

CLACKAMAS COUNTY

THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

The News From New Era—Potato Harvest—\$3000 Land Sale—Something About Politics.

New Era, October 21.—Potato digging in this locality is just completed with a very light yield, except in a few fields. David McArthur had a fine crop and we are informed he has dug 300 bushels of merchantable potatoes, which is perhaps one of the largest crops for any one person in Clackamas county.

Wm. Gutierrez has just purchased the 10-acre farm that was recently vacated by Chas. Knuth; consideration \$3,000.

Mrs. Cronk and daughter of Astoria are visiting with the family of H. S. Phelps.

Mr. Shank of Canby was calling on friends in this locality yesterday, as was also W. J. Ranch of Ely.

Dr. Goucher of Mulino gave your writer a very pleasant call one day last week. He reports considerable sickness in the surrounding country for the last few weeks.

Charley Huiras had the misfortune to lose a very valuable cow one day last week. The cow was evidently a free trader and when she saw the granary door wide open she entered therein and partook of a fatal dose of threshed grain.

Angus Campbell of Portland was here a few days ago looking after his interests. He said he had rented his farm to Sam Oglesby of Needy.

What has become of the Frog Pond correspondent? Revive up, old boy, and let us hear you croak once more. Remember that Harrison is going to be re-elected and get a wiggle on you.

There was a partial eclipse of the sun last Thursday visible in some parts of the country. And there will be a total eclipse of Grover Cleveland, November 8th, visible everywhere.

Can any of our democratic friends give us a list of people leaving America for any other country for the purpose of bettering their condition? Do Americans go elsewhere to find prosperity? To what country do the poor and down-trodden of all countries come? America. Why? Because wages are better, the cost of good living cheaper and the chances for prosperity far ahead of any other country. This is not excellent democratic argument but it is true nevertheless.

Our people out here would gladly listen to a republican political discussion and we have been anxiously awaiting some appointment.

In conclusion, would like to say to every one that success for the republican ticket depends on getting out a full vote on election day. So let every man resolve himself into a committee of one and see that every voter goes to election. The result will be 10,000 majority in the state of Oregon for Harrison and protection to American labor and American industry. No foreign country need apply.

THE SHIPLEY SCHOOL CELEBRATES.

The Observance of Columbus Day with Patriotic Spirit.

Oregon, Oct. 23.—School district 37 (the Shipley neighborhood) decided to celebrate Columbus Day by unfurling a new flag over their school in accordance with the floral program. Committees of veterans were detailed from the Lincoln, Garfield and George Wright posts to assist in the ceremonies. On the 20th an excellent pole between 60 and 70 feet in length was erected in the yard in front of the school house. On the 21st at an early hour a large number of spectators were on the ground. School assembled at the usual hour and was busied with preliminaries until the arrival of the veterans at 10:30. At the entrance of the yard the veterans were met by a color bearer and guard, of pupils detailed by the teacher who is herself the daughter of a veteran. The color-guard consisting of two boys and two girls with color bearer in the center with folded flag then escorted the veterans with becoming dignity to where the school was drawn up in line, ranked and sized in regulation style with teacher in front.

The escort and the veterans then took position at the foot of the pole, bent the flag to the pennant halvard securely folded, when it was run a third of the distance to the top of the pole and rested until the master of ceremonies, Comrade Caulkins, in a clear voice and without glasses though 77 years of age, read the proclamation and then said in accordance with this proclamation and to show our love to our country let the flag of this nation now be unfurled over this school. With one motion of the hal-yards it was released from its folds and a beautiful 12-foot flag was given to the breeze. Three cheers for the flag of a hundred and fifteen years were given with a will. The school then in the arc of a large circle facing the flag, gave it the military salute at the same time repeating in concert the pledge of allegiance, when a recess was announced and a most bountiful lunch was spread upon long tables in the yard.

At 1:30 p. m. our teacher, Miss Willoughby of Oregon City, gave us a well planned and well executed program. Christopher Columbus Borlan read the prepared address in good style; extemporaneous speeches were volunteered by Rev. R. M. Jones, O. Eaton and A. J. Thompson. The school sandwiched in many good patriotic songs with their recitations and declamations, all of which were received with applause; and at the close the word success seemed to be written on every countenance. **SPECTATOR.**

WILSONVILLE GOLDEN WEDDING.

Anniversary of Mr. and Mrs. Seely's Marriage—School Notes.

WILSONVILLE, Oct. 21.—In the quiet little village of Wilsonville there was a scene of merriment all day Thursday, October 20, it being the golden wedding anniversary of Mr. and Mrs. L. A. Seely. They were both born in New York. They were married in Illinois, October 20, 1842, and crossed the plains to Oregon in 1851. After living in Canby six years and in Oregon City one year, they settled in Wilsonville.

Mr. and Mrs. Seely have seven sons living and one son and two daughters dead, fifty grand children and three great grand children.

About one hundred and twenty guests were at the wedding to whom an elegant dinner was served at 2 o'clock. The presents were many and valuable, among them being a large crayon picture of each son and his family. After dinner the party repaired to the lawn in front of the house where several family group photos were taken. All join in wishing Mr. and Mrs. Seely many happy returns of their wedding anniversary. There are forty-two children attending school. The entertainment given by the school children on Columbus Day proved quite successful. There were about thirty visitors, and at noon large and small gathered around two well laden tables and did ample justice to a bounteous lunch.

Cooke and Austin Newell, two of the patrons of Rock Creek school, a flag and pole were at last obtained for their school. It was decided to raise the pole Columbus Day and Damascus pupils were invited to join with those of Rock Creek in the celebrating. The Damascus pupils with their teacher, L. T. Anderson, were assembled on the grounds by 9 a. m., but owing to unavoidable delays the flag was not hoisted till 11:35 a. m. Meanwhile the pupils of both schools had been drawn up in line before the flag which they saluted, the command being executed with admirable skill. After the salute all joined in three hearty cheers for our national flag; then adjourned to the school room where for one hour and a half all were entertained by readings, recitations and songs suitable to the occasion, which had been prepared by both schools. By the time the program was ended all were getting very hungry so the room was vacated long enough for the ladies to load the tables with

Dr. Price's Cream Baking Powder

CONTAINS NEITHER AMMONIA, ALUM OR ANY OTHER INJURIOUS DRUG.

The Wisconsin Dairy and Food Commissioner says

In his Annual report for 1890, on page 82:

"The NATIONAL DISPENSATORY says of Carbonate of Ammonia: 'It is irritant, and if long continued, even in doses which the stomach will tolerate, it impairs nutrition; in doses of five to ten grains it increases the fullness and force of the pulse and causes a sense of lightness in the head. It is one of our most powerful insiduous and certainly should not be used in the preparation of food.'"

On page 85 the report further states:

"The result of experiments would indicate that the residues in bread made from Alum Baking Powder, has a decided effect even on a strong and healthy stomach. The weight of testimony is decidedly against the use of ALUM."

The following powders contain either ammonia or alum, or both: Royal, Calumet, Forest City, Pearl, Unrivalled, Echo, Crown, Chicago Yeast, Bon Bon, Star, New Era, Snow Ball, Zipp's Grape Crystal.
