

Roll of Honor.

The following named pupils of district No. 43, have been neither absent nor tardy during the month ending Oct. 28th 1892: George Swafford, Allie Andrews, George Shaw, Nora Curran, May Andrews, Dollie Ely, Helen Riggs, Otis Filtcroft, Lulu Hankins, Lorena Lazelle, Nellie Swafford, Ethel Thomson, Loretta Pierce, Myrtle Curran, Eddie Frederick, Carol Frederick, Bessie Groot, Willie Thomson, Elmer Duval, Harry Andrews Hazel Giffard, Fred Haman, George Haman, Luther Duval, Blanche McCord, Ethel McCord, Olney Perry, Viola Perry Ella Wier, Emma Filtcroft and Lester Duval.

MOLLIE HANKINS,
WINNIE GRAHAM,
Teachers.

The Chrysanthemum Show.

Those who have kindly consented to bring chrysanthemums for the show at the Baptist church on Friday evening and Saturday afternoon will please arrange them in bouquets or in pieces, or in flower pots. Pieces can be circles, squares, crosses or in other designs. \$3.00 prizes for the best display of flowers and largest pumpkin, 25 cents for the worst display, and smallest pumpkins. The judges will be Mrs. E. E. Williams, Mrs. F. E. Donaldson and Mr. Meserve. A musical entertainment and refreshments on Friday evening. Entertainment to commence at 8 o'clock.

Married.

HORNSHUB-MAY.—At Carus Or. Nov. 6, 1892 by Rev. G. Wm. Giboney, Mr. Henry A. Hornshub and Miss A. E. May, both of Clackamas county.

Our Candid Advice.

It is seldom that we appear in the roll of spiritual advisers or family physician, but there are times when we feel satisfied in calling the attention of our many subscribers to an article of truth. We feel justified in saying that Moore's Revealed Remedy contains more actual merit than any medicine it has ever been our good fortune to test. One trial bottle will make you as enthusiastic as the writer. For sale by all druggists.

During the 12 months beginning October 20, 1891, and October 20, 1892, the creamery at North Yamhill made and marketed 34,492 pounds of butter. The highest price received for this butter was in the Portland market, and any one can readily see what benefit a creamery is to a farming community.

J. L. Hughes' big traction engine will commence plowing next Wednesday or Thursday in Umatilla county, drawing six plows consisting of five 10-inch gangs in each plow. These plows will turn over 25 feet at every cut, and move forward at the same rate as plows drawn by horses. The same engine working the combined harvester last season headed and threshed over 3000 acres which averaged 20 bushels per acre, making a season's work of 90,000 bushels.

Notice.

All person indebted to the firm of Fields & Son will please call and adjust their accounts immediately as the estate must be settled. Respectfully
FIELD & SON.

Money to Loan.

On inside improved Oregon City property.
H. Z. BURKHART.

If you want furniture go to Bellomy & Busch opposite post office. You can get bedroom suits for \$8.70. Call and examine our goods before buying elsewhere.

FORSY.—A purse containing a small sum of money on the Union Pacific dock. Owner please call at the Enterprise.

Money on easy terms of C. O. T. Williams.

ALONG THE MOTOR LINE.

The Stage of the Work—Description of the Road.

The East Side motor line is steadily coming toward Oregon City. The track laying is now completed to a point only a few hundred feet from the Clackamas river and the electric wires are strung to a point about a mile north of that. The bridge over the Clackamas river is ready for timber work, the cylinders having been completed and filled with concrete. The pile driving to the side the Clackamas river is being pushed and it will be ready by the time the other portion of the road is completed.

This motor line is built in a substantial manner and as carefully as any steam railway. The track is the regular standard railway gauge—five feet and 10 inches between the rails—and the rails weigh 40 pounds to the yard. When completed the road will be ballasted with rock and gravel.

On either side of the track there is the usual line of poles for sustaining the trolley wire supports. These supports stretch across the track from pole to pole and the trolley wire carrying the electric current depends from them directly over the track. On the west side of the road at the top of the poles are brackets for carrying feed wires for the main line—wires carrying electric currents which will be turned in to reinforce the main or trolley wire at intervals to compensate for power lost in transmission through a wire exposed as the trolley wire must be. The poles on the east side of the track are owned and erected by the General Electric company. They are of cedar, 40 feet tall, set in the ground about six feet and they extend above the trolley wire support 10 or 12 feet. At the top will be strung wires for conducting electricity for lighting purposes wherever wanted along the line. It is understood that the city of Sellwood will get its light by this means. The General Electric company will furnish power from Oregon City for operating the motor line to Milwaukie at least. It may furnish power for the entire length of the road.

The brick car shop at Milwaukie 100x200 feet is nearly completed. The bridge over Coldwater creek, just this side of Milwaukie, is built to accommodate double tracks, only one of which is laid for the present, however. All the bridges are built in this way, the design being ultimately to double track the whole line. For a time switches will be used for the passage of trains, there being two between Milwaukie and this city. At present an electric car makes regular trips between Milwaukie and Risley's crossing every 40 minutes. At Milwaukie transfer is made to other cars going to Portland. When the road shall be completed through trains will be run.

