**About Another Woman.**  
INDIANAPOLIS, Dec. 26.—Silas E. Jones, 78 years of age, is under arrest at Kokomo, charged with bigamy. Jones came from Portland, Oregon, about a year ago, invested heavily in Kokomo property, bought a handsome residence, and married a young wife in the person of the daughter of ex-County Auditor Stillier. Jones was arrested by an officer named Murray, from Denver, where, it is charged, he has a wife living. Murray came to Kokomo with a requisition properly attested by Governor Chase. He timed his arrest of Jones, so as to get him to the station without giving the friends of the prisoner time to organize a resistance. It happened that the train was an hour late. Sheriff Simmons was appealed to and refused to allow Murray to depart with Jones until the papers had been passed upon by the local court. Jones, in the meantime, is detained in the residence portion of the jail. He admits some indiscretions in Denver, but pronounces his arrest for bigamy a case of blackmail. Last February an Oregon officer came to Indianapolis with a warrant for Jones' arrest on the charge of bigamy, but he had no requisition, and Jones refused to go. He claimed he had been divorced from the Oregon woman. The prisoner is the brother of the Rev. Mr. Jones, one of the foremost ministers of Kokomo. One of his sons is judge of the probate court at Portland, and another is a member of the Oregon legislature.

A dispatch from Salem adds, this is evidently S. W. E. Jones, of Gervais, who created so much talk a couple of years ago. July 30, 1890, he was junoed out of a large sum of money by a prospective buyer of his farm. There was a woman in the case. Jones had offered to give the woman, if she would marry him, \$10,000.

**The Union Pacific Blockade.**  
PORTLAND, Or., Dec. 26.—The Union Pacific blockade is at an end. The 600 passengers who have been accumulating at Toe Dalles and other points since Wednesday, have at last been landed safely in Portland. The first section, which has been struggling with the big snow-drift at Heidal Veil for the past two days, rolled into the union depot at 9:30 o'clock yesterday morning, and 350 delighted passengers hastily climbed down from the coaches and made a grand rush for the 'busses and street-cars.

The principal cause of the Union Pacific blockade was the derailment of the rotary snow plow at Latourelle, where there was an immense snowdrift which had become packed tight and had, after all, to be shoveled out. Seventeen men walked from Latourelle to Troutdale, a distance of eight miles, Sunday afternoon, and were brought into Portland at about midnight. All the delayed passengers, so far as could be learned, speak in the highest terms of the care and attention bestowed upon them by the conductors and trainmen.

**Dr. McGlynn Restored.**  
WASHINGTON, Dec. 23.—The famous case of Father McGlynn, of St. Stephen's church, has finally been decided by the restoration to him of authority to perform his priestly functions. The settlement of the case came within the scope of the general power vested in Monsignore Satolli, the papal legate, and the decision was promulgated by him tonight at the Catholic university, where he is stopping.

To end the many contradictory telegrams sent out it is thought expedient to state that at 9 p. m., Dr. McGlynn was declared free from ecclesiastical censures, and restored to the exercise of his priestly functions, after having satisfied the pope's legate on all the points in the case.

The effect of this decision by Monsignore Satolli is limited. It enables Father McGlynn to serve as a priest in any parish to which he may be assigned. A return to his old fold at St. Stephens' is a subject for further consideration and must be settled, the authorities here say, by Archbishop Corrigan, of New York.

during the fiscal year ending June 30, 1893. The rates are the same as those promulgated in the circular issued by the postmaster-general three years ago, and which the Western Union objected to. The claims of that company for telegraph service rendered during the past three years have not as yet been settled.

**ALUM AND AMMONIA IN OUR BREAD**  
**Shall We Drive Slow Poison from Our Breakfast Table.**

A nuisance that troubled England fifty years ago is now rapidly spreading in this country, that is putting Alum in the bread we eat. This question is causing a great deal of discussion at the present moment, and it is revealed that alum is being used as a substitute for cream of tartar in baking powders sold on the market contain either alum or ammonia and many of them contain both these pernicious drugs. Much timely alarm is felt at the wholesale use of alum in bread, biscuit and pastry. To young children, growing girls, persons of weakly frame, alum bread eaten morning, noon and evening is the most harmful. It is the small quantities taken at every meal that do the mischief. Alum is cheap, costing but two or three cents a pound, while cream of tartar costs 30c, and the high price of cream of tartar has led cheap baking powder to be made of alum. If the reader wants to know something of the corrosive qualities of alum let him touch a piece to his tongue then reflect how it acts on the tender, delicate coats of the stomach.

The Scientific American published in recent number a list of alum and ammonia baking powder, which is of great value at this time. Following is a condensed list compiled from official reports. Powders marked with a star seem to have a general sale, as they are mentioned in at least two of the official reports:

ATLANTIC & PACIFIC	ROYAL
CROWN	SILVER STAR.
DAVIS O. K.	SNOWDRIFT.
GEM	STAR.
KENTON	STANDARD.

There are in addition to the foregoing list from the Scientific American, a number of such powders sold in the western that were not found in eastern stores.

