

## CLACKAMAS COUNTY

### THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

#### THE WEST SIDE IMPROVEMENTS.

#### Buildings Under Construction and in contemplation—Other News.

WEST SIDE, Sept. 25.—There is considerable improvement at present in progress on the West Side. F. E. Donaldson has a large barn completed and a fine two story house under way. Dr. Payne has the lumber on the ground for a fine residence and Mrs. Willis has a two story residence 36x48 with an L. 21x30 well under way. The Tuomson brothers have just completed a neat little cottage each and numerous barns, washstands and other buildings are being erected and several wells are being dug.

William Godbold is contemplating the erection of a large hotel for the accommodation of the men in the paper mills.

Mr. Graham has lately moved in the Charman house.

Mr. Hess has sold his house and lots and moved to the east side to be nearer his work.

Mr. Newton has purchased a fine parlor organ for his daughter Dora.

Prof. J. A. Brook, late of Petaluma, Cal., who has charge of the new Sunnyside School, was visiting his sister, Mrs. G. H. Dunn, last week. He reports a pleasant school at Sunnyside.

Mr. Downing has a garden of ever-bearing strawberries, from which she gathers several gallons each week.

Mr. Baker and family started Monday for their ranch near Cottage Grove, where they will make their future home.

Mr. Downing removed with his family to Portland Monday and will remain during the winter.

Mr. Wolfer has leased a large ranch on Clear creek and will remove there in about two weeks.

The west side Sunday school elected the following officers last Sunday to fill vacancies caused by resignations on account of moving from neighborhood: J. Humphries, superintendent; Eurastus Smith, assistant superintendent; Manie Dunn, secretary; Louise Follinsbee, assistant organist.

The Sunday school will go on an excursion Saturday to the Portland Exposition.

HORSETTE.

#### MONMOUTH NORMAL SCHOOL.

#### How Clackamas County is Represented in the Institution.—Interesting Notes.

MONMOUTH, Or., Sept. 25.—School opened on the 26th with an attendance of 247. Short introductory speeches from each member of the faculty and the president's usual words of welcome were received with loud applause, especially from the old students. The enrollment is now 275 and new students are entering every day.

The number from Clackamas county this year is not large. They are as follows: Jess Waldron of Hy. Ollie Gage of Stafford, A. D. E. Elmer of Clarkes, Frank Knight of Mulino, A. B. Hibbard of Marquam, and William Vaughan of Molalla.

Three new members have been added to the faculty since last year: Prof. Getz of Ashland, Miss Priest of Cornell university, N. Y., and Miss Ayers of Dakota.

Among the new features of the school is a "model school department." Members of the senior class will take charge of the kindergarten work under the supervision of Professor Getz.

The senior or graduating class numbers about sixty. Several members of the class who were teaching summer schools will enter as soon as their school term closes.

The commercial class is large, numbering twenty-eight students.

The students' reunion held last Wednesday night was enjoyed by all.

On Saturday was held the reception of the college Young Men's and Young Women's Christian Associations. The chapel was well filled and great interest was manifested.

The school year promises to be a very prosperous one. Each student seems to be well satisfied with his work and is looking forward to a pleasant and successful year.

#### Cherryville Cleanings.

CHEERRYVILLE, Sept. 25.—Glad to see neighbor Corey at his ranch again. His little girl, who a month ago shattered a bone of the left arm by being thrown from the buggy, is looking well, recovering steadily, and will soon outgrow it. Mrs. Corey however is less fortunate and may feel for many months the effects of her strains and bruises. The runaway which injured the mother and little daughter came about in this way: Mr. Corey alighted to water his mare, but finding the animal hindered by the new bridle, kindly took the bit from her mouth. Just then a huge dog more thirsty than polite rushed forward to get a share of the water. This startled the mare and caused her to run.

A petition to the legislature asking that a portion of this county lying north of Clackamas river be ceded to Multnomah is now being circulated. Some neighbors are conscientious enough to ask if it would be right to leave Clackamas without assuming a share of the county debt. Others shrewdly inquire: Supposing that we pay a part of the county debt, shall we be allowed to put the Oregon City bridge or the courthouse in our pocket when we go? Don't worry, boys. We are not going yet.

Still they come—more sheep from eastern Oregon. LANTERN.

#### News from Sandy.

SANDY, Sept. 26.—Mr. Smith of Springfield has taken the contract of clearing land for Mr. Brown. We are glad to see Mr. Brown make his home in Sandy.

Gust. Stautler has returned from eastern Oregon and is intending to make his home in Sandy this winter.

Mr. Frick, the Portland and Sandy mail carrier, has been very ill and is now rustiating in Sandy to renew his good health.

