

ON COLUMBUS DAY.

THE JOINT CELEBRATION IN OREGON CITY.

Service of Private and Public Schools—More Than 700 School Children in Line.

The weather last Friday was all that could be desired for a celebration. The sun was not blazing hot nor was the sky overcast with clouds. It was a fine autumn day. In the morning the pupils of the Oregon City public schools assembled at the usual hour. There was singing of patriotic airs, the ceremony of saluting the flag and then the different classes passed to their respective rooms where there were special exercises appropriate to the occasion and suited to the comprehension of the classes. In the highest grade essays were read, in other departments various other proceedings were had. An hour of this work closed the morning session and the pupils were dismissed till afternoon.

St. John's school met at the usual morning hour and held a commemorative service in the church, in which the children and Catholic Knights of America participated. The new flag was blessed in the church after mass and it was then hoisted to the top of the staff that had been erected on the school house a day or two before. At 10:30 o'clock the school passed to Pope's hall where an interesting program suitable to the occasion was presented. This part of the celebration was conducted in Pope's hall because there was not room enough in the school building.

At 1:30 o'clock the procession formed at the public school house and it was escorted by the grand army post headed by the band. The Park Place school joined the line at Eleventh street, St. John's school at its school house, the West Side, Mount Pleasant and Falls View schools at Seventh street and Canemah school at Second street. The procession marched up the west side of Main street and down the east side to Seventh, thence to Shively's theater where the general program was conducted.

The band played a piece and then Prof. Pringle, as chairman of the joint committee, made a brief introductory address. He was followed by Superintendent Gibson who spoke of the great achievements of Columbus. The audience standing gave the salute to the flag and sang "America." Then Prof. Strange made a speech, "The Red, White and Blue" was sung, and Captain Shaw spoke on behalf of the G. A. R., paying a graceful tribute to the flag. There was more band music, Mayor Sullivan spoke on behalf of the Catholic Knights, the song "Marching Through Georgia" was given and the audience was dismissed.

Geo. A. Harding was marshal and his aides were George Rinearson and Charles Meserve. There were more than 700 school children in the line, each one wearing the patriotic badge. Nearly 500 people tried and failed to gain admittance to the theater to witness the services.

Burmeister & Andersen are moving their clock and jewelry store to the Odd Fellows' building formerly occupied by the post office. That building has been put in excellent order for the firm and they have a good location.

A special school meeting will be held at Pope's hall next Tuesday night to elect a director to fill the vacancy made by the removal from the city and resignation of M. A. Stratton.

The structure to protect the side of the channel at the upper end of the locks is completed and a pier is being erected out in the stream. The work will probably be finished this week.

Company F, O. N. G., will give a ball at its armory Thanksgiving night.

RECORD OF THE COURTS.

New Cases Filed—Work of Justice and Recorder's Courts.

5061. A. Luelling vs Luther E. Gray, Jean M. Holcomb and Cecil R. Holcomb; suit to foreclose a mortgage securing the payment of a note for \$125 made March 21, 1890, due 90 days thereafter. The circumstances alleged are that plaintiff endorsed for defendant Gray notes to the value of \$130 which he had to pay after they were long overdue. To repay him Gray gave plaintiff a note for \$125 and to secure its payment mortgaged certain premises which Jean M. and Cecil R. Holcomb now claim some interest in. A. W. Llewellyn attorney.

5062. Louis Schultz vs Caroline Schultz; suit to dissolve marriage contract entered into in New York in 1874, cruel and inhuman treatment being alleged. There are four children which plaintiff says he is willing to provide for. S. Huels attorney.

5063. J. D. McCully and A. B. Grossman, executors of the last will and testament of A. A. McCully, deceased, vs W. C. and Helen J. Ward; suit to foreclose mortgage securing the payment of notes amounting to \$500. G. G. Williams, attorney.

IN JUSTICE COURTS.

George Burger was before Justice Fouts Tuesday charged with assault on J. H. Way. Burger was besporting himself on the street in the company of three loose and disorderly females the day before. Way made some remarks about the matter that did not suit Burger and the latter whacked the former over the head with a cane. The females declared in court that Way offered for the sum of \$22 to fail to appear against Burger but they declined to put up that sum. Burger was fined \$25 and costs. The fine was paid.

The same detectable outfit was before Recorder Porter for disorderly conduct, and the four were fined \$10 each which they paid.

F. E. Pendleton made complaint before Justice Fouts against Frank Jagger charging assault with a dangerous weapon. It appeared that there was a dispute over a deer which Jagger's dogs had run down and Pendleton had shot, and when Pendleton advanced threateningly toward Jagger the latter warned the former not to approach him or he would shoot. Jagger was discharged.

Justice Elmer Dixon of district No. 5 was the only people's party man who was elected in Clackamas county last June. This week he opened an office at the rear of Fountain hose company's room, under the council chamber, and his first case was Lot E. Parker vs Isaac Farr for \$44.75 alleged to be due on 34 days work butchering. The defense was that Parker had been boarding with Farr for ten years with the understanding that he was to do such chores and work as he could as compensation and that this labor came under that arrangement. Will Walker and C. D. Latourrette appeared for the plaintiff and Driggs & Rinearson for the defense. The trial began Tuesday morning before a jury and it was finished Wednesday noon. The jury was out till 9 o'clock when a verdict for the defendant was found. The verdict was irregular in specifying that defendant should pay his share of the costs but otherwise it will probably stand.

PROGRESS IN CHINA.

The Wheels Move Slowly in the Dragon's Empire.

His Majesty the Emperor of China and the "Son of Heaven" is enjoying a train of miniature railroad cars, presented to him by the French syndicate of capitalists who wish to get contracts for building railways.

In China, they will wonder at its steam engine and the six thousand electric lights, which are now being introduced into the holiest of Chinese sanctuaries, cannot but turn their eyes to our civilization. It will not be long ere a material advancement will be made in the science of medicine, which has for so many centuries remained a blot upon their civilization.

The missionaries are doing much to dispel the mysticism and reverence awe which the Chinaman holds for the concoctions of snakes, toads, lizards, etc., prepared by the native doctors. They recommend standard remedies which have long been favorably known in America and Europe, such as Dr. Pierce's Golden Medical Discovery, a remedy for all cases of blood-taints or humors, which has had years of uninterrupted success in the United States, and numbers its cures by the tens of thousands. This is a point gained for the future welfare of the Dragon Empire.

It Should be in Every House.

J. B. Wilson, 371 Clay street, Sharpshooter Pa., says he would not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe" when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung trouble. Nothing like it. Try it. Free Trial Bottles at Geo. A. Harding's Drug Store. Large bottles 50 cts. and \$1.

We're not waiting for the bats and noles but for men and women who have eyes and use them, who have brains and reason! There's a new world for them—suffering and sickly as they are—a new world created from the brain of a skillful physician—a discovery—the "Golden Medical Discovery."

Years ago Dr. Pierce found out that the secret of all scrofula, bronchial, throat and lung trouble lay—in the beginning at least—in impure blood and the weak tone of the system; that the way to cure these effects was to remove the cause, that human nature being the same, the same results might be looked for in nearly all cases. So confident was he that the exceptions were uncommon that he took the risk of giving the medicine to those it didn't benefit for nothing and the results have proved that he was right.

And "Golden Medical Discovery," is the remedy for the million! The only guaranteed Liver, Blood and Lung remedy. Your money back if it doesn't help you.

Impure blood is the cause of innumerable maladies. Hence, one of the greatest benefactions to humanity was the discovery of Ayer's Sarsaparilla, which, more than any other medicine, has saved America from becoming a nation of invalids.
