Highland Happenings—Peculiarities of the Storm—School Exhibition—Teachers Engaged.

HIGHLAND, Feb. 7.—We have had the worst snow storm ever known in and about Highland. One peculiarity never occurred here before—snow drifting with the wind from the south; another, raining with the wind from the north.

Our school, taught by the Misses Mayfield closed last Friday, February 3d, but on account of the inclemency of the weather the school exhibition was postponed until the Friday following, February 10. A good time is anticipated as some talented individuals will participate. Everybody is invited.

Miss Jennie Mayfield, our former principal, is engaged to teach the Mink school. Miss Minnie Harrington is engaged to teach the school at Redland. Since both these young ladies are Highlanders we wish them success.

Born, January 24th, to the wife of G. R. Miller, a son. Also, January 25th, to Mrs. Marshall, a son. All doing well.

This cold weather is severe on stock.

Highland has a goodly number of new arrivals from the East a few of whom are in close circumstances and are having sick cows and horses.

Coyotes are working sad havoc among A. Harrington's sheep. They also gave Geo. Parish's geese a call and killed seven.

Mrs. Parish takes the lead in good cows and good butter making. During 1892 she produced from three common cows \$10 lbs. of butter. Who can beat that?

CENTRAL POINT.

Fun for the Boys, But Death on Coons—Aged Couple Hurt.

CENTRAL POINT, Feb. 6.—Most of the farmers of this place are busy at present sacking potatoes which they expect to ship to San Francisco as soon as the cold weather is past.

David Penman with his wife and daughter Annie were visiting their daughter, Mrs. Hinton, at Albany last week.

Wm. Rider killed three large coons near his house last Friday.

Bert McArthur and his brother Elmer smoked a coon out of a large hollow tree. When he came down the tree to get fresh air, Bert killed him with an ax.

J. G. Foster accidentally fell from a load of hay striking the ground with his shoulder and neck but fortunately it did not hurt him seriously. Mrs. Foster was hurt while getting over the fence, as the rail rolled and she fell; the rail followed and struck her on the foot causing her much pain.

Adolph Miller, who left here about Jan. 25, for San Francisco, was held up at Golden Gate and relieved of \$20 in gold.

STAFFORD NOTES.

STAFFORD, Feb. 6.—A Chinook hit here Friday and lasted until Saturday evening, taking away a great deal of snow, then as the temperature lowered it began to snow, and on Sunday morning there was a new coat of about four inches, and at present there is at least a foot. Sleighing is good, and the old as well as the young take pleasure in riding behind their lively steeds.

A heavy fruit crop is predicted for the coming season as the snow has hung heavy on the trees this winter.

Stafford school was closed one day last week on account of the deep snow and blizzard weather.

A road law indignation meeting was held at the Frog Pond school house Saturday, of which the Frog Pond correspondent will undoubtedly give full particulars.

Henry Schatz has bought an organ and is now able to entertain the people with very sweet music.

Mr. and Mrs. F. Burger returned from Portland last Tuesday to spend a few days with friends here.

J. P. Gege sold most of his clover seed last week at Portland for 14 cents per pound.

NOTES FROM BORING.

BORING, Feb. 4.—Snow sixteen inches deep at the present. Fine sleighing, and young and old both improving the time.

W. H. Boring, wife and son went over to their pastor's in Powell's valley. Rev. J. H. Wood. Mr. Wood contemplated holding a series of meetings at the M. E. church at Union, beginning at 11 o'clock, the 5th of February.

Sun shining bright to-day. The mercury stood the night of the 31st of January 7 degrees above zero.

Quite an accident happened near Damascus, Saturday, February 4. Mr. August Mathias and son were at work in their wood shed about 1 o'clock when Mrs. Mathias came out to call them in for dinner. The roof of the shed being heavily laden with snow fell in on them, knocking them insensible. The boy being the first one to return to consciousness pulled Mr. and Mrs. Mathias out from under the shed, both being hurt. Mrs. Mathias is suffering more than the rest.

Chas. Kichey is beginning to move to his new place.

MINK NEWS.

MINK, Feb. 5.—Geo. H. Dunn hired Mr. Brooks and Miss Jennie Mayfield to teach the last month of his term. Here as he is to commence school at the West Side on February 12. We are sorry to lose Mr. and Mrs. Dunn, as they have taught us a good school. Our best wishes go with them.

John Moehnke shot a gray eagle last week which measured seven feet four inches from tip to tip.

Born, January 30, to the wife of F. Bluhm, a girl.

