The ENTERPRISE guarantees a larger bona-fide circulation than that of the other three papers in the county combined.

AGENTS FOR THE ENTERPRISE.

Table listing agents for the Enterprise in various Oregon counties, including Oswego, Clatsop, Clackamas, etc.

MERRY CHRISTMAS.

Merry Christmas bells do not sound out upon the clear cold air very often in Western Oregon, yet the season is none the less one of general pleasure and rejoicing.

The display of Christmas toys and gifts is more varied than ever before, and those who make the occasion one of gift making need fear a limit in any line which their fancy may dictate save the one of expense.

CUMULATIVE INFLUENCE.

The influence of the country press is not confined to its own county or readers, for if it be located in a community possessing natural advantages which are being developed as are those of Oregon City, its influence is as widespread as its exchange list and their numerous readers.

For ages the Falls of the Willamette at Oregon City have been swinging their vapory censers in mystic worship of an unknown God. The utilitarian purposes of their existence were little understood.

But it is an ordinary and accepted fact. Only the other day F. F. Morey, president of the Portland General Electric company, accompanied by W. C. Cheney, electrician of the company, and Geo. C. Brownell, its attorney, left for the East to close contracts for the electrical and mechanical plant required for the immense power station to be built on the west side of the river at Oregon City, for supplying electricity for lighting and power purposes in Portland.

Electricity will soon be carrying passengers between Portland and Oregon City. An electric line is being built to be completed by Christmas. There is no reason why the

falls of the Willamette may not be utilized to generate power for electric lines all through the lower valley, and we believe it will be done not many years hence.

FARMERS AND FRUIT.

The soil and climate of Clackamas county are admirably adapted to diversified fruit interests. Its location is such as to give it every advantage of a good and convenient market.

The preliminary hearing in the case of Ambrose Christie and Lee Adkins, resulting in the incarceration of one and the narrow escape of the other from the same fate, is another warning to evil doers and such as are disposed to tread the border land of iniquitous ways.

The New York Press takes an encouraging view of the political situation and concludes an exhaustive article on the party's future with this conclusion: "Why should a single conscientious republican go seeking after new political affiliations?"

The mantle of snow over everything makes nature very beautiful to look out upon and reminds one in many respects of Christmas in the East where snow, sleighing and jingling bells are an important adjunct to the season's festivities.

The Manchester, N. H., Mirror suggests that when the Clevelandites get ready to "purge the pension list" they begin with the democratic soldiers who voted for that sort of thing.

The Toledo Blade says, "The democratic party is going to split into 'incidental protectionists' and free traders," and adds, "mark the prediction."

A Busy Place. Why?

It is a common remark that our business is showing a greatly increased activity this season. Customers speak of it. What is the reason for it? Can't you tell? If not try again. Hundreds of new customers are coming to us, and coming once come again. Why? It is because you are treated courteously and get your full money's worth everytime whether you spend a dollar or a nickel.

Sewer Connections.

We are ready to make all sewer connections at the uniform price of 35 cents per lineal foot for 4-inch connections and 40 cents for 6-inch, all complete. Apply immediately to Pope & Co.

All gone—woman suffering and woman's weakness. Dr. Pierce's Favorite Prescription puts a stop to it. It's a remedy for all the delicate derangements and disorders that make her suffer, and a cure for all the diseases and disturbances that make her weak. It's a legitimate medicine, that corrects and cures; a tonic that invigorates and builds up; a nerve that soothes and strengthens. For bearing-down pains, displacements, and all the functional irregularities peculiar to the sex, it's a safe and certain remedy. Other medicines claim to cure! That's true. But they don't claim to do this. If the "Favorite Prescription" fails to benefit or cure, in any case for which it's recommended, the money paid for it is refunded. Judge for yourself which is likely to be the better medicine. And think whether something else offered by the dealer is likely to be "just as good." You pay only for the good you get. On these terms it's the cheapest.

Carus Happenings.

CARUS, Dec. 18.—The matter of an electric motor line which shall take the direction indicated by the correspondent from Mountain View, is one of great interest to Carusites. If the motor line once reaches the Myers place it is confidently expected that it will be continued along one of the routes lately surveyed to the Molalla. Such a line would be a safe, secure investment for its company, and a great convenience to those who wish to trade at Oregon City or enjoy its many pleasant attractions.

J. K. Graham, assisted by other parties, has cut down two large unsightly trees in front of Graham church and is making great improvement by clearing off timber and stumps around the premises.

The spirit of improvement seems to have taken possession of our citizens generally, and the owner of nearly every ranch in the vicinity can boast of efforts in that line. Your correspondent will try to give later a summary of what has been accomplished the present year.

Mrs. David Hunter has been quite ill recently; but is now able to be among us again.

Mrs. C. Cassidy is reported to be making progress toward recovery.

Letters from Mrs. John Jones, who late in the fall went to Medical lake for treatment, indicate that she has not as yet received benefit therefrom.

The contest of choirs, which was announced by the correspondent from Central Point, to be held on Christmas (Monday eve Dec. 20) at Graham's church, is really to be at the Welch church, Congregational. A good program is promised.

Mrs. W. W. May has been absent from home some three or four weeks. She is visiting her daughter, Mrs. Dora Williams, of Oregon City. Mr. May and his son Oscar are busily engaged in building a fence around the grave yard.

Rev. W. Gardiner gave an interesting and instructive discourse Saturday evening on the subject Nebuchadnezzar's dream. On Sabbath morning he addressed the young people on the theme, "Lost Opportunities." While taking a walk last evening some of the young folks were suddenly confronted by a very large wild goose. The two young girls of the party were inclined to flight; but Harry Franks, their escort, met the bird, which presented a savage front, and by using the toe of his boot vigorously, soon made it a captive. It is a monstrous bird, and of a grayish white color with dark lines. Some doubt remains as to its exact species; but we call it a goose.

Henry Hornshuh and brile took possession of their new house last Friday.

Our teacher, Mr. L. Fletcher, having received a call to a clerkship in the post office at Portland, has tendered his resignation to the board, which was accepted. Mr. Strange of Portland will take the vacant position in our school for the remainder of the term. CALLA.
