THE READING ROOM MEETING .- At the public meeting to promote the reading room project at the Baptist church last Friday night the auditorium was packed. Chairman Brownell presided and short addresses were made by E. F. Driggs, Prof. Pringle. Revs. Hillebrand, Giboney, Sykes and Parker. A membership list was made out and a contribution paper started. A Reading Room association was organized with Geo. C. Brownell president, Mayor Sullivan vice president, Geo. Rinearson secretary. E. F. Driggs treasurer, Revs. Hillebrand and Parker, Mrs. Driggs, Mrs. Brownell, W. A. Huntley and O. E. A. Freytag executive committee and James Shaw, T. W. Sullivan and Rev. With but few exceptions the crops are all in warehouse and a good many in the bale. We can now fairly estimate the crop at about one-half of that of last year, or in round numbers twenty thousand bales. Oregon will produce this year about seventeen thousand bales. There has been about eighty thousand bales grown on the Pacific slope. New York has produced this year one hundred and fifteen thousand baies-substantially the same quantiy as last year, but of better quality. > THE HARGRAVES KEENEY COMPANY .-The Hargrayes Keeney dramatic company was at Shively's theater last week Thursday, Friday and Saturday evenings. The company came to Oregon City without notice, putting in dates fixed for The Dallas where the theater burned leaving their dates vacant. The first night Forget Me Not" was played, Friday night "New Magdalen" and Saturday night "The White Slave." The attendance was slim by reason of the lack of advertising. The entire strength of the company was lodged in the star, Ads. Hargraves Keeney, who posessed much talant and made a decidedly good appearance on the stage. Her support was weak. The Saturday matinee advertised was not given owing to lack of patron-

> STOLE THE HORSE AND BUGGY .- Last Monday afternoon F. J Baxter and James Van Zandt, (the latter colored) of Canby got a horse and buggy at W. H. Cooke's livery stable in this city for the ostensible purpose of driving to Clackamas station, promising to return that night. They did not return, however, and Tuesday Mr. Cooke reported William R Wade and wife to John the case to Sheriff Ganong who immediately took steps to overtake the thieves. The officers are on their track but at the time of writing, Wednesday night, have not captured the culprits.

ARSENIC AND AMMONIA.

Remarkable Contrast in the Effect of Two Poisons on the Complexion.

The slow absorption of many poisons changes in some more or less modified form the complexion, but arsenic and animonia show their effect about as quickly as any. The popular belief that arsenic clears the complexion has led many silly women to kill themselves with it in small, continued doses.

It produces a waxy, ivory-like ap-For Columbus Day, -Superintendent pearance of the skin during a certain

> Many people are slowly absorbing ammonia poison without knowing it. The use of ammonia in the manufactures has greatly increased of late, and it is unquestionably used as an adult-rant in certain food preparations. Official analysus have plainly shown its use even in such cheap articles of every day consumption as baking powders. The continued absorption of ammonia in even beveled glass for \$16.