The Mink literary and debating society send a cordial invitation to Judge Meldrum to be present at its next meeting on February 10 at 7 p. m. The question for discussion is, Resolved, That the action of the county court in changing the road districts is detrimental to the best interests of Clackamas county.

Feed is getting scarce with some of the farmers.

THE COURT DID RIGHT.

James Roots of Clackamas Comments the County Court Relative to Roads.

TO THE EDITOR: The people of this section of Clackamas county were considerably surprised to notice in the last issue of your paper a call for a meeting to condemn the action of the county court in dividing the county into large road districts to be supervised by competent men. This is not our idea at all. The people living north of the Clackamas feel like passing a vote of thanks commending the court for its, as we believe, wise action in adopting the plan pursued so successfully by Multnomah county. We have seen this plan tried across the line and have become thoroughly convinced that while we do not have as much money to expend on our roads as Multnomah still it will work much better than the old plan. Why, as it has been heretofore, it took an ordinary road supervisor more time to get his tools together and his men fairly at work than he had time to work after everything was in working shape. Then so little work could be done that it amounted to but little more than patch-work on the roads. Now with competent men as supervisors we feel confident that we will secure good roads, which was utterly impossible under the old system.

JAMES ROOTS.

Clackamas, Feb. 7.

MORE ABOUT ROADS.

A New Era Farmer Gives his Views on the Supervisor Question.

TO THE EDITOR: Having noticed a communication in your last issue calling a meeting of the citizens at Frog Pond school house for the purpose of discussing the action of the county court in redistricting the county in such large road districts, and your caution to the farmers not to be hasty—that you think the plan worth trying, etc. Now I think if you had had twenty or thirty years experience in road work in this part of the county, where there is no material to build roads with but mud and fir brush, and with numerous bridges to be built by private labor, perhaps you would see as others do that the plan has nothing to recommend it to a trial even. We have a number of roads in this part and but small tax, and all these roads have been laid new through a timber country, or relaid as is the case with some, and have had to be opened, grubbed and bridged in many places, and cross laid with rails in many others in order that the people might have a way to get to market in summer at least. And very much of this work has been done by volunteer work. Some men have done as many as twenty or thirty days of volunteer work each besides their tax. The north part of this county has numerous gravel beds that are available for making roads there. We have none—there is not one known between Oregon City and the Molalla bluffs and nothing better than fir rails to make passable the soft places.

The act of the county court appears at this point like a direct insult to the farmers in appointing a guardian over them to teach them how to mind their own business. And the law itself gives said guardian the power (if he shall see fit) to appropriate all the tax of this district to fixing the Molalla road, and none dare say him nay. We heard and read and saw a great deal last winter and spring of a new route for a road to Molalla, and the county surveyor and others spent much time and more money in surveying said new route, and what came of it? Simply the people were plainly told, if you will furnish half the cash we will build the road. That was the big stump in the way and no powder to blow it out, and the road stopped. Respectfully,

J. G. FOSTER.

CANBY CULLINGS.

New Church—Officers Installed—Fun on Runners—Two surprise Parties.

CANBY, Feb. 8.—The Christian minister, Rev. Bateman, is just making the devil howl. He has organized a church of Christ in Mr. Evans's hall, with over thirty members; also, a Christian Endeavor society of about 40 members; and next Sunday he will organize a Sunday school.

The Good Templars installed their officers for the coming quarter last Saturday evening, and Monday evening held a special meeting for the purpose of electing eight delegates to the district lodge to be held in Portland next week.

Nearly all of the boys have sleighs, and all of the boys that have sleighs have girls, and when the snow goes the girls go too, just like snow birds; so some of the unfortunate ones were saying.

It seems there was some kind of an agreement between the saloon and some of the citizens favoring the incorporation, to the effect that if they would not sign any remonstrance against Sushaber he would not remonstrate against the incorporation; and when the people learned that A. B. Dimick was in Salem opposing the town with a remonstrance the people of the town hustled around and secured several more names against the beer house.

C. P. Dix is in Portland on business, as is also D. J. Cox.

James Wilson has had a long and severe spell of sickness, but has recovered enough to be around again.

Rev. Lowther, our old minister, was amongst us last week. He is just as pleasant as ever and seemed to think he was right at home, as all were glad to see him.

A very nice surprise party was gotten up last Friday for Mr. Nolan and wife. The young people went in sleighs and took their music with them. They say they had a way-up time. The same crowd surprised Mr. Phillips on Tuesday evening.

FROM ANOTHER CORRESPONDENT.

