FRIDAY, MARCH 17, 1893.

**A PASSENGER TO THE RESCUE.**—Last Sunday as Conductor W. C. Carpenter of the electric line was running into Portland and acting as motorman one of the passengers standing on the front platform was pretty well loaded, and as he stepped upon the lower step the conductor urged him to be careful. This offended the man and he began to swear in great shape when he was told to be quiet or get off the car. He then began striking Carpenter who warded off the blows as well as he could while stopping the car which was running fifteen miles an hour. As soon as the car was stopped Carpenter grabbed him to put him off and a lively scuffle followed during which the conductor made no attempt to hit the man. Finally another passenger stepped down and took a hand on his own account knocking the man down and bating him about in great shape. The man was left to ponder over his hard fate, and the conductor presently learned that the passenger who took up the quarrel was none other than Jack O'Day the pugilist, who said, "I saw that you didn't want to get yourself into trouble by hitting that fellow, and as he deserved a good thrashing I could not resist taking a hand myself."

**CHAPTER ORGANIZED.**—Last Monday night a number of the members of the R. A. Chapter, met and completed the reorganization of Clackamas chapter number two. This chapter was organized in 1858 or 1859 and continued until 1862 when it surrendered its charter and turned its property over to the grand lodge which appraised it at \$300 and ordered it sold and the proceeds held for the lodge should it ever be reorganized. Instead of being sold it was loaned to the Corvallis lodge which continued to use it, no return having been made. The reorganization of the lodge here with the same name and number will give them a claim to the property turned over to the grand lodge, or its equivalent in money, and they will probably ask for it. The following named officers have been chosen: H. S. Strange, high priest; A. W. France, king; and W. T. Whitlock, scribe. The minor officers have not been selected. Next Monday evening will be the first regular meeting of the chapter. Indications are that it will have an immediate rapid growth.

**A TIE PARTY.**—Married, at the residence of the bride's parents in New Era precinct, March 8th, at 1 o'clock, Miss Minnie, daughter of Julius Priester, married to James Turner of Tualatin, by Frank M. Kruse, J. P. After the ceremony a bountiful dinner was partaken of by all and seemed to be relished. Those present were Julius Priester and wife, parents of the bride, Thos. L. Turner and wife, parents of the groom, O. P. Sharp and Miss Ella Turner, the best man and lady for the couple, Peter Larson and wife, Mrs. Z. Sharp, Mr. and Mrs. Ortman, Mr. and Mrs. Barney, Buffalo Bill, Oscar Larson, Chas. Larson, A. C. Sharp, Ed. Sharp, Walter Sharp, Wm. Slotter, Conrad and Charley Webster, Albert and Herb Turner, Miss Del Anaretta, Kate and Linn Sharp, Dell Larson, Susie Turner, Rosa Wagner, Emma and Kate Priester. In the evening the company gathered at T. L. Turner's and had a dance in honor of the newly married couple which everybody seemed to enjoy especially the supper. The couple have moved to themselves and earnestly hope all their troubles, if any, may be little ones.

**FOR THE TEACHERS' ASSOCIATION.**—Teachers wishing to attend the teachers association to be held at the Harmony school house, district No. 49, the last Saturday in March, can purchase tickets to Milwaukie and the conductor will stop the train at the crossing near the school house; provided there are about fifteen teachers that want to stop there.

**ANOTHER CASE.**—Last Sunday Charles E. Pease who was down to Clackamas brought word that Frank Foster a young man about 14 years of age had come down with smallpox. This makes the third case since John Knox was sent to the pest house in Portland. As Foster had no opportunity to catch it from either Mrs. Knox or her child he must

have come in contact with some of the germs left by John Knox before he was sent to the pest house in Portland. Vigorous quarantine measures have been enforced but with the breaking out of this new case it is hard to tell what to do as it may break out anywhere in the community next. Mrs. Knox and her child who have had but a mild attack are both doing well, and according to the Oregonian, John Knox has recovered and been discharged from the pest house.

