

SCHEDULES OF TIME

Table with columns for O. C. T. CO'S STEAMERS, DEPARTS ALTONA & RAMONA, and SOUTHERN PACIFIC RAILWAY.

Table with columns for THE MAILS, including routes to Albany, Astoria, and other locations.

FRIDAY, APRIL 7, 1893. THEIR SILVER WEDDING.—Last Friday evening Mr. and Mrs. R. E. Charman were most agreeably surprised when a party of their friends invaded their pleasant home and took complete possession thereof.

THE SABBATH AND DOOR FACTORY.—One Saturday the big smoke stack for their factory came and on Monday it was raised to its place and a fire lighted in the furnace. With the exception of a single sand hole in one of the feed pipes the boiler was found to be in perfect condition.

THE TELEPHONES PLACED.—Heretofore the East Side Electric Railroad has operated its cars without any means of communication either at terminal or way points. On Saturday they placed their telephones the one at this end being located in The Livermore, and now it will not be necessary for cars to make long and tedious stops while waiting for a delayed car.

DEATH OF HENRY MEANS.—Mrs. L. E. Means writes from Los Gatos, California that her son, Henry died in that city of consumption on the 23rd of March aged 23 years. For a time the change of climate seemed to benefit him, but his health was too much broken for him to recover.

WHAT IT COSTS.—It costs money to build railroads, even though they are only short ones and run by electricity. The East Side Railway company gave a first mortgage on its property for \$300,000 to the Security Savings & Trust company last Saturday.

THE FESSION LAWS.—State Printer Baker has commenced the publication of the general and special laws enacted by the late legislature. According to the Statesman these laws will make a volume of about 1,000 pages, 300 of which will be general laws, as against 100 pages two years ago.

MINISTER THOMPSON COMING HOME.—Hon. D. P. Thompson, envoy extraordinary and minister plenipotentiary to Turkey, is coming home. A letter has been received by a gentleman from him, in which he states that he will leave Turkey May 1, and will probably arrive here May 31.

SEVEN TRIPS A DAY.—That is what the boats intend to make after about the 15th of this month when the Altona will again be placed upon her regular run. In order to do this the Altona will have to make four trips a day and the Ramona three.

THE WHIST CLUB.—The last meeting of the whist club at the elegant home of Mr. and Mrs. E. E. Charman was a very pleasant one. Mrs. H. Z. Burkhardt assisted Mrs. Charman in entertaining, and the evening was most delightfully spent in spite of the going out of the electric lights caused by the burning out of a transformer.

AN EMINENT ENGINEER.—Mr. W. C. Cheney the electrician in charge of the Portland Electric company's business is a member of the American Institute of Electrical Engineers, which eminent body has invited him to prepare and present a paper before that body on long distance transmissions, which Mr. Cheney will do at his earliest convenience.

JUNIOR SOCIETY ENTERTAINMENT.—Those who attended the entertainment given by the Junior Society at the Baptist church on Thursday evening pronounced it the best given in the city for years. The room was so crowded that all who wished could not gain admittance.

INCREASED CIRCULATING MEDIUM.—Monday was pay day with the Willamette Falls Electric Company and the Bank of Oregon City was kept busy nearly all day cashing checks for their small army of employees, which included the workmen on the new power station, line and pole men, land clearers and railroad builders to the number of 200.

UNRULY OXEN.—It is not often that a yoke of oxen becomes unmanageable and balks but on Sunday as some parties were leaving town a yoke declined to pass over the plank road between Main and Twelfth street, and it took the three drivers a long while to encourage them up to the point of venture, and when they did go one of them tried so hard to push the other under the railroad track that he was near falling down every step.

THE RAILS COMING.—One half of the rails ordered by the Portland General Electric company are on their way here from Bessemer, Colorado from where they were shipped on the 30th of March. The first shipment consists of eight carloads of fifty-six pound steel rails. The rest will be shipped in a few days.

PUMP BROKEN AGAIN.—On Wednesday morning the big gearing on the large pumps at the water works gave way, and most of the bill had to be without water for several days while the repairs were being made. On Monday evening the water commissioners met and decided to purchase a new pump at once which is capable, withstanding a 500 pound pressure.

SNOW AT SANDY.—On Tuesday F. A. Meinig came in from Sandy having left there at 4 o'clock in the morning at which time he said the snow was falling and there was then an inch and a half on the ground. When he reached the flat on this side of Rock creek he found it impassable and had to turn back and come round by Sannyside.

Death of Mrs. Midlam. Mrs. C. Midlam wife of Enoch W. Midlam died at her home in Canemah Saturday April 1, 1893 aged 48 years, 3 months and 24 days of heart disease and was interred in the Canemah cemetery April 3.

Season of 1893. Richard Glasspool will, as usual supply all descriptions of vegetable plants at the garden, Green Point, or H. Straugh's grocery store. A new tomato fruit three weeks earlier than anything yet grown here.

The New Model Hall Typewriter. A perfect machine, writes in 82 characters, can be used in all languages, can manifold, and do all kinds of duplicate work, twenty different styles of American type, light and handy to carry, writes on ruled or unruled paper, any size or quality.

HEART DISEASE 20 YEARS. Dr. Miles Medical Co., Elkhart, Ind. Dear Sir: For 20 years I was troubled with heart disease. Would frequently have falling spells and smothering at night. Had to sit up or get out of bed to breathe. Had pain in my left side and back most of the time; at last I became dropsical. I was very nervous and nearly worn out. The least excitement would cause me to faint. I was also much troubled with fluttering. For the last fifteen years I could not sleep on my left side or back until I began taking your New Heart Cure. I had not taken it very long until I felt much better, and I can now sleep on either side or back without the least discomfort. I have no pain, smothering, dropsy, no wind on stomach or other disagreeable symptoms. I am able to do all my own housework without any trouble and consider myself cured.

THOUSANDS CURED. It is now four years since I have taken any medicine. Am in better health than I have been in 40 years. I honestly believe that Dr. Miles' New Heart Cure saved my life and made me a well woman. I am now 62 years of age, and am able to do a good day's work. Mrs. ELMIRA HATCH. May 29th, 1892. SOLD ON A POSITIVE GUARANTEE.