CANBY, Feb. 8.—A pleasant sleighing party was gotten up last Thursday evening and gave a surprise to Mr. and Mrs. James Nolan, near Canby. The evening was spent in dancing and a good time was enjoyed by all. The following is a list of young people in attendance: J. R. Hunter, H. A. Knight, J. Fisher, D. J. Cox, R. D. Ball, H. Evans, W. Fisher, W. Kendall, S. E. Cox, G. W. Knight, C. Schmidt, C. Phillips, J. Zeller, Lou Knight, Emma Fisher, Phebe Fletcher, Addie Lee, Elvira Lee, Cora Fletcher,

Annie Knight, Fannie Schmidt, Annie Schmidt, Gertrude Schmidt, Emma Beckner, Mrs. Martin, C. Y. Draper, Lee Rogers, Bertha Knight, Ella Knight, Eliza Stevens.

Elvira Lee attended the teachers' examination in Oregon City Tuesday.

J. Zeller, a photographer, is in Canby making arrangements to start a photograph gallery.

H. C. Gilmore has sold his house and two lots and moved in the house adjoining his candy and cigar store.

THE ANNUAL CONTEST.

Canby Down in Force Contesting the Granting of a Saloon License.

The county court is having its annual grid over the issuance of a license to Sushaber for a saloon in Canby, which young city must be well nigh depopulated by the exodus to this place. The court room is filled with witnesses and interested parties. A. B. Dimick is conducting the case for Sushaber and C. D. Latourette has been engaged by the remonstrators to support their rights and the case is being hotly fought. The application for a license was published with 90 names attached, and this was met with a remonstrance of 102 names, making 198 for both sides. Each side charges that the other has numerous names down that are not legal petitioners, and about these names the fight centered yesterday. Witnesses were called to substantiate or impeach each petitioner and some lively episodes occurred. To show whether or not the lists were padded the election tally sheets were produced. These showed that there were cast in June last 161 votes and in November 183, the lists being 37 greater than the June vote and 15 greater than the November vote. As the trial is still pending the result cannot be given.

HOOD VIEW AND VICINITY.

HOOD VIEW, Jan. 31.—Miss Belle Jones was the guest of Miss Elva Cople last Sunday.

J. W. and Master Robbies Graham are expected home soon for a week's visit.

Mrs. Melvina Short is visiting Mrs. C. T. Toose.

Mr. and Mrs. Boyce of Chamboog, were the guests of Mrs. L. B. Brown a few days last week.

Ross Spencer, of Canemah, is spending a few days with his son Harv.

Grandma Seely is not very well. R. H.

FROM ANOTHER CORRESPONDENT.

MINK, Feb. 7.—Michael Bishin is seriously ill at his residence.

Chas. Rutherford closed a successful five months term of school last Friday at Beaver Creek.

John Shannon and sons are making preparations to start a brick yard on his farm. We wish them success.

Frederick Bishin is the happiest man in neighborhood all because of another girl in the family.

Several land sales have been made during the past month. Henry Hughes has purchased Mrs. Peck's farm, formerly known as the Lands place, and a Dakota German has bought Daniel Williams's farm.

DOLPH AGAIN MENTIONED.

If Jackson is not Confirmed Senator Dolph may be Nominated by the President.

WASHINGTON, Feb. 8.—[OREGONIAN office, 511 Fourteenth street.]—The story is going the rounds tonight that President Harrison has given an intimation that if Jackson is not confirmed Monday he will withdraw his name and send in the name of a republican now a member of the senate, so that he will have a senatorial courtesy to assist him in securing favorable action. It is claimed that the republican senator meant is Dolph. This information comes from supreme court sources. The democrats think this a bluff on Harrison's part.

The outlook tonight is that the free-silver men of the house, aided by the republicans who believe that the democrats should settle the financial question, will defeat even consideration of the silver bill and surely defeat the cloture if it is presented.

No More Gold.

New York, Feb. 8.—A local paper says that the United States treasury is practically empty of gold and the New York banks are obliged to come to the relief of the government. It is a serious situation that confronts the secretary of treasury and the financiers of the country. The drain of American gold coin to Europe has at last exhausted the reserves of the government, and private stores in the vaults of the banks are drawn upon to tide over the emergency.

Wilsonville School Report.

The first month of the second term of our winter school closed Friday, Feb. 3. The total number enrolled is forty-six. The average attendance was only 39, less than usual on account of the inclement weather. Those on the roll of honor for this month are: Louis Hasselbrink, Alvin Miley, Priscilla Miley, Charles, Bert, Walter, Ralph, and Archie, Sherman, Flora, Mabel and Lillie Seely, Willie Schulpies and Anna Wagner.

Some are in favor of having a spring term after this closes, but if the necessary funds can not be raised, the plan will have to be given up.

Taken Up.