**A SURPRISE PARTY.**—Last Friday evening at the home of their parents Misses Emily and Minnie Holden were taken by surprise when about thirty of their young friends marched in, in a body. A delightful evening was spent in social games, singing etc., after which refreshments were served. Among those present were the following: Misses E. M. Donaldson, Maggie Williams, Lizzie Blum, Lizzie Williams, Musa Barkley, Nora Calif, Lizzie Gilbert, Maria Roberts, Mollie Barkley, Emma Roberts, Mr. and Mrs. Nedrow, Messrs. Joseph Black, A. Matheson, Evan Williams, J. Pritchard, Bert Beattie, A. Robertson, Wm. Muir, John Williams, F. Foster and Chester Muir.

**THE CATARACT BANQUET.**—Last Tuesday evening the members of Cataract Hose Co., No. 2, held their sixteenth annual reunion. They first held a pleasant meeting of an hour and a half at their room where a number of speeches were made, that of Chief Engineer August Assmus being received with repeated applause. He stated in his speech that it was his purpose to bring the service in this city up to a high grade, and for that purpose he should require everything to be kept in first-class trim and should besides order frequent drills. After the meeting the members numbering twenty-one repaired to the Portland restaurant where they enjoyed an elegant supper of fourteen courses. Long live the Cataracts.

**COUNTY GRANGE MEETING.**—Through the courtesy of Dr. J. Casto, we have a report of the meeting of the county grange in this city on Monday last. The meeting was a secret one and most of the business not made public. The attendance was large and the interest greater than at any previous meeting. Delegates were elected to attend the annual session of the state grange which will be held at the Dalles in May next, as follows: J. Casto and wife, R. Goncher and wife, and N. W. Gardner and wife. Those chosen alternates were C. W. Brown and wife, L. J. Purdue and wife and T. C. Turner and wife. The meeting was presided over by Wm. Barlow. J. H. Robbins acted as secretary and Reuben Wright as doorkeeper.

**A BIG CONCRETE JOB.**—Mr. Bishop, engineer of the Stillwell-Biere Manufacturing Company, of Dayton, O., who have the contract for furnishing 22 turbine wheels for the new power station of the Portland General Electric Light Co., arrived from the east last Monday. Work is to be commenced in the concrete lock-wall very soon, for which the company has purchased 15,000 barrels of cement. Mr. Bishop is here to look after that part of the work which will be connected with the water wheels. Some idea of the amount of concrete work can be formed from the enormous amount of cement to be used.

**REDLAND SCHOOL REPORT.**—The following named pupils in district No. 75 have been neither absent nor tardy during the month ending March 10: Albert, Arthur, Walter and Mabel Conner, Fred Berkey, Mand Stone, Allen Slead, Bertie Hart and Hattie Wilcox. The following named visitors were present during the month: Mrs. Berkey, Mrs. Hart, Mrs. Evans, Myrtle Taylor, George Harrington, Cassie Wilcox, Souri and Phares Mayfield, and Lewis Funk, director. All the patrons and friends are kindly invited to call on the school and note our progress. MINNIE HARRINGTON, teacher.

**A MODEL LYCEUM.**—A gentleman who has attended several of the meetings of the debating club at Maple Lane says that it was the model lyceum of the county, and has been conducted most excellently. Besides being beneficial in a literary way it has been the means of procuring for the use of the school and such religious societies as meet in the school house, a new organ which is all paid for. This might serve as an example worthy to be followed by other societies. Keep it in mind for next winter.

**A YEAR'S TEACHING.**—Friday March 10, G. H. Dunn of the West Side school closed his twelfth month of school work for the school year beginning March 14, 1892 and ending March 10, 1893 nine months being in the West Side school and three months at Mink. As far as we know this is the greatest amount of actual school work performed by any teacher in Clackamas county for the year just closed.

**CRESCENT DEBATING SOCIETY.**—Next Friday evening at the Crescent debating and literary society at Jones' school house the following subject will be debated. Resolved, That "Prohibition will be beneficial to the People." B. T. Swope leader on the part of the affirmative and Mr. Meindell on the part of the negative. An interesting literary program has been prepared. Everybody invited to attend.

## The School Tax Law.

School districts who were in doubt as to how to proceed at their annual meeting will glean from the following opinions of Judge Boise obtained by the Oregon City school board that they only had the right to elect directors and clerks then and will see from the opinion when they may make a levy.

