WILL BEGIN TUESDAY, JANUARY 3, 1893,  
For catalogues and full information address,  
THOMAS McCLELLAND, Pres., Forest Grove, Or.

## HAYES IS NO MORE

### The Ex-President Dies of Heart Failure.

## BUDGET OF WASHINGTON NEWS.

### Extreme Cold in the East—Senators Elected—Blaine's Condition—Ice Bridge at Niagara.

FREMONT, O., Jan. 17.—Ex-President Hayes died at 11 o'clock tonight, but the information of his death was not given out for some time later, as everything has been kept exceedingly quiet in the vicinity of the Hayes mansion. The early report of his condition, that the ex-president was improving nicely and resting easily, allayed all suspicions of so sudden an announcement as that by Webb Hayes, that his father had just died. It proved a shock to all.

The ex-president was seized with a cold in Columbia last Saturday while driving to the union depot, and asked for stimulants. This so revived him that he insisted on returning home, saying: "I would rather die in Speigle Grove than live anywhere else." After boarding the train he was seized with violent pains in his chest, which lasted until after his return home. He was treated for angina pectoris, and while relieved of distress, his heart never recovered its vigor and his life was suddenly terminated by paralysis of the heart. While lying in his room he frequently referred to the visit he made to his wife's grave the preceding Sunday, and spoke of the quiet beauty of the snow-covered scene. He said he had almost wished he was lying there. "And yet," he said, "my life has been an exceptionally happy one." His last words were: "I know I am going where Lucy is." They were spoken to his family physician with the utmost earnestness. He passed quietly and painlessly away at 10:45 in the evening, surrounded by members of his household.

The funeral service will be held Friday and General Hayes will be placed beside his beloved wife in Lakewood.

Rutherford Birchard Hayes was the nineteenth president of the United States, succeeding General U. S. Grant. He was the compromise candidate at the convention in Cincinnati in 1876, when he was united upon by the opposition to James G. Blaine. The death of Mr. Hayes leaves President-elect Cleveland the only ex-president living.

## Mr. Blaine's Condition.

WASHINGTON, Jan. 17.—More than the usual number of lights were burning in the Blaine mansion tonight, which gave rise to reports that Blaine was not so well. The reports could not be confirmed or denied, as the mansion was closed for the night. The physician has not returned, which is evidence that no radical change for the worse has occurred.

## WASHINGTON DOINGS.

### CONGRESS.

In the senate, Sherman, from the committee on foreign relations, reported back his bill to extend to the North Pacific ocean the provisions of the statutes for the protection of seals and other fur-bearing animals. The bill passed.

A resolution to suspend the purchase of silver bullion brought senator Stewart of Nevada to his feet in opposition to the measure, and a disposition to contest vigorously was evinced by the silverites.

The anti-option bill was again up for discussion upon Vilas' amendment. The senator from Wisconsin is doing all in his power to defeat the bill, and as a means to this end is seeking to add amendments making the law if it becomes one inoperative.

In the house Dearmond, of Missouri, introduced a bill suspending during the first year of each presidential term all civil service laws, in so far as they restrict or interfere with a free exercise by the president, or the heads of departments, of the power to remove or appoint officers or employees of the government. The preamble to the bill says no administration can fully and satisfactorily carry its policies into execution, if a large portion of subordinate officers are hostile to such policies.

The senate devoted some time on Saturday discussing the Nicaragua canal plan, and a resolution was introduced inquiring what sums had been expended in and about the construction of the Nicaragua canal since the accounts of the expenditures heretofore rendered two years ago when testimony was taken by the committee on foreign relations which showed up to that time about \$3,000,000 had been expended, but now it was proposed to give the company \$6,000,000 in bonds guaranteed by the government, and \$12,000,000 stock. Senator Sherman said that two years ago the company expended \$3,000,000.

Since then they had expended considerably more, but not so much as \$6,000,000. But the amount actually expended was to be ascertained by the secretary of the treasury and the secretary of state, and the maximum to be turned over to the company in guaranteed bonds was not to exceed \$6,000,000. Hoar said congress should see to it that in the construction of the Nicaragua canal the daylight should be constantly turned in on every transaction. The resolution was, at the suggestion of Morgan, laid over till Monday.

Treasury officials have been at work steadily for three weeks on a report showing the condition of the treasury. It can be said on good authority that the treasury statement will not show a deficit in the treasury, or the probability of one during the present fiscal year, but a close analysis is expected to show that Secretary Foster at times had a hard task "making both ends meet," and that his successor will be likely, unless relieved by legislation at this session raising additional revenue, to have even a harder task, with the pensions steadily increasing. On the result of the investigation will depend whether or not the ways and means committee will recommend legislation increasing revenues at this session. The present plan suggested, which is regarded as the most expedient, is to increase the whiskey tax. This increase would raise over \$5,000,000 additional yearly, if the law could be so framed as to affect whiskey in bond. Many persons prefer to revise the whole taxing system at once. What will be the outcome, of course, is uncertain at this time, but matters may soon develop by action on the part of the ways and means committee.

**HOUSE.**  
The bill for the purchase of the Cherokee strip for \$8,595,000 allows the government six years in which to pay for the land. An amendment was adopted providing that no person, who is the owner of 80 acres of land, or who has any real estate in any city or town of an aggregate value which exceeds \$2,000, shall enter any land opened to settlement. The original bill made the restriction apply to owners of 160 acres. After further discussion and the adoption of some minor amendments, the bill passed, and the house adjourned.

