ROBBED THE BANK.
Ten Thousand Dollars Stolen From a Roslyn Bank.

THE ROBBERS STILL AT LIBERTY.
Surprised and Fired Upon—Other News Matters of General Interest.

ELLENBURG, Wash., Sept. 24.—Word was received here from Roslyn today that the bank of Abrahams, Snipes & company has been robbed. Five masked men rode up to the door at 2 o'clock and when they left they carried with them a sack of money said to be \$10,000. Today was pay-day at the Roslyn mines and \$40,000 arrived from Tacoma this morning. The robbers supposed the money was placed in the bank, though it was taken to the company's office. They executed their plan in a manner which would have done credit to the James boys.

Cashier Abernethy was writing when the first robber entered, and turned to wait on the supposed customer, but found himself facing a revolver. Dr. Lyons, who had entered just after the first highwayman, turned to go out, but instead dashed against a pair of revolvers in the hands of a second robber. The third confederate entered, picked up Cashier Abernethy's revolver and knocked him down with it. He rose, his head streaming with blood, and was told to keep quiet if he wanted to live. The third man then walked to the safe which was open, took out the coin and bills, shoved the money in a canvas bag and threw it over his shoulder. The three then went out, joining two more men who had been stationed so as to guard all the approaches.

S. A. Frazier, the assistant cashier who was outside, grabbed a shotgun and made for the bank, when one of the robbers stopped his progress by placing a bullet in his hip. A colored man named Conoley was shot in the leg and several others had narrow escapes. One of the robbers held the reins of five splendid horses, and as soon as the vanit was looted, all mounted. Then, after firing up and down the street, they put spurs to their horses and dashed away, disappearing on the trail over the mountains north of Roslyn.

TACOMA, Wash., Sept. 25.—A sheriff's posse of thirty men in pursuit of the Roslyn bank robbers came upon three of them in a dense forest in the Teanaway basin, twenty miles east of Roslyn, last night. A battle ensued and one of the desperadoes was wounded. All three escaped in the darkness. The meeting was a surprise to the pursued and pursuers.

ORIGINALS IN BOISE.
Hopes That Their Depredations Will Soon Be Ended.

BOISE, Idaho, Sept. 24.—The bold looting Friday morning of the postoffice at Weiser, a town some sixty miles from Boise, coming on top of many other daring crimes committed recently in this section of the state, has inspired the federal, county and railroad officials to commence a systematic hunt for criminals. Within six months clever freebooters, presumably the same fellows who have robbed three postoffices, have held up a train and committed other bold offenses. The officials are convinced that an organized gang of outlaws is operating in Idaho, and that if they are not speedily stamped out they will take to wrecking trains and other heinous crimes. At Bellevue a few days ago, by getting the drop upon them with Winchester's, a posse succeeded in arresting two men, armed to the teeth and loaded with burglars' tools. They had already held up the proprietor of a jewelry shop at Halley and despoiled it of a costly lot of plunder, and from their actions the officers inferred that the robbers had designs upon the express-car of a train on the Wood river branch of the Union Pacific system. A sensational story is current that the desperadoes now in southern Idaho came here with the intention of abducting Jay Gould, who recently passed a month in the Wood river region. Officers are endeavoring to connect Fitzgerald, Edwards, Smith and Morrison, just arrested in the Bear lake country with a large drove of stolen horses, and the recent robbing of passengers on a Union Pacific train near Weiser. Important arrests are expected within the next few days.

CANDIDATES THROWN OUT.
A Technicality May Work a Change in Vermont.

NEW YORK, Sept. 25.—Bradley B. Smalley, a member of the democratic national committee and candidate for governor of Vermont, announced tonight that he had made a discovery, which, if contested, would give to Allen, the prohibitionist candidate, the office of governor of Vermont. Smalley said that, while Allen received but 1200 votes, he was the only candidate for the position who was eligible, if the conclusions of both Chairman Carter, of the republican, and Chairman Harrity, of the democratic national committee, were correct. By advice of counsel both chairmen have written a letter, advising any persons who may have been nominated for presidential electors, and who are directors of national banks, or who hold public offices of trust or profit, to withdraw for fear they might prove to be ineligible. Smalley said:

The fact is that, under this construction, both Fuller and myself were ineligible, for we are both directors of a national bank. The constitution of the state of Vermont is very rigid on this point, and besides affecting Fuller at the election, will also debar several members of the Vermont legislature from being sworn in."

