**Pacific University and Tualatin Academy,**  
**WILL BEGIN TUESDAY, JANUARY 3, 1893.**  
For catalogues and full information address,  
**THOMAS McCLELLAND, Pres., Forest Grove, Or.**

## CONGRESS IS SLOW

**Bishop Brooks and Supreme Justice Lamar Pass Away.**

**CLEVELAND FORMING A CABINET.**

**Quiet Week in Congress—Blaine's Condition—Trains and Banks Wrecked.**

**SENATE.**

The resolution of Wolcott, directing discontinuance of the sale of Columbian postage stamps, was referred to the post-office committee.

Senator Dolph has secured a favorable report from the committee on public buildings and grounds of his bill for the erection of a postoffice building at Baker City, Or., also, a favorable report on his amendment to the sundry civil bill appropriate \$250,000 for the public building at Portland, and to increase the limit of the cost of the building to \$1,000,000.

The republican senatorial caucus this afternoon decided by a majority vote to take favorable action upon the admission of the territories of Oklahoma, Utah and New Mexico, but left Arizona out in the cold.

**HOUSE.**

Most of Friday was devoted to the immigration bill. Raynor of Maryland, in advocating the bill, said personally he would be in favor of suspending immigration from infected ports until all danger of the disease had passed. A number of amendments of various imports were moved and defeated, when Cockran offered an amendment providing that nothing in the act shall be construed to authorize any federal officer to relax, modify or suspend any rule, precaution or regulation adopted by the state or municipal authority for the exclusion of diseases, nor permit the entrance nor discharge of any vessel, where quarantine regulations are established by such authorities until the vessel shall have complied with these regulations. After some discussion and an attempt to leave the word "modify" out, the amendment was agreed to, 94 to 88.

Senator Dolph's bill to extend until January 1, 1894, the time of payment for forfeited railroad lands between Wallula, Wash., and Portland, which passed the senate the other day and was speedily reported from the house committee on public lands, was called up by Mr. Hermann and passed through the house. It will be signed by the president in a day or two.

**Who Will Enter the Cabinet?**

WASHINGTON, Jan. 23.—A great many rumors have been floating about regarding the cabinet, one of them being that Gresham has been invited to a seat at Cleveland's council board. In case a number of the supreme judges should die, and there would be enough vacancies to insure a democratic supreme court, Cleveland might offer Gresham a place on the supreme bench, other wise he is not liable to receive anything from the next administration. Cabinet speculations, which leave Morrison out of the slate, are not apt to be very good. In case the pension bureau is transferred from the interior department to the war department, Morrison may be made secretary of war. If the bill fails to pass, it is possible Morrison will be secretary of the interior. Carlisle is sure to be secretary of the treasury. Dickinson is probably slated for secretary of state, and Lamont will have a place in the cabinet. Two men from the South and one from the Pacific coast will be selected.

**Noted Clergyman Dead.**

Boston, Jan. 23.—Bishop Phillip Brooks died at his residence at 6:30 this morning of heart failure, brought on by a fit of coughing. His death was entirely unexpected. He was taken ill Thursday with a sore throat, but nothing serious showed itself until last evening when his physician discovered diphtheritic symptoms and considered a consultation advisable but at this time nothing serious was anticipated. About 6:30 o'clock a. m. the patient was seized with coughing spasms which lasted for a few moments, and his heart ceased to beat. Dr. Beach said this morning that death was caused from heart failure, and not diphtheria. Bishop Brooks preached last Tuesday evening.

**The Homestead Poisoning.**

Pittsburg, Jan. 20.—When the court opened this morning in the trial of District Master Workman Dempsey, of the Knights of Labor for administering poison with intent to commit murder, a large crowd was present. Judge Stowe, in his charge to the jury, carefully avoided any expression of opinion as to the evidence given in the case. The jury at 1:20 p. m. brought in a verdict of guilty on the first count, charging the defendant with administering poison to W. E. Griffiths. When Dempsey heard

the verdict the color left his face and beads of perspiration stood out on his forehead. With bowed head he left the courtroom in company with Attorney Porter. Once outside the door, Dempsey was surrounded by a crowd of sympathizers, prominent among whom were several members of the old advisory committee of locked out Homesteaders. To a reporter, Dempsey said that he had no comments to make, except to reiterate the declaration that he was an innocent man. Porter said the verdict was a false one, and he would at once make an application for a new trial. The extreme penalty is \$500 fine and ten year's imprisonment.

