Oregon City Enterprise. THE BOOM IS COMING.

FRIDAY, JULY 22, 1892.

The way to build up Oregon City is to give Oregon City people your patronage

THE HOP MARKET.

London, England July 19.-There has not been much alteration in our market recently. Brewers buy only what they need for immediate use. Nothing is doing in old hops. The reports are generally favorable.

The papers say that Judge McBride is teaching some of the witnesses a whole- power Mr. Morey is quoted as saying some lesson. One man came to the "I believe the time is not far distant stand at Hillsboro the worse for liquor when a water-fall of any magnitude can whereupon the judge fined him \$10 and be made available to even as great a ten days in the county jail.

the Eugene Register says: The Oregon City company began tunneling on the is about 6000 horse-power. Outside of charged, it being now but half as much Sth and like the balance of the claimants our own purposes, about 4000 horse- as last year. Many more boxes are now think they have a good property. All power is being utilized, all of which is rented than formerly. of them have done enough to prove they on free-water basis for six years longer. are possessors of vast quantities of Construction will not commence until mineral bearing rock The assays yield all the details have been settled upon, both gold and silver and presumably in but active work at the falls will do doubt paying quantity.

To meet the demand of the trade C. A. Nash has put in the finest class of musical goods ever brought to Oregon City, violins, guitars, accordions, harmonicas etc., all of the very best make and which will be sold at Portland prices. Full stock of strings. Orders by mail promptly filled. Remember the structors have been secured and special place, at Nash's jewelry store, opposite Charman Bros. block, *

A gentleman just in from the Bonanza mine at Greenhorn mountains, near Baker City, says that rubies have been discovered near there which are worthy of mention. They have the appearance of the genuine article in color, and to all appearances are rubies. He said they were about the size of peas, and have the octangular shape of a cut stone. He secured over 100 of the little gems.

A Big Consolidation Affecting Water Power Interests.
