

# Oregon City Enterprise.

FRIDAY, SEPTEMBER 30, 1892.

## Local Personal Notes.

G. H. Miller of Oswego was in Oregon City Wednesday.

Miss Emma Hedges has returned from her long visit in Ashland.

G. C. Casler and family will leave this week for Hill City, S. D.

Mrs. John McCracken of Portland was visiting Mrs. W. Pratt Wednesday.

Mrs. O. D. Nash and Mrs. P. B. Davy of Anaka, Minn., are visiting at C. A. Nash's.

W. C. Johnson returned from the coast Wednesday and Mrs. Johnson is expected home Monday.

George Palmer and daughter, Miss Myrtle, of St. Joseph county, Mich., are visiting Mrs. Hantley.

Mr. and Mrs. C. Vale of San Diego and Miss Mina Mills of Portland were visiting at H. L. Kelly's this week.

Mr. and Mrs. E. H. Baker of La Grande are visiting Mrs. Baker's parents, Mr. and Mrs. Daniel Williams near Ely.

Miss Grace Williams left Tuesday morning to visit a few weeks with friends and relatives in Stayton and McMinnville.

Mrs. Brownell, Mr. and Mrs. Livermore and Mrs. Barlow are attending the Congressional convention in Forest Grove this week.

G. S. Batty of the firm of Borthwick & Batty, Portland, was talking business to a number of Oregon City people last Monday and Tuesday.

Mrs. J. J. Cooke and child are expected home this week from a two weeks visit with Mrs. Cooke's brother Robert Beattie, in Pendleton.

R. L. Holman went to Seattle Monday to attend the meeting of the Northwest Funeral Directors' association, in a three or four days session.

J. G. Pillsbury's family moved to Portland last Saturday to remain during the school year. Mr. Pillsbury remains in this city. The family occupy a residence at the corner of Thirteenth and Yamhill.

Misses Sidona V. Johnson and Victoria Combs of Portland spent Sunday in Oregon City visiting friends and extracting delight from the picturesqueness of the town and the uncommon brilliancy of the day.

Rev. and Mrs. O. W. Lucas, together with a number of the members of the Congregational church, are attending the annual meeting of the state association of Congregational churches of Oregon which opened last Tuesday at Forest Grove.

**SEVENTH STREET CASE.**—Last Monday Judge Stearns rendered his decision in the Seventh street injunction case. The decision dismissed the complaint for a perpetual injunction restraining the city from selling the property to pay the cost of the street improvement and dissolved the temporary injunction obtained from Judge Meldrum last winter when the property was advertised for sale. The decision was verbal and the decree had not been entered at the time of going to press so its exact form is not known. Attorney C. D. Latourette has been the chief counsel in resisting the city and in his absence from the city it cannot be ascertained whether an appeal will be taken to the supreme court. It is not probable that such an appeal will be taken, however, and unless it is carried to the higher court the Seventh street case may be considered ended.

Last Thursday was too stormy to suit the Outing club for a tennis tournament but the affair will occur next Tuesday afternoon at the tennis grounds on the hill beginning at 2 o'clock. The public is welcome to be present and witness the games which will continue all the afternoon if the weather be favorable.

## Gray-Smith Wedding.

The marriage of Mr. J. W. Gray and Miss Dora M. Smith occurred at the home of Mr. and Mrs. G. H. Bestow, Marguerite Villa, last Tuesday evening, Rev. Mr. Rockwood, a friend of the family who was formerly pastor of the Congregational church here, officiating. The ceremony occurred at 8 o'clock. The couple stood in the bay window under a lover's knot of cream rose buds. The house was elaborately decorated with vines and flowers.

The bride wore a costume of white brocaded silk, entraine, with high neck, and in her hair were orange blossoms. After the wedding ceremony refreshments were daintily served to the company.

Those present at the wedding included Mr. and Mrs. Bestow, Mr. and Mrs. J. T. Apperson, Mr. and Mrs. William Hedges, Mr. and Mrs. W. A. White, Mr. and Mrs. J. M. Taylor, Mr. and Mrs. H. S. Strange, Mrs. Jerome of Portland, Misses Lottie Baird, Azalie Cochrane, Nellie Barlow, Sophia Logus, Jean White and Hattie Cochrane and Messrs. C. H. Bestow, E. Smith and George Warner. The groom was formerly a teacher in the Oregon City schools and is now principal of the public school at Park Place. The bride is well known as a clerk in the land office, where she has made herself popular.

The Oregon City band serenaded the couple later in the evening.

At the corner of Fourth and Main streets where there was a large excavation for the manhole and sewer connections, which was filled during the wet weather last week, the street was decidedly miry and before a barricade was put about the dangerous spot one horse nearly got mired and another attached to a buggy did stick. The animal had to be un hitched and assisted out of the mire and the buggy dog up. This rig was driven by a young colored man, Bud Gorman, and his patience and good sense in the trying situation would be hard to match.

