseback ride for pleasure to Elk Flat, when Miss Aschoff's saddle turned. She was unable to free herself and her pony, becoming frightened, jumped about her helpless form, kicking and striking in all directions. Fortunately Christian Donovan, who was going to Salmon river, was present and promptly lent assistance.

It was found that the pony had struck her right arm, and broken both bones above the wrist, besides causing several bruises. A wagon was procured from Mr. Moore, and the patient brought home, where the arm was set and placed in splints. Miss Aschoff is a first rate horsewoman, but a loose saddle is a dangerous thing.
