Much Wheat Being Sown in the Vicinity of Molalla—Preparations for Hop Yards.

MOLALLA, Nov. 21.—(Cleveland)—"Baby Ruth" again! Another historical event, called a democratic victory, and the farmers, the "mudsills" of the country, are plowing away, making use of this splendid fall just as though "nothing had happened to somebody."

Much wheat is being sown in the foothills of this vicinity.

The following gentlemen are preparing to put out hop yards:

John D. Jordan, ten acres; P. J. Ridings, nine acres; Robt. Adams, seven acres; J. J. Herman, fifteen acres; Frank Schatzman, five acres; T. A. McAdams, five acres.

Vaughan, Robbins & Co. have moved their packing outfit to the Mosby combination building, where they pay the highest market price for hogs, which is a great convenience to farmers.

Nathan Moody came home from Oregon City last week where he has been working in the county clerk's office for a few weeks and courting some in the meantime.

Prof. W. A. Shaver's school is progressing nicely; nearly fifty scholars are enrolled.

Herbert Robbins has taken Miss Della Robbins's place in the store of Robbins & Son.

The post office has been laboring under difficulties for a spell, the help being too small for the amount of mail distributed.

Just think of the wrangling that will take place in congress before another year rolls by—the vast assembly of democracy all trying, each as a factor of the body politic, to serve the people? We shall see what we shall see.

CHERRYVILLE, Nov. 19.—Cherryville is settling up fast. Those who went off in the summer are returning and preparing for winter. They all come back thinking there is no place like home.

The friends and relatives of Charles Beebe were shocked to hear of his sudden but expected death November 15. His sorrowing parents have the sympathy of the entire community.

The travel across the mountains has all stopped on account of the snow and bad roads.

THE FREE READING ROOM.

Generous Support being Pledged by Prominent Citizens

On Saturday evening of this week at 8 p. m. a meeting will be held by the Library and Free Reading Room Association at the Free Reading Room opposite the Livermore hotel for the purpose of electing officers for the ensuing year, November 1892 to November 1893, as well as enacting such laws and regulations as may be deemed necessary for the good intended by this association.

Let it be mentioned here also, that there is perhaps in our city no other institution that deserves the moral and financial support more than this, because it has been established to not only give an opportunity of enlightening our minds with good and instructive reading matter, but also to prevent many a one from seeking recreation in places hurtful alike to soul and body. Hence every one who lends a willing and generous hand to maintain and uphold such an institution will lead incalculable service to the intellectual and moral well-being of this community. And indeed, many of our fellow citizens, by their financial aid, have shown that they cherish such beautiful principles and like to see them taking firm root in the hearts of our community.

The following gentlemen, members of the association, have pledged themselves to maintain and support a library and free reading room by a monthly contribution of one dollar: D. C. Latourette, Dr. W. E. Carr, Geo. Kincaid, E. F. Driggs, Rev. A. Hillebrand, Rev. G. Sykes, Wm. Sheahan, T. W. Sullivan, James Shaw, Capt. J. P. Shaw, Geo. C. Brownell, Ed. Caulfield, N. Lang, Jas. Lovett, L. G. Guarnett, F. J. Louis, W. Huntley, Clyde Huntley, J. W. Meldrum, F. S. Kelly, E. M. Rands, Geo. A. Harding, Holman & Warner, Thos. Charman & Son, H. E. Cross, Chas. Meserve, A. The Toledo Weekly Blade.

The most popular and best known weekly newspaper printed in this country is the Toledo Blade. For more than twenty years it has had a circulation of 100,000 to 200,000, going regularly into every state and territory in the Union. From fifteen to twenty-five tons of print paper is consumed in each week's edition, and it is regularly mailed to more than half the postoffices of the United States. It is a peculiar fact that the Blade is the only weekly newspaper published that has regular subscribers in all parts of the United States. It is edited with special reference to the wants of all people in all sections. It is also made to interest every member of the family. Besides all the news of the world, it has serial and short stories, wit and humor, poetry, campfire, farm, Sunday school lessons, young folks, poultry, puzzles, household, answers to correspondents, etc., etc. As a special feature for 1893 Mr. Robinson Locke, editor and proprietor of the Blade, has just sailed for Japan, and will contribute a series of illustrated letters on the manner and customs of that peculiar country and its people. These articles will be commenced sometime in February or March, and will be worth to the readers of the Blade many times the subscription price. Every reader of this paper is invited to send for specimen copy. The publishers of the Blade would be glad to send a specimen copy to every reader in this country. Subscription price of the Blade, one dollar a year. Five dollars in cash will be paid to any person sending in a small club of subscribers. Write for agent's terms, giving particulars. Address, The Blade, Toledo, Ohio.

Last year:

Her eyes were rheumy, and red and weak,

Her breath you could smell it afar,

She had ringing and dizziness off in her head,

And the cause of it all was catarrh.

This year:

Her breath is as sweet as the new meadow hay,

Her eyes are as bright as a star,

And the cause of the change, she is ready to say,

Was the Dr. Sage's Cure for Catarrh.

Dr. Sage's Catarrh Remedy will positively cure catarrh in the head, no matter how bad or of how long standing. Fifty cents, by all druggists.

A Successful Worker.

Work cannot be successfully continued unless there is an active, mental interest in it. If the mind is not clear, bright and buoyant, then the work is drudgery and the worker is a machine.

An occasional dose of Moore's Revealed Remedy will put the body and mind in such harmony that the hardest tasks will seem play.

Pastry Without Butter.

Light, flaky and digestible pie crust and all kinds of fine pastry can be made with Dr. Price's Cream Baking Powder without butter or with one half the usual portion, if preferred, or with a small quantity of lard or other shortening as desired. Pie crust made in this way is more wholesome and digestible besides being more economical and easier prepared in addition to saving all the butter if desired. One-third the flour is also dispensed with, and the crust is rolled that much thinner, the raising qualities of Dr. Price's Powder swelling it to the requisite thickness. Those who enjoy the appetizing qualities of the delicious home made pie will rejoice to know this secret.

Dr. Price's Cream Baking Powder is the only powder that contains the white of eggs.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been questioned.

THE PRESENT HOG LAW.

Several farmer readers of the ENTERPRISE have requested us to state the requirements of the hog law as adopted last June. On page 1500 Hill's Code will be found the law as applicable to Clackamas county. By its provisions it is illegal for swine to run at large. Section 3439 reads: "A person finding any swine running at large contrary to the provisions of this act, and any constable of any precinct or marshal of any city of his county where such swine may be found, on view or information, shall take up and confine the same forthwith, giving notice thereof to the owner if known, and if not known by posting notices describing such animals therein, in at least three public places within the precinct, and if the owner does not appear and claim his property and pay all charges for taking up, advertising and keeping the same within ten days from the date of this notice, the sale of the animals may be proceeded with under the law relating to estrays."

The penalty for the first offense is a fine of \$5, and for the second \$10, to be conveyed into the common school fund of the county. The mode of procedure is to bring civil suit in the precinct wherein such person resides in the name of the state. It shall be deemed sufficient defense to establish the fact that the hogs were at large without the knowledge or fault of the owner. At least one day's notice of suit must be given.

The bids for completing the Cascade locks according to the present project of congress were opened last week and range from \$1,519,755 to \$2,305,882.
