

CLACKAMAS COUNTY

THE ENTERPRISE CORRESPONDENTS SWEEP THE FIELD.

"Calla" Speaks a Good Word for the Proposed New Daily—Bad Conduct of an Inmate Neighbor.

CARUS, March 21.—We hail with pleasure the prospect of a daily ENTERPRISE as stated in a recent issue. For one thing, it will be likely to absorb the large and lengthy advertisements and thus leave more room in the weekly for "We Uns." Advertisements are in a degree the financial basis of most newspapers and periodicals; but a painstaking correspondent naturally feels a little "riple" when a batch of items which it has taken some "cheek" and time to prepare does not appear till long after date. However, this is not intended as a complaint, Mr. Editor, but only a hint and a hope for the existence of the contemplated daily.

Henry Hunter was obliged to return to Eastern Oregon on account of his health. He left here Tuesday, March 14.

Elder Hunter is stopping at home a few weeks to help his father put in his crops, when he expects to go to Eastern Oregon.

J. R. Nelson visited among his friends in Carus last Thursday and Friday. He began another term of school on Monday, March 20.

At the late annual school meeting J. K. Graham was elected a member of the school board in place of F. Vondarhae, retiring.

Carrick Cassidy lost one good horse quite recently and has another that is likely to die.

William Doris is still seriously ill. His wife is a little better. Dr. Thomas, of Beaver Creek, is in attendance.

E. D. Corper has been elected state secretary of the alliance.

We note that the head supervisors are obliged to make monthly report concerning the state of the roads. A simple matter enough: bad! worse!! worst!!!

Farmers are somewhat blue over the late spring. The winter has been very severe on stock of all kinds. Such cattle and sheep as have managed to exist are in a poor condition, except in cases where owners have plenty of feed.

Quite a ripple of excitement stirred our little burg last week, caused by the bad conduct of a certain party who drove his wife from their home, and far down the road, with uplifted axe, threatening her life. Not overtaking her he returned to await her coming at the house. She and the children took refuge with friends for the night. The next day several citizens went to the man and brought him to terms. He will hereafter control his temper or be brought to justice. His wife is much respected in the neighborhood. His ire was aroused by the fact that she was not willing to go in debt for the purchase of a certain property.

CALLA.

Grange News.

ALPINE FARM, March 20.—Have just returned from a ton in company with State lecturer H. E. Hayes. Tuesday visited Damascus grange No. 200, addressed a public meeting of farmers, after which installed officers; thence to that old and well established grange, by name Harding, and held a public meeting; thence to Springwater and assisted Brother A. Lacey, deputy state master, to organize a new grange of 40 members; thence to Highland, No. 291, held a public meeting and had a public installation. From thence Brother Hayes turned towards Yamhill county to meet other engagements, and the writer to fill an appointment at the Teasel Creek grange. There are at this time twelve granges in Clackamas county, all in good working order, and two or three more will soon be organized.

I believe I promised you an item, Mr. Editor, on my return, and here it is. Thank-you for many past favors and courtesies, I remain yours,

Willsburg.

WILLSBURG, March 21.—A small strip of Willsburg was taken into Portland some time ago.

kane in Sellwood. It will cost when finished \$2800.

The panels will be made of different kinds of lumber and every kind of Oregon lumber will be labeled. The house will be in sections. The roof inside will be celled with half inch lumber of many different kinds. All the walls and ceiling will be varnished. Shindler & Co. have got fifteen bench cabinet makers that can put up as good work as any one in the state. They also employ two fine wood carvers and twenty-five men doing different kinds of work.

Miss Lottie Ely is teaching the Maple Lane school, and without doubt will give entire satisfaction.

The school at Mount Pleasant, heretofore including Mountain View as a part of the district, is progressing finely under the able management of Miss Hankins and Miss Graham.

The brothers Duane C. and Geo. V. Ely have bought their father's (Fred's) grocery store. Good for the boys.