"I have examined the matters about which you inquired, with reference to the laws passed by the last session of the legislature affecting the common schools of this state.

"House bill No. 343, which is now in force provides: "First—That the assessment and tax rolls of the several counties, in addition to the columns elsewhere provided for, there shall be added four columns, one of which shall be headed 'citizens', one, 'school districts,' one 'amt. city tax' and one 'amt. school district tax,' and it shall be the duty of the several county assessors in making their assessments to enter opposite each item of property assessed, in its appropriate column, the name of the school district in which each item is properly assessed is assessable. This section makes the county assessor the assessor of the district, instead of the district clerk.

"By section 2 of said bill it is made the duty of the county clerk—after the final equalization of all assessments by the state board of equalization—to compute the aggregate value of all the assessable property in each school district, and show in its proper place the aggregate valuation of the school district.

"This valuation on request is certified to the directors of the district, so they may know the valuation of the assessable property of the district, in order to make the levy or rate per cent. necessary to raise the requisite amount of money for school district purposes, and this levy will have to be made after the assessment has been made by the county assessor.

"After the levy is made by the school district, and the amount of it, or rate per cent. voted by the district notice must be given in writing by the district to the county clerk of the rate per cent. of the tax levy made by it, which notice must be given on or before the first day of February in each year.

"Then it will be the duty of the county clerk to compute upon the levy made, the tax upon the property of each individual in the school district, and extend the same in the appropriate column in the tax rolls, and the tax will be collected by the same officer that collects the county taxes. It follows from these provisions that the levy of a tax for school purposes by a school district, cannot for the future be made by the district until after the assessments are made by the county assessor and the same are equalized by the state board of equalization.

"I have examined the matter of the power of school districts to issue bonds and find that the directors can issue bonds to the amount of 5 per cent. of the taxable property of the district by filing a petition with the directors signed by ten legal voters of the district and taking a vote of the district. The directors may also without a vote of the district issue bonds to fund and settle the passed indebtedness for debts incurred in building school houses and furnishing the same.

"These matters are specially provided for in a bill of the last legislature which was passed—House bill No. 154."

## Treasurer's Notice.

Notice is hereby given that there are funds on hand sufficient to pay warrant No. 29 endorsed December 12, 1891. Interest ceases with date of this notice. F. J. LOUIS, City Treasurer. Oregon City March 16, 1893.

## Cholera in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine. P. P. KNAPP, Ph. G. 25 and 50 cent bottles for sale by Geo. A. Harding, druggist.

## The New Model Hall Typewriter.

A perfect machine, writes in 82 characters, can be used in all languages, can manifold, and do all kinds of duplicate work, twenty different styles of American type, light and handy to carry, writes on ruled or unruled paper, any size or quality. Easy to learn and as rapid as any, a perfect paragon of usefulness. It is acknowledged to be one of the very best writers in the market. Warranted as represented. Send for circulars and samples to T. P. Soules, Agent, Marquam, Or.

**ATTENTION MRADE POST.**—Comrades of Meade Post are hereby ordered to assemble at their quarters promptly at 8:30 p. m. on March 21st, to attend, with their wives, a social tendered the Post by the Women's Relief Corps. Every comrade is expected to be present to do honors to the Ladies of the Corps.

By order of DAVID MCARTHUR, Com. JAR. P. SHAW, ADJUTANT.

## Troy Laundry.

The Troy Steam Laundry, of Portland, has opened an agency in Oregon City with F. A. Waddock at the post office confectionery and cigar stand, where bundles will be received and returned. Goods left at office by Tuesday noon will be returned Saturday morning.

**DR. MILES' NERVINE** and in three months I WAS PERFECTLY CURED. In my travels each year, when I see the thousands of physical wrecks, suffering from nervous prostration, taking prescriptions from my profession, and whose death is certain, I feel like going to them and saying, "GET DR. MILES' NERVINE AND BE CURED." In my profession, where there are so many men who are overworked, and whose nervous system is prostrated and whose business engaged in, I would recommend "MILES' NERVINE" as a sure cure for all suffering from these causes. JAMES R. WAITE. SOLD ON A POSITIVE GUARANTEE. TRY DR. MILES' PILLS, 50 DOSES 25 CTS. For sale by Charman & Co.