Senator Chandler has introduced a bill making it unlawful for any body of men numbering ten or more to assemble, drill or bear arms as a military body, unless called for by the properly authorized civil or military officers. It makes it the duty of the president to disband and disperse any organization. This bill is aimed at the Pinkertons and the semi-military anarchist organizations.

It is evident from all the signs visible in the congressional sky that a concerted attack will soon be made on the anti-Chinese law.

The bill introduced by Senator Dolph, providing for the retirement of Judge Deady after the 4th of March, passed the house today and goes to the president for his approval. It will undoubtedly be signed, and soon after the 4th of March the people of Oregon will have a democratic judge. Among the Oregon people here there was some discussion as to who will be Judge Deady's successor and it is expected that several leading democratic lawyers will apply. Those mentioned are C. B. Bellinger, L. L. McArthur, L. E. Cox and R. S. Strain.

"The president-elect is said to be much disturbed by the silver situation. He said to a recent caller that another Sherman law would drive the country into the hoarding of gold and a financial panic.

## Natural Bridge at Niagara.

NIAGARA, N. Y., Jan. 16.—The ice bridge across Niagara river, which formed January 3, is still intact, and the intensely cold weather has strengthened and enlarged it until it has become the greatest bridge since that of 1880, when the Canadian hackmen made a driveway across the river and used it for three months. Since the formation of the giant bridge hundreds of people have viewed it daily from the terraces along the Michigan Central railway. Buildings for the sale of refreshments have been erected on the bridge, and with its hundreds of passengers to and fro, the summit of the ice dam has become a busy street traversing the grandest winter scenery in the world.

## Cold Wave in the East.

ST. PAUL, Jan. 15.—The mercury froze solid last night at 40 below zero at Sparta, Wis. It registered 45 below at Whitehall, 36 at LaCrosse, and 42 at Medford. Terrible suffering among the Winnebago Indians is reported. The mercury reached 23 degrees below zero in Kentucky. This is colder by five degrees than was ever before known.

## Issued Too Late.

SALEM, Or., Jan. 17.—Governor Penoyer today addressed a letter to the

clerk of the state land board, giving notice that from this date no selections in the lieu lands, occupied by settlers, will be approved, but all settlers on such lands will be permitted to get title from the state by paying a price therefor; nor will any selections be made in the lieu school sections in the Cascade mountain reservation; nor will any further selections of lieu lands whatever be approved, which are not already partially completed at this date. The governor says the object is to leave the land for future generations.

## Senatorial Vote of Olympia.

OLYMPIA, Jan. 17.—The senate answered the roll call at the hour of noon and proceeded with the election of United States senator to succeed John B. Allen. The vote stood Allen 15, Turner 9, Griggs, dem., 9. The house cast 34 for Allen, 17 for Turner, 18 for Griggs, dem., and 9 for Governor Teate, pop. This gives Allen a total of 49. Turner 26, Griggs 27, Teate 9. It takes 57 votes to elect.

## Gen Butler's Brain.

BOZEMAN, Jan. 17.—It is stated the autopsy on the body of General Butler showed the cause of death was the bursting of a small blood vessel in the brain, caused by a violent fit of coughing. All the organs were in excellent condition, and but for this accidental cause he would probably have lived many years. His brain weighed four ounces more than that of Daniel Webster, one of the largest on record.

## Park on the Cascade Summit.

WASHINGTON, Jan. 13.—The president will tomorrow issue a proclamation under act of March 3, 1891, as to reserves, upon the recommendation of one of the special agents of the interior department in Oregon, creating a great reservation of the public lands in the state of Oregon, commencing at the Columbia river on the north and extending nearly through the entire length of the state.

## Senator Mitchell's Son-in-Law.

WASHINGTON, Jan. 14.—William R. Handy, son-in-law of Senator Mitchell and for many years a confidential clerk in the office of the secretary of the navy, died at his residence in this city this morning, after a lingering illness. Several years ago he married Miss Maggie Mitchell, and they have continued to reside in Washington. He was 38 years old, and leaves two children. The funeral will take place Monday.

## Senator Edward Murphy.

ALBANY, N. Y., Jan. 17.—Edward Murphy, Tammany candidate for United States senator, against whose election President-elect Cleveland protested, was chosen to that position notwithstanding, by the legislature today, to succeed Senator Frank Hiscock by the following vote: Senate—Murphy 17, Hiscock 12, Whitelaw Reid 1. House—Murphy 78, Hiscock 52.

## To Reduce Expenses.

OMAHA, Neb., Jan. 16.—Seven thousand shophen of the Union Pacific system will from today until the road shows increased earnings, work eight hours a day instead of nine, as formerly, and seven hours Saturday. This departure, so the officials say, is made necessary by the general unsatisfactory condition of business on the main line and several branches.

## Pacific Coast Failures.

SAN FRANCISCO, Jan. 13.—The Bradstreet mercantile agency reports fourteen failures in the Pacific coast states and territories for the week ending tomorrow, as compared with eighteen for the previous week, and seventeen for the corresponding week of 1892.

## Senator Hawley Re-Elected.

HARTFORD, Conn., Jan. 17.—Joseph H. Hawley, republican, was chosen United States senator at the joint legislative session.

## Succeeds Himself.

AUGUSTA, Me., Jan. 17.—The election of United States senator today resulted in the choice of Eugene Hale to succeed himself.

## Quay Renominated for Senator.

HARRISBURG, Pa., Jan 17.—The republican caucus this morning nominated M. S. Quay for United States senator.

## Notice.

The firm of Logus & Albright having been dissolved, all accounts due said firm must be settled at once as the partnership estate has to be closed up. Thirty days from date of this notice all unpaid accounts will be placed in an attorney's hands for collection.  
Dated January 7, 1893.