The cylinders to support the Clackamas bridge are of 5-16 inch steel four feet in diameter and the two on the north bank are 32 feet tall and on the south side 35 feet. They are filled with cement and coarse gravel from top to bottom, which filling is said to increase in hardness for seven years. The span across the river will be 260 feet. The contractor has some difficulty about getting timber fast enough to keep the work going but expects to have the bridge completed this month.

About 1800 piles are being driven on the Clackamas flats between the river and this city. Those piles are obtained from Meldrum's and Jennings' places chiefly and are drawn by teams around the wagon road over the river. In some places the track will be 30 feet above the ground and moving swiftly along at such a height above terra firma will be something like flying.

One of the effects of the motor line is to increase the value of real estate along the line. Already large signs greet the view at "Milwaukie Heights," where the ground is being cleared of a lot of blackened logs and stumps, at "Pri-

dean's Depot," "Oak Grove" and other places. Wood piles by the side of the road are converted into card racks and every splinter of some favored sticks holds the card of some city business man. There are many evidences of newness that one would hardly expect to find in a section the oldest settled of any in the Northwest.

Oregon.

An attempt was made to burn the court house at Astoria Thursday evening. County Clerk Trenchard saw the man as he was preparing a pile of shavings and kindlings, but was unable either to catch or recognize him.

A complete system of beacon lights is to be established along the Upper Willamette river between Portland and Eugene, provided the next Congress can be induced to make a \$6000 appropriation for that purpose.

In this week's issue of the Springfield Messenger appears a trespass notice signed by thirty-two farmers in Springfield, Jasper and Davis precincts. The farmers do this, not so much to protect the game on their farms as they do to protect their stock, which is just and right.

The Falls City Lumbering Manufacturing Company, recently organized at Falls City, has a crew of men working above the falls, who are putting in a solid boom to hold logs next winter. The boom is strengthened by a solid pier standing in the middle of the creek, consisting of a wooden frame filled with rocks.

The debt of Douglas county is \$132,185 35, and still its warrants sell at par. Lane county's warrants sell at a discount of from two to five per cent, while its indebtedness is not over \$72,000. Benton county's indebtedness is only \$39,000, yet her warrants sell at a discount of eight to ten per cent. The Eugene Guard and the Corvallis Gazette are both anxious to know why this is so. Perhaps the Roseburg papers may be able to enlighten the public.

The Wallowa Chieftain says the amount of money coming into the country from sales of cattle this year is \$60,000; from wool sales about \$50,000, and adds: "A careful and conservative estimate of money from all sources makes the actual amount of cash brought to Wallowa county this year to be more than \$40 per capita."

The Antelope Herald reports that section of the country now covered with a heavy robe of beautiful green grass, and that never were the people of that locality so prosperous as this fall. There is any amount of fine bunchgrass and splendid water; sheep, cattle and horses are rolling fat, an immense quantity of hay has been put up for winter, which will be proof against a hard storm; the sheepmen and stockmen have money, and are all happy.

W. L. Davis, of Newport, and R. S. Wiles, of Salem, have bought the Silverton Tribune and will publish the same in the future. A. S. McDonald, the former editor, has gone to Brownsville where he will engage in business.

Mr. John Debrick, of Lane county, received a thoroughbred buck from the East the other day. The express charges are \$27, and the stock inspector, who had to inspect the animal before it came into the state, has a bill for \$10.

Brown & Hunter, of Island City, have a contract with the government to supply 400 tons of baled hay to the garrison at Walla Walla. They began making shipments last week and will continue until the whole amount is delivered. Grand Ronde is the hay center of the Columbia basin.

An effort is being made to get a wagon road from Hecla lighthouse to the Yahats. It is only a few miles and excepting around the cape will not be hard to build. Already, a good horse trail is built around the face of the cape. When this little piece of road is open there will be a wagon way from Coos bay to Newport.

Let's reason together. Here's a firm, one of the largest in the country over, the world over; it has grown, step by step, through the years to greatness—and it sells patent medicines!—ugh!

"That's enough!"—ugh!
Wait a little—
This firm pays the newspapers good money (expensive work, this advertising) to tell the people that they have faith in what they sell, so much faith that if they can't benefit or cure they don't want your money. Their guarantee is not indefinite and relative, but definite and absolute—if the medicine doesn't help, your money is "on call."

Suppose every sick man and every feeble woman tried these medicines and found them worthless, who would be the loser, you or they?

The medicines are Dr. Pierce's "Golden Medical Discovery," for blood diseases, and his "Favorite Prescription," for woman's peculiar ills. If they help toward health, they cost \$1.00 a bottle each! If they don't they cost nothing!

Now Try This.

It will cost you nothing and will surely do you good, if you have a Cough, or with any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottle free at G. A. Harding's Drug Store. Large size 50c. and \$1.00.

Thanksgiving Dinner.

The ladies of the Baptist church will give a New England dinner in the basement of the church at 12 o'clock. Everybody and their friends invited. Price 35 cents, children 25 cents.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by G. A. Harding.

Notice.

All persons finding themselves indebted to us will please call and settle their accounts as soon as possible or else the accounts will be turned over to our attorney for collection.
MAYES & ACKERMAN.