**Bad Bank Failure.**

LINCOLN, Neb., Jan. 22.—The startling announcement of the failure of the Capitol National bank was made a short time after 11 o'clock tonight, and with it came the statement that the state treasurer was caught in the crash to the extent of \$250,000. It is stated the failure is a bad one, but the exact amount can not be ascertained tonight. The deposits amount to \$625,000, and of this amount between \$175,000 and \$250,000 are state funds, for which the bond of the treasurer will be responsible. The capital stock was \$350,000, and all paid up. Cashier Outcalt stated that the assets would protect the depositors, but there is doubt expressed as to the correctness of the statement.

**THE ACCOUNTS EXAMINED.**

LINCOLN, Neb., Jan. 23.—Bank Examiner Griffith demanded the books of the bank this morning. He soon discovered that something was wrong. A large sum is missing and the bank officials could not account for it. All they could say was that it had been stolen. The sum is said to reach \$200,000.

**A Terrible Wreck.**

St. Louis, Mo., Jan. 21.—A wreck, which in its consequences was one of the most appalling and disastrous that has occurred in years, took place between Wann and Alton Junction, Ill., this morning. The Cleveland, Cincinnati, Columbus, & St. Louis southwestern limited passenger train, consisting of an engine and four coaches, which left here this morning for the East, ran into a train consisting of seven tank-cars standing thereon. The result was a fire, and afterward an explosion, which has already cost six persons their lives, fatally injured 19 others, seriously hurt fully 50 more and caused a great property loss to the company.

**Cleveland Interviewed.**

SYRACUSE, N. Y., Jan. 21.—Grover Cleveland, returning from the funeral of ex-President Hayes, passed through here today. At the station a reporter asked him if he believed the silver repeal bill would be passed. Mr. Cleveland said he hoped so. He had nothing to say on the question of free coinage. The reporter then asked: "Have you anything to offer the public on the tariff? Will the McKinley law be repealed?" "I'd like to know what else we are in power for."

**Associate Justice Lamar Dead.**

MACON, Ga., Jan. 23.—Associate Justice of the Supreme Court L. Q. C. Lamar died here tonight. Death was sudden in the extreme, for, since the justice has been here, he had appeared gradually to have been gaining. This evening he visited for some time with a friend, Dr. Lewellyn, and just after the doctor left his house, about 8 o'clock he seized with violent pains in the heart and died in a little while.

**White House Quarantine Raised.**

WASHINGTON, Jan. 23.—The White House quarantine is practically removed. Little Martha Harrison has entirely recovered from her illness, and the local health officer took from the entrance to the private part of the mansion the cards warning persons that scarlet fever existed within. The mansion will not, however, be opened to the general public until the physicians are satisfied that all danger of infection is removed.

**Respects to LaMar.**

WASHINGTON, Jan. 24.—Justice Lamar's seat on the supreme court bench was draped in mourning this morning when the court assembled. Chief Justice Fuller announced Mr. LaMar's death, and, without transacting any business, the court adjourned. Most members of the court will attend the funeral. The senate and house adjourned out of respect to the memory of Mr. LaMar.

**Water Works Explosion.**

GOEHEN, Ind., Jan. 21.—The water works boiler at Naphanese exploded this afternoon, killing three men and injuring two others.

**Mr. Blaine's Condition.**

WASHINGTON, Jan. 24.—No encouraging reports as to even a temporary gain of strength were received from Mr. Blaine's physician or family today. The impression everywhere is becoming more emphatic that each day now finds

him in some respects not so well as on the previous day. Everything about the house tonight appears thus far the same as usual. A dim light in the sick room seen through the drawn curtains conveys no sign of anything beyond an ordinary vigil. The physicians at 9 o'clock say there is no material change.

