J. S. Courtney M. D., physician and surgeon, room 5 and 6, Charman block.

A daughter was born to the wife of W. M. Butts of Park Place on November 13th.

School department cards one cent each, good for term, at the ENTERPRISE office.

C. O. T. Williams is now prepared to make very favorable rates on good farm loans.

Take your babies to the New York gallery and get a good picture while you have the chance.

The ladies of the Baptist church advertise a Thanksgiving dinner and a literary entertainment in the evening.

Send to the ENTERPRISE office for your legal blanks. A single one or a hundred furnished at Portland prices.

H. H. Johnson assisted County Clerk Horton in his multifarious duties of the week. It looked quite natural to see Hex at the desk.

The cool weather of the past few days indicates that the mountains were receiving a deposit of snow which was creeping well down into the foothills.

The people of Canemah have determined to have a good road to their cemetery, and are subscribing liberally to a fund to put it in proper condition.

Negotiations are pending for the purchase of the Empire Furniture plant which if successful will result in starting the factory within 60 days with good backing.

The people of Green Point have reason to rejoice in G. A. Steel's decision to span the Abernethy with a 40-foot bridge. The building of this bridge is a voluntary act on his part and speaks well for the liberal management of the road.

E. Williams of Currinsville who is attending court here made a trip to Salem Saturday. Upon his return he was particularly struck with the beauty of our free suspension bridge and says that it is the handsomest bridge in the state.

On Monday the county court took a trip to Eagle Creek and the upper Clackamas bridge. Their object being to inspect the roads and bridges. They returned Tuesday evening fully convinced that good roads should be built from Oregon City into that section of Clackamas county.

The first store on the West Side was raised last Friday by A. R. Doolittle who recently returned from California. The building is to accommodate a store in front with living rooms above and in the rear. It will be a great convenience to the people across the river, who are now becoming a goodly community. Success to the new venture.

Many water consumers have noticed a lack of force at their taps since Monday. The cause of this was the stoppage of the big pump which required new gears, and which Jas. Roake has been busy getting in place. It was intended to put in only a partial set at this time but the mesh of the new wheels was found to be different from the old so a full new set is being placed. The big pump will start again today.

The residents of Falls View are just completing a walk from Seventh street up to that slightly suburb which will place them within easy access of the city without the trouble of a steep climb. The walk is built along the ridge just beyond Mrs. Broughton's house and across the gulch on a substantial foot bridge and out on Jackson street to Seventh. They are proud of their achievement and wonder why it was not thought of a year ago as it has added 100 per cent to the convenience of the place.

GRAND JURY REPORT.

In the Circuit Court of the State of Oregon for Clackamas county.

To Hon. T. A. McBride, judge of the above-named court:

We your undersigned grand jury for the November, 1892, term of said court respectfully submit the following as our final report:

We have carefully examined all criminal charges presented to us and have disposed of the same in such manner as we deemed warranted by the evidence.

We visited the city and county jails and find the prisoners well cared for.

The county jail is in good repair except we think the cells should be moved so as to make room for extra door at the entrance to the jail. The door is there and by hanging the same the security of the jail would be greatly increased.

We did not deem it necessary to employ an expert at this time to examine the books and accounts of the various county officers as the officers have only been in office since July 1st, 1892 and we could not without continuing in session longer than we deemed necessary make a thorough examination of said accounts.

We have heard no complaint against any of the county officers and from the examination we have made we find their books well kept and each of said officers efficiently performing the duties of his respective office.

We recommend that the county court cause the lock on the safe in the sheriff's office to be repaired. That they furnish a fee book to the sheriff to be left in the office at the close of his term, and that the recorder's office be moved

across the hall so that the recorder can have easy access to the vault and have personal supervision of all the records belonging in his office.
And now having completed our labors we ask to be discharged:

GEORGE LAZELLE,
A. WALKER,
J. C. TRACY,
JOHN HIGGINS,
WM. VORPHEAL,
D. D. MAGONE,
GEORGE B. SRELY.

D. D. Magone filed a supplementary report stating that when he signed his name he did not know that the clause "we have carefully examined all criminal charges, etc." was in and protesting his disagreement with that clause.

A Busy Place. Why?

It is a common remark that our business is showing a greatly increased activity this season. Customers speak of it. What is the reason for it? Can't you tell? If not try again. Hundreds of new customers are coming to us, and coming once come again. Why? It is because you are treated courteously and get your full money's worth every time whether you spend a dollar or a nickel. You read our advertisement and you know that what we say is true. You came for the goods advertised—a bargain, perhaps, and so stated you have never been misled or deceived by us, in fact you find the bargains better than you expected. We have your confidence and we want it. This is the foundation of our business. There is no nonsense about BELLAMY & BUSH.