WASHINGTON, Sept. 23.—Word has reached the state department that serious trouble is brewing in Columbia in consequence of the quarantine established against European and American vessels. The trouble was commenced by the action of the authorities at Savanilla in firing on the British mail steamer Atrato as a warning to keep out of that port. British residents have resented this action, and other foreigners, especially merchants, are complaining bitterly at the action of the Panama authorities in closing all ports against European and American ships. Business is said to be completely paralyzed and general discontent prevails at this result. The American consul at Colon has advised that an American man-of-war be sent there as a means of preventing trouble and to protect American interests should the necessity arise. His request has been promptly complied with. Admiral Walker was telegraphed to last night to dispatch the cruiser Concord to Colon immediately, and he replied this morning that the department's orders had been complied with.

CHOLERA IN HAND
New York City and Harbor Said to be Free of It.

PLAGUE ABATING IN HAMBURG.
Trouble Caused by the Quarantine at the Isthmus of Panama Gaining in France.

QUARANTINE, Sept. 29.—"Cholera is over and at present the port of New York is free from the disease." This was the cheerful report of Dr. Jenkins this afternoon. For the first time since the Moravia arrived, Aug. 30, there are no cases of cholera in quarantine. The Arizona and Ancheria were released this afternoon. The Saale, from Bremen, arrived this evening with 32 cabin passengers. She has no sickness aboard. The captain reports that Mrs. G. Arneemann, who was accompanied by her daughter, is missing. After a thorough search the conclusion was arrived at that she must have thrown herself overboard, especially as she had given her jewelry to another lady to keep for her. She was 90 years of age and a resident of New York. The cause is a mystery. The Red Star liner Pennland, with 210 cabin passengers, arrived this morning. All are well. A Guion liner, with 468 cabin passengers, also arrived; all well. The Servia was released this morning.

DISORDERS ON THE ISTHMUS.
Consequences of the Quarantine against European and American Vessels.

WASHINGTON, Sept. 23.—Word has reached the state department that serious trouble is brewing in Columbia in consequence of the quarantine established against European and American vessels. Three and a half Centuries.
SAN DIEGO, Cal., Sept. 26.—Seventy-five Dieguenos (Indians) in charge of Chief Luchappa and General Cenon, and fifty-four Luisanos, under Chief Jose Pachito and General Pedro Pablo, arrived in this city today, to take part in the celebration of the 35th anniversary of the discovery of San Diego bay, Wednesday, Thursday and Friday of this week. They were escorted to a stockade prepared for them near the center of the city, where they have been busy arranging their camp all day. A company of United States troops is guarding the stockade to prevent a scattering of the aborigines. General McCook and staff have already arrived. The caravan to be used in the opening exercises to illustrate the landing of Cabrillo is about ready for hoisting sail. She will be manned by a crew dressed in Portuguese and Spanish costumes, in imitation of those of 350 years ago. Governor Torres, of Lower California, accompanied by his staff and the Gumas band, arrived on the steamer Carlos Pacheco this evening from Ensenada, and Governor Markham's staff of officers came on the steamer Santa Rosa from San Francisco. When the latter were turning the corner to drive up to the Florence hotel, the carriage passed over a post, which struck the rear axle, tearing it, together with the springs, from the body of the baronche. The party was turned unceremoniously out, but no injuries were sustained by any of the visitors.

Gaining Ground in France.
PARIS, Sept. 25.—In this city and suburbs yesterday there were forty-five fresh cases and seventeen deaths. Two deaths were reported yesterday on a steamer twenty-two miles from Calais. In Havre there were seven fresh cases and four deaths.

O'Donnell Held Without Bail.
PITTSBURG, Pa., Sept. 24.—Hugh O'Donnell was refused bail this morning by Judge Porter, and will be compelled to remain in jail until his trial. O'Donnell fully expected to be released on bail, and was astounded and dejected at the decision to hold him without bail. In his opinion Judge Porter held that the evidence was too direct. "All this testimony," said he, "is likely to be contradicted, explained or impeached on trial, but in this, as in all preliminary hearings, we must accept the testimony as true. It indicates that the killing in question was done in a riot, by a body of men who had a common understanding or agreement that they would resist all who opposed them, even to the extent of taking life, that the defendant was a party to this combination, and on the ground during the riot and gave rioters encouragement.