**Bayard-Carlisle-Lamont.**

WASHINGTON, Jan. 25.—It is said to be settled that Bayard is to have the portfolio of state again, and that Senator Carlisle will be secretary of the treasury. The only other member so far as known to have been selected for the cabinet is Lamont, who it is claimed, is looked for secretary of the navy. From a most reliable source comes the information that National Chairman William F. Harry, of Pennsylvania, has been telegraphed for, and that he is to be tendered the postmaster-generalship.

**Railroad Shops at Spokane.**

SPOKANE, Wash., Jan. 20.—The contract for the Great Northern shops in this city was let this afternoon. The contract price is \$80,000, and the contract provides for the construction of six buildings, which will cover an area of forty acres. By the provision of the agreement, the buildings are to be completed by June 10. The machinery will cost \$250,000.

**Stewart Again Chosen.**

CARSON, Nev., Jan. 24.—William M. Stewart was today re-elected to the United States senate by the Nevada legislature. He was the silver party candidate and received the unanimous vote. Ex-Congressman Martine was the republican candidate.

**Senator Mills of Texas.**

AUSTIN, Tex., Jan. 24.—The senate and house balloted separately today for United States senator. The total vote of both houses was: Mills 143, Nugent 9 and Coney 1. The result will be officially declared in joint session tomorrow.

**Is Going into the Cabinet.**

FRANKFORT, Ky., Jan. 20.—Governor Brown received the following letter in today's noon mail from Senator Carlisle: "I hereby resign the office of senator from the state of Kentucky in the congress of the United States, to take effect on the 4th of February, 1893."

**Sixteen Candidates in Wyoming.**

CHEYENNE, Jan. 24.—Both houses voted for senator today. The votes were distributed among sixteen candidates.

**CONGRESS.**

**At Last Takes Action.**

A bill has been introduced at Washington requiring all baking powders containing alum and ammonia to be so labeled. This is a step in the right direction, and has been long foreshadowed by the action of state legislatures, boards of health, food commissioners, etc., in this matter. The bill affords needed protection to the public, for the evidence as to the injurious effects of alum and ammonia is very heavy; but it will nevertheless be fought bitterly by the manufacturers whom it effects who are accustomed to sell their goods as "pure Cream of Tartar," "absolutely pure," etc.

The bill is something needed. If a maker uses a drug in his powder, the name of which he does not want to have printed on his label, it is prima facie evidence that there is something wrong. We hope the subject will be vigorously prosecuted all over the country, not only as regards baking powder, but also all other food adulterations.

This bill may incidentally benefit the makers of pure articles, but if it should, this is only an additional point in its favor.

The poets sing, in dainty rhymes, Of summer days, and sunny climes Of beauteous maidens, passing fair, With winking eyes and waving hair, Till, near the end, you're apt to see— 'Tis but an 'ad' for P. F. P.; that is, Pierce's Favorite Prescription, the infallible and guaranteed remedy for all kinds of female weakness, which cures the ailments of feeble, "run-down" and debilitated women, and restores them to youthfulness and beauty once more. The price of this royal remedy, Dr. Pierce's Favorite Prescription, is but \$1.00 a bottle, and money refunded in every case if it doesn't give satisfaction. See guarantee on bottle-wrapper.

**Speculation Dangerous.**

Scarcely a day passes without the news of some large failure flashing over the wires—the usual result of speculation in stock or some equally dangerous venture. The same electric current carries to dear distant friend the sad tidings of death of loved ones—too often the result of speculation in patent nostrums. Moore's Revealed Remedy is no speculation but is sold on positive guarantee. Do not fail to go to your druggist and ask for your money if not satisfied. We know you will go and buy another bottle. For sale by all druggists.

FOR SALE.—Four cabinet working benches at Bellomy & Busch's. Will sell at a bargain.