It may be generally known, but it will do no harm to repeat, that according to an act of the late legislature Mountain View is now within the corporate limits of Oregon City. There's much in a name. With many it is considered a full equivalent for the privilege of contributing our mite toward lightening the burden of taxation resting on the shoulders of the old city. Our school district has also been divided and that portion of it lying within the late addition to the city is now a part of the city school district. It is well. OREGA.

New Era.

NEW ERA, March 20.—Wm. Pagle started from Iowa the 14th of this month to come to the home of his uncle, Mr. Bremer.

Teasel Creek School Entertainment.

A jolly entertainment took place at the Teasel Creek school house March 4. The house was literally packed with people before the curtain was raised. The program consisted of recitations, declamations, dialogues, and vocal and instrumental music, prepared by the pupils of Prof. Stricklin's school. All the pupils did exceedingly well, but Miss Abbie Austin excelled in reciting her dialogue, and James Dart excelled in declamation. A prize was bestowed to each of them for their good work by their teacher. This was the first attempt of the pupils in public recitations, and they did as well as though they had been in the habit of having an entertainment at the close of each term. Many say it was the best school entertainment they ever attended. This is due to the interest taken by the teacher. The school term all through was as good as the entertainment.

MILWAUKEE NOTES.

Improvements the Order—The School House Site—Accident to a Horse.

MILWAUKEE, March 21.—Henry Scherer took advantage of the good weather last week and had his saloon painted which is quite an improvement.

Mr. Dahl, of the firm of Nareen & Dahl, butchers here, had a runaway last Saturday. The wagon was damaged and harness broken. Mr. Dahl was thrown out but escaped uninjured. One of the horses ran into the mill pond and had to be fished out. It was a narrow escape all around.

The Southern Pacific Co.'s agent, Miss Jennie McCann, is very much pleased with the change the company has made with the depot. It has been removed to a more convenient and healthful place which is about 250 feet south from the old stand and directly in front of the agent's home. It has been ceiled and refitted with a counter, stove, new doors, etc., and a new platform 240 feet in length was added. It is now a cozy little station of which we are proud.

About 11:30 Sunday night, while John Kerrigan was in the act of leaping in his saddle, the horse, which is a large spirited animal, turned suddenly and started home riderless, not having a compass with him he got on the wrong track which was the Electric Railroad track. Galloping on this

Relief Corps' Entertainment.

On Tuesday evening the ladies of the Woman's Relief corps after their meeting received the members of Meade Post, No. 2, G. A. R., at K. of P. hall, where a most enjoyable evening was passed, there being a large representation present from both societies. Entertaining exercises were arranged to occupy part of the evening, and these were interspersed with reminiscences from army life which were well received and lent an air of good fellowship and sociability to the exercises which would not have been possible without the reminiscences. After the exercises the ladies served a substantial lunch including coffee fit for a king.

Card of Thanks.

The family of the late J. O. Wetherell desire through the ENTERPRISE to thank the members of Multnomah Lodge No. 1, A. F. & A. M., of Meade Post No. 2, G. A. R., and all friends who so thoughtfully and kindly ministered to their needs during their recent affliction and bereavement.

If you have a lot and want to build a home apply to C. O. T. Williams.

There are some patent medicines that are more marvelous than a dozen doctors' prescriptions, but they're not those that profess to cure everything.

Every one now and then feels "run down," "played out." They're the will but no power to generate vitality. They are not sick enough to call a doctor, but just too sick to be well. That's where the right kind of a patent medicine comes in, and does for a dollar what the doctor wouldn't do for less than five or ten. We put in our claim for Dr. Pierce's Golden Medical Discovery.

We claim it to be an unequalled remedy to purify the blood and invigorate the liver. We claim it to be lasting in its effects, creating an appetite, purifying the blood, and preventing Bilious, Typhoid and Malarial fevers if taken in time. The time to take it is when you first feel the signs of weariness or weakness. The time to take it, on general principles, is now.

Blank note, receipt and order books at the ENTERPRISE office.