The Mt. Hood, Sandy and Portland diligence has stopped running for want of passengers.

Died, Sept. 26, Mrs. Fischer, aged 83 years, two months and 21 days.

#### Marquam Intelligence.

MARQUAM, Sept. 25.—Prof. J. W. Baker commenced the fall term of school here last Monday.

Several Marquamites attended the state fair. They report having had a good time.

Threshing is about all over in this part of the county. The yield is reported to be about one-half a crop.

Hon. H. E. Hayes, state lecturer for the grange, called at Marquam Saturday on route to Molalla.

Mr. Paschel Poquet accidentally fell from a load of straw which he was hauling for E. M. Hartman last Monday, resulting in the fracture of several ribs and a severe bruising up.

The managers of the Butte Creek Fair are making all necessary arrangements for the coming exhibit and a cordial invitation is extended to everyone to bring their products and compete for a premium. BLUE JAY.

#### Items from Canemah.

CANEMAH, Sept. 28.—School began Sept. 19 with Prof. C. E. Pease as principal and Miss Ina Thomas assistant; there were forty-eight pupils enrolled the first day, and several have been enrolled since.

The Sunday school was reorganized last Sunday under the auspices of the Baptist Y. P. S. C. E. The officers are: John Gibson, superintendent; Miss Ina Thomas, assistant; Miss Ruby Spencer, treasurer; and Miss Bessie Midlam, secretary. Mr. Labor of Portland was present and offered a handsome five dollar Oxford bible to the pupil who should attend every Sunday from October 2 to December 25.

Misses Ruby Spencer and Bessie Midlam; Samuel Stevens, Fred Hodges, James Hargreaves and Charles Spencer are attending the Oregon City school.

#### Salmon News.

SALMON, Sept. 25.—J. N. Jennings has gone to Portland to remain a short time on business.

W. G. Steel has gone up to his homestead claim at Government Camp to remain a few weeks.

S. O. Mitchell killed a very fine fall buck a few days ago at Upper Salmon.

Mr. Morgan has moved his family to Portland from the Summit, where he has been keeping inn during the summer.

Mr. Brown of Tygh Valley passed here some days ago with a bunch of very nice horses, which he hopes to find sale for in the valley. PROGRESS.

#### Clackamas County at Corvallis.

CORVALLIS, Or., Sept. 22.—Seth L. Casto, A. R. Shipley and Lester M. Leland are students in the freshman class in the Agricultural College this year. Miss Gussie Casto has entered the preparatory department. Miss Orla Robbins is a sophomore. Lyman B. Andrews has reached the junior year. Henry A. Andrews the senior year.

Mrs. Joseph Casto, well known in Clackamas county, is matron of the Young Ladies' boarding hall.

The college is under good management and has an efficient corps of professors and instructors. A STUDENT.

#### Clackamas Notes.

CLACKAMAS, Sept. 27.—Henry Carlton and wife were visiting here Sunday.

Dr. George and family have sold their property and gone to Salt Lake City.

The numerous signers of petition for division of Clackamas county give as their reason—the bad roads.

School commenced last Monday with Prof. Thomson and Miss Salisbur as teachers. A hearty interest is shown in the school work.

Mr. Bagley's fine house, which is now under construction, will be quite an addition to this burg. TERRANCE.

#### Carrinsville Jots.

CARRINSVILLE, Sept. 28.—Our school opened on Monday with an enrollment of thirty pupils.

Miss Ida Bates of Damascus spent Saturday and Sunday in the neighborhood visiting friends.

Agnes and Jessie Currin are in Powell's Valley visiting their grandmother.

Report says there is to be a wedding in the neighborhood this week.

Veal, dressed, per lb..... 5.00/6  
Hams, per lb..... .12  
Bacon..... .10

## A COMMERCIAL PEST.

### THE SHIP FREE TRADE MUST BE RIGIDLY QUARANTINED.

She Has John Bull as Captain and Grover Cleveland as Pilot—What It Will Mean if She Should Get by Protection is Land in November.

Quarantine means protection against the seeds of disease and death brought to our shores from a foreign land. And we are all agreed that it is a good thing.

Protection means quarantine against the seeds of death to American industries brought to our shores on the ship Free Trade, sailing under the English flag, with J. Bull as captain and Grover Cleveland as pilot.

It is as important to the industrial and commercial health of the nation that the ship Free Trade should be halted at Protection island and prevented from landing her passengers and cargo as it is to its physical health that the Moravia should be held down the harbor and prevented from scattering the cholera germs among our people.

The free trade bacillus is known to be deadly to the prosperity of every country where it obtains a foothold. The Cobden club is its place of original incubation, and as a destroyer of American manufactures its ravages, if it ever gains an entrance to this country, will be terrible. In 1846, under what was known as the Walker tariff, the British commercial cholera broke out "in our midst," and from that date on for a long period the mortality among our leading industries was great.