Following is a list of the most prominent:

Andrews' Pearl..... Contains Ammonia (C. E. Andrews & Co., Milwaukee.)  
Aeme..... Contains Ammonia (Thos. Wood & Co., Philadelphia.)  
Bon Bon..... Contains Alum (J. C. Grant Baking Powder Co., Chicago)  
Calumet..... Contains Alum (Calumet Baking Powder Co., Chicago)  
Climax..... Contains Ammonia (Climax Baking Pdr. Co., Indianapolis)  
Forest City..... Contains Ammonia (Vouwie Bros., Cleveland)  
Hotel..... Contains Ammonia Alum (J. C. Grant Baking Pdr. Co., Chicago)  
Hercules..... Contains Ammonia (Hercules Bkg. Pdr. Co., San Francisco)  
One Spoon Taylor's..... Ammonia Alum (Taylor Mfg. Co., St. Louis.)  
Rising Sun..... Contains Ammonia (Phenix Chemical Works, Chicago)  
Royal..... Contains Ammonia (Royal Baking Powder Co., New York)

"Golden Medical Discovery" cures those diseases which come from blood impurities—scrofula and skin diseases, and swellings.  
But does it? It's put up by the thousands of gallons, and sold to hundreds of thousands. Can it cure as well as though it had been compounded just for you.  
Its makers say that thousands of people who have had Tetter and Salt-rheum Eczema and Erysipelas, Carbuncles and Sore Eyes, Thick Neck and Enlarged Glands, are well today because they used it.  
Suppose that this is so. Suppose that a quick-witted man was far-seeing enough to know that to cleanse the blood was to cleanse the life. Suppose that by many experiments, and after many failures, he discovered this golden key to health and that his faith in it for you is so strong that you can go to your druggist, buy a bottle, and if it doesn't help you, you can get your money returned—cheerfully. Will you try it?  
The remedy to have faith in, is the remedy the makers themselves have faith in.

**Silver vs Silver.**  
WASHINGTON, Dec. 23.—There is to be an organized effort in the house after the holidays to bring about some financial legislation, probably taking the shape of an attempt to repeal the Sherman law. The opponents of free coinage believe this daily menacing of the securities of the government is inevitably leading to gigantic losses. On the other hand, the friends of silver are not less active, and expect to see a free coinage bill rushing to the front before many days of the new year have passed.

**An Earthquake.**  
CORNWALL, Ont., Dec. 25.—An earthquake lasting 40 seconds began here at 6:32 o'clock this morning. It was severe at first.

**January Weather.**  
Following is a summary compiled by the chief of the weather bureau showing the mean and extreme condition of the elements constituting the weather during the past 20 January's:

**TEMPERATURE.**  
Mean or normal temperature 37.8 deg. The warmest January was that of 1891 with an average of 43.2 deg. The coldest January was that of 1888 with an average of 29.3 deg. The highest temperature during any January was 62 deg. the 25th 1888. The lowest temperature during any January was 2 deg. on the 15th 1888. Average date on which first "killing" frost occurred (in autumn) Average date on which last "killing" frost occurred (in spring).

**PRECIPITATION.**  
Average for the month 7.50 inches. Average number of days with 0.1 of an inch 26. The greatest monthly precipitation was 13.71 inches in 1883. The least monthly precipitation was 2.75 in 1877. The greatest amount of precipitation recorded in any twenty-four consecutive hours was 6.86 inches on January 5th and 6th 1883. The greatest amount of snowfall recorded in twenty-four consecutive hours (record extending to winter of 1884-5 only) was 9 inches on January 2, 1890.

**CLOUDS AND WEATHER.**  
Average number of cloudless days, two. Average number of partly cloudy days, eight. Average number of cloudy days, twenty.

**WIND.**  
The prevailing winds have been from the south. The highest velocity of the wind during any January was from the south 53 miles on the 9th 1880.

**B. S. PAGE,**  
Observer.

It is all "Poppycock."  
WASHINGTON, Dec. 24.—It is not probable that the senate will take any action on the alleged part of Great Britain to strengthen her armed forces on the Great Lakes with war vessels, under the pseudonym of revenue cutters. Senator Frye, chairman of the committee on commerce, and a leading member of the committee on foreign affairs, who is a recognized authority on marine affairs, said the present agitation of the matter is all "poppycock."

**The White House No Exception.**  
WASHINGTON, Dec. 26.—The medical sanitary inspector visited the White House today and tacked two signs on the doors, quarantining the executive mansion against the public. The signs are pink colored pasteboard, and on them is printed:  
"To remove this placard without permission is unlawful. Scarlet fever within."  
The signs were put up because of the illness of President Harrison's grandchild, little Martena Harrison.

**No Fear of a Panic.**  
NEW YORK, Dec. 26.—Secretary of the Treasury Charles Foster, left for his home at Fostoria, O., this evening. Before going he said to a reporter that he had no conference with the bankers here in reference to the export of gold and the condition of the treasury. When asked if there were any danger of a panic, he said:  
"None at all. There is no occasion for excitement nor alarm in banking circles."

**They Still Have It.**  
HAMBURG, Dec. 23.—The indications are the recent cases of cholera were not sporadic, but that they were part of last summer's epidemic, and no doubt will break out violently at the approach of warm weather. There were two new cases of undoubted Asiatic cholera today and two deaths in the hospital. There is a general feeling of uneasiness.

**Ice in the Columbia.**  
VANCOUVER, Wash., Dec. 23.—Slush ice in the Columbia, pressing against the piling recently constructed by the government from the head of Shaw's island to the Oregon shore, has carried away about 300 feet of piling. The propeller Young America reached Vancouver today with passengers and freight. The railroad ferry is tied up on the Oregon side waiting for the river to clear.

**Railroad to the Sea.**  
PORTLAND, Or., Dec. 25.—A contract for the construction of the long talk-of railroad to the mouth of the Columbia river has been signed. The trustees of the subsidy company which offered 2000 acres of property in the town and vicinity of Flavel will return from New York within a few days.

**Blizzard Threatens a Blockade.**  
KANSAS CITY, Mo., Dec. 25.—Kansas, Oklahoma and the west generally is experiencing a genuine Christmas blizzard today, which threatens not only to blockade railroad travel, but also to do great damage to stock on the ranges south of Kansas if it continues for many hours.
