John O. Wetherell.

On Thursday John O. Wetherell, county treasurer of Clackamas county, died at his home in Canemah of heart failure, aged 62 years, 3 months and 10 days.

Mr. Wetherell was born in Worcester county, Mass., in 1830 and moved with his parents to York state the following year, where he lived till he was thirteen years of age when they moved to Wisconsin where he lived till after he was a man grown. In December he was married to Nellie Wetherell, a distant relative and two years later they moved to Martin county, Minn., which was in the midst of the Indian depredations of 1862 and '63. Here he acted as frontier scout till the spring of 1864 when he entered the volunteer service as an artilleryman his first service being at Chattanooga as a private. He remained with the Army of the West till the close of the war and returned to his home in Minnesota with lieutenant's stripes on his shoulders having been promoted for bravery in service. He afterwards moved to Missouri and Kansas in both of which states he held several offices of trust. In October 1885 he moved with his family to Oregon stopping at Oregon City till spring when he moved to Eugene where he lived till 1889 when he returned to this place where he has since lived. In April 1892 he was nominated by the republicans for county treasurer to which office he was elected in June following by a good majority.

For years he had not been strong and especially during the latter part of the summer he was in poor health. In the latter part of November he had a severe attack of spinal and heart trouble which nearly terminated fatally but from which he subsequently rallied and was able to visit his office a few times. On the 26th of December he had a severe attack from which he never recovered. After nearly three months confinement to his bed during all of which time he suffered intense pain and during the last two months of which he took almost no nourishment, he quietly passed to the great beyond on Thursday last leaving a wife and six children, Hattie, Myrtle, Maude, Opal, Gladys and Earle to mourn their loss.

Mr. Wetherell was a member of Multnomah Lodge, No. 1, A. F. & A. M. and of Meade Post No. 2, G. A. R. The funeral services were held at the house on Sunday afternoon and were conducted by the Masonic lodge of which he was an honored member. The remains were laid to rest in the Masonic cemetery and were followed thither by a large procession of Masons, members of the G. A. R. and citizens.

Mr. Wetherell was a quiet conservative citizen who was well and favorably known in this community. Those who knew him best esteemed him highest. While his death was not unexpected it falls with bitter severity upon his family and numerous friends.

Be Your Own Master.

Few people appreciate how much their impressions, their whims and impulses, and in fact all their mental energy depends on the harmonious action of all the vital organs. A poorly digested dinner may make one quarrel with a friend. A congested liver may bring imaginary gloom and trouble into the sunniest day. A rheumatic pain may keep you from business or work and entirely change some marked out policy. A few doses of Moore's Revealed Remedy will give tone to every function and make you enjoy your friends and your work.

Shiloh's Vitalizer is what you need for Dyspepsia, Torpid Liver, Yellow Skin or Kidney Trouble. It is guaranteed to give you satisfaction. Price 75c. Sold by C. G. Huntley.

Railroad to Sandy.

This from the Oregonian if true will be good news for the residents of the northeast part of this county:

"Residents along the Bull Run pipe line are hopeful of seeing a railroad built out there soon, and perhaps on to Mount Hood. There has been a great deal said about such a line, and more than one survey has been made of the greater portion of the route. Every time a surveyor is seen east of Mount Tabor it is reported that a railroad is to be built, and now that there is so much freight to be transported out to the Sandy, it is looked upon as a highly favorable time to undertake such an enterprise.

Mr. Lee Hoffman, who is to make and lay pipe line, when asked if he had any intention of building a railroad along the line, said he had his hands full of other business, and had no time to even consider the matter. He would be much pleased to see such a line built, as he had 6000 tons of pipe to haul, besides fittings, 10,000 tons. To haul all this material in wagons will cost a large sum. Probably \$5 per ton would be a fair estimate. If there was a railroad out there it would have \$50,000 worth of freight in sight. Then there will be several hundred men employed on the works, the carrying of whom back and forth would be quite an item, to say nothing of the local traffic. The proposed route is through a good section of country, which would rapidly settle up if the road were built.

It is certain that the line has been surveyed and the right of way secured for some distance out, but it remains to be seen how far it will be built.

Three More Cows.

LENS, March 17.—I saw by the ENTERPRISE of February 10, 1893, that Mrs. Parish during 1892 made 810 pounds of butter from three common cows. As I live in Clackamas county I would like to tell what my better half and I have done from three cows. One is a two-year-old heifer, one-half Holstein and the rest I can't trace back. From January 16, 1892 to January 14th 1893, we sold 870 pounds of butter, 498 pounds at 30 cents, 372 pounds at 37 1/2 cents and received \$43.50 for milk and cream. We also raised three good heifer calves and have a family of six, and keep one hired man all of the time and have had three some of the time which have been supplied with butter, milk and cream, which has not been counted and have butter to last till April 1st. One cow has come in and the other two will this month. Now including skim milk for hogs, if it don't foot up to about four hundred dollars I can't figure.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by Geo. A. Harding, druggist.