The usual symptoms of this dreaded scourge of American business were rapidly developed. The pulse of trade grew steadily feebler, paralysis of the nerve centers of business followed and in 1857 the whole industrial and commercial system, surcharged with the British free trade bacilli, collapsed with a financial crash that will always remain among the darkest memories of our history.

Again we are threatened with a similar visitation of this fearful plague. The Democratic party is full of the Cobdenite germs, and frankly avows its purpose to abolish the McKinley quarantine station and allow the British "free trade" ship, with the same old commercial cholera on board, to pass Protection island unobserved.

If this ship that has sailed to its masthead the legend, "Death to American industries," is not halted by the imperative voice of the people at the polls next November, there is a sorry time ahead for them. The "pestilence that walketh by night" is not more deadly to human life than a "tariff for revenue only" will be to both capital and labor.

The British press may well watch with eager and hopeful interest the Democratic effort to break down the protective system, which has for thirty years served as a most effective quarantine against the invasion of British cheap goods, made by British cheap labor, working for British cheap wages. It means renewed vitality and vigor for British industries if this country shall elect Grover Cleveland, with a mandate to let down the tariff bars and let in the flood of foreign paper competition upon American factories and workshops and the working people employed therein.

The American workmen, however, can hold the free trade plague at bay if they choose. The quarantine station will not be abandoned if they say that it shall not be. Protection island is in their hands. They can halt the British ship, with its pestilential doctrine that a protective tariff is unconstitutional, if they determine to do it. Self preservation is nature's first law, and of course they will maintain the quarantine that defends their wages, their homes and their families.—New York Recorder.

#### Wages in Woolen Factories.

According to the British board of trade, a government body, the average wages paid in British woolen factories are about \$2.92

a year. The average yearly earnings in New York state, according to returns made to Labor Commissioner Peck by manufacturers in reply to circulars (the method adopted also by the British board of trade) were \$536.93

in 1891.—New York Press.

## CANBY

Is booming and so is the trade of

## CARLTON & ROSENKRANS.

Their cash system gives them the lead, for their prices cannot be duplicated in the State,

### SEE THEIR PRICES:

5 gallons best Pearl Oil, - \$0.65  
Arbuckle's Coffee, per lb. - \$0.20  
Extra C Sugar, per 100 lbs, \$4.90  
Gran. " " " " \$5.65

### A PROVEN FACT:

All other goods sold at proportionally low prices. A trial will convince you.

#### STATE NEWS.

A fruit grower at Zena, Polk county cleared seventy-four dollars this season on four Royal Ann cherry trees.

According to the survey of the Southern Pacific extension from Lebanon to Solaville, which has been made, the extension will miss Solaville 1 1/2 miles.

Rosenburg's recently organized ladies' band is making life burdensome to the denizens of that place while they are industriously engaged in learning how to extract music from brass horns.

Two loads of wool from Eastern Oregon passed through Lebanon Sunday. If the Oregon Pacific was only completed to that part of the country, how easy it would be to ship the wool by rail.

There will be a decreased yield of apples this season about Yaquina bay, but what they lack in quantity will be made up in the quality.

E. J. Wilbur reports a loss of over 300,000 feet of seasoned and dressed lumber in the recent fire at Metchem. His loss was considerably greater than that he sustained in the great fire in La Grande in 1885.

A gang of horse thieves are operating in the vicinity of Des Chutes. They have stolen and run off quite a number of good horses recently.

WANTED.—second hand grain sacks. E. E. Williams the grocer. tf

Receipt, note and order books at the ENTERPRISE office.

Double and Single Rigs, and saddle horses always on hand at the lowest prices. A corral connected with the barn for loose stock.

Information regarding any kind of stock promptly attended to by person or letter.

Horses Bought and Sold.

## Use Dr. Price's Cream Baking Powder.

IF YOU WISH TO AVOID THE TWIN DRUGS, ALUM AND AMMONIA

Dr. H. Endemann, for twelve years chemist of the New York Board of Health, in his paper read before the American Chemical Society at Washington, in October, 1891, states that an ammonia baking powder acts on the gluten of the flour, altering its chemical properties, and cites numerous high authorities to prove its injurious effect on the stomach and kidneys.

Liebig the great chemist says: "The use of alum in bread is very injurious, and it is very apt to disorder the stomach and occasion acidity and dyspepsia."

The following powders are known to contain either ammonia or alum or both: Royal, Chicago Yeast, Calumet, Bon Bon, Taylor's One Spoon, Unrivalled, Forest City, Snow Ball, Pearl.