Since the rains the receipts of wheat have been less than for a few weeks prior thereto. The equinoctial storm moistened the earth so that fall plowing can be pushed and fall crops out in the ground and the farmers are improving each shining moment. With a few weeks of fine weather now the grain harvest of next season will be unprecedented. The mills are receiving the usual consignments by boat from up the river, however.

Senator Cross is doing some extensive grading on his residence property on Monroe and Twelfth. About 1000 yards of earth will be moved. Twelfth street is down about fifteen feet from the southern edge of his block, which slopes back to the northward. That elevation is being reduced and the whole block brought to a proper grade. E. Parker with six teams is at work on the job.

George C. Ely is building a new hall over his store at Ely. It is already well toward completion. The dimensions are 24x54 feet and the cost will be about \$200. The hall will be a great convenience to the people of that community and Mr. Ely exhibits an enterprising spirit in providing the accommodation.

The Coos Bay & Roseburg Company has a large force of men at work, and the number is being added to each week. Ten miles of the track have already been laid, and there is about five miles of rails on hand. The company has paid out about \$20,000 in the past week, which clears away its entire floating indebtedness.

Oakland, Corvallis and Harrisburg are to have water works built. Harrisburg has already made the contract, and Corvallis and Oakland have ordered plans of the proposed works to be made.

J. Paulson has bought out J. H. Wade's livery stable property on Seventh street and will put a stock of groceries in the store on the Seventh street front.

## SANITARY RULES.

### For Use as a Precaution Against Cholera Infection.

[Prepared for the State Board of Charities and Corrections of Oregon, by W. E. Carl, M. D. and W. E. Rinehart, M. D., Members of the board.]

Remove all sources of putrid emanations, whether from sewers, privies, cellars, inhabited rooms or stagnant water on surrounding premises.

Have water examined microscopically by a competent physician. If not free from organic matter it must be boiled before using, as impure water is by far the most common origin of the disease. Drink as little water as possible, and none between meals.

Each inmate should receive at least one bath of the entire body per week.

All underclothing should be washed and boiled once per week.

Perfect cleanliness of rooms and free ventilation are necessary.

Over-ripe fruits, tainted meat and cold-cooked food should be avoided as much as possible.

All food should be cooked and eaten warm, meals served regularly, and no food should be eaten between meals.

**DISINFECTANTS.**  
There should be a liberal use of disinfectants, namely: Chloride of lime, carbolic acid, or common charcoal, freely distributed in cesspools, drains, closets and in all places where water or waste of any kind may be accumulated.

To disinfect bedding and clothing, immerse them in a hot solution of corrosive sublimate (mercuric bichloride), one part to one thousand.

Suspected cases should be at once isolated and the above rules faithfully observed.

### Clackamas County Teachers' Association

The regular meeting of the teachers' association of Clackamas county was held at Logan last Saturday. On account of the rain the attendance was not so large as it would otherwise have been. A number of teachers went out from Oregon City. The meeting was called to order by Superintendent H. S. Gibson. Several teachers whose names were on the program being absent, a committee was appointed to arrange a new program for the day.

The management of schools was ably explained by Professor Pringle, followed by a general discussion. Professor H. S. Strange followed with a very instructive talk on School Work. Calisthenics was introduced by J. R. Nelson. C. E. Pease read a very interesting and instructive paper on Local Geography.

As the hour for dinner had now arrived, Professor Strange moved that Superintendent Gibson select the place and arrange the program for the next meeting of the association, and send a report of the same to the local papers. The association then adjourned to meet on the last Saturday in October.

It was Ben Johnson, who when asked Mallock's question, "Is life worth living?" replied, "That depends on the liver." And Ben Johnson doubtless saw the double point to the pun. The liver active—quick—life rosy, everything bright, mountains of trouble melt like mountains of snow. The liver sluggish—life dull, everything blue, mole-hills of worry rise into mountains of anxiety, and as a result—sick headache, dizziness, constipation. Two ways are open. Cure permanently or cure temporarily. Take a pill or suffer, or take a pill and get well. Shock the system by an overdose, or coax it by a mild, pleasant way.

Dr. Pierce's Pleasant Pellets are the mild means. They work effectively, without pain, and leave the system strong. One, little, sugar-coated pellet is enough, although a whole vial costs but 25 cents.

Mild, gentle, soothing and healing is Dr. Sage's Catarrh Remedy. Only 50 cents; by druggists.

Trespass notices on cloth, large size, seventy-five cents per dozen; by mail at the ENTERPRISE office.

Clocks at Burmeister & Andersen's. Everyone warranted.
