DOOR AND WINDOW FRAMES.
Cabinet Work, Fitting up Stores and Repairing of all kinds.
Jobbing Orders Promptly Executed.
PRICES THE LOWEST.
Shop corner Fourth and Water streets, back of Pope & Co's, Oregon City

CHICAGO STRIKE.

World's Fair Strike Amicably Settled in One Day.

PERU OFFERS DUE APOLOGIES.

The Oregon Pacific Pay Car—Richardson Under Bonds—The Gold Export.

CHICAGO, April 9.—At 8 o'clock tomorrow morning every union man working for the World's Columbian Exposition company is expected to quit work. It is estimated that between 4000 and 5000 men will quit. They come from almost every division of workers on the grounds. It required four meetings of the agents of the unions to decide the question of ordering all the men out, but it is said to have been made plain that the only other recourse was for the organization to acknowledge defeat. None of the delegates would agree to this, and an order for the strike was the result. The building trades council passed resolutions calling out the men. They addressed a long communication to the council of administration, declaring that the laboring men had been friendly to the fair, and saying: "We do not mean to charge any one with bad faith, but we do mean to say that the agreement that eight hours should constitute a day's work and all differences be submitted to arbitration was never fully adhered to by you, and at this time, as we look at it, the council of administration is about to finally decline to arbitrate a difference between organized labor and the exposition. The address then asked the council to submit the matter to three arbitrators, the decision to be rendered Wednesday next, both parties agreeing beforehand to accept the same. District Attorney Davis said tonight: "I don't know exactly what is to be done, but one thing is certain, the work must be finished. My opinion is that the contractors will be more affected by the strike than our own construction department."

CHICAGO, April 10.—The great strike at the world's fair is a thing of the past, and the men who walked out this morning will walk back again tomorrow morning, and 99 out of 100 of them will work for the same wages and the same number of hours as before the strike. For the first time since its incorporation organized labor came squarely in contact with the United States government, and while all questions of wages were satisfactorily settled, the right of the employer to use nonunion men or union men and to be in the ranks of organized labor or without them was insisted upon by the representatives of the national government and acknowledged by the union men themselves. For twelve hours today the results of the painstaking expenditure of more than \$20,000,000, the good name of a mighty nation and its pledges to the nations of the earth were imperiled and endangered, while the men who reaped the benefits of the expenditure of that money argued with the men who controlled it over the question of five cents an hour and the right of the men to think and act as they pleased within the law. It took cool heads and temperate blood to guide the dispute to a peaceful issue; but fortunately these elements were not lacking. It was 10 o'clock tonight when the meeting between the council of administration and the representatives of the building trades council came to an agreement, which is to continue throughout the entire period of the exposition and under which future trouble seems impossible. The men have received a formal concession of the minimum rate of wages and have yielded to the demands of the exposition officials that they may employ any man, whether he be or not a member of any labor organization.

Trouble Brewing in Peru.
WASHINGTON, April 6.—It appears a United States consulate at one of the Peruvian ports has been sacked by a mob, with apparent police sanction. An officer acting as consular agent for the United States was fired upon and wounded in the foot. The news came in a brief telegram through the United States minister to Peru. He omitted such essential details as the name of the place and the wounded officer, or they were dropped from his dispatch in telegraphic transmission. The telegram is as follows: LIMA, April 5.—A mob attacked a Masonic lodge, sacked the building and burned the fixtures in the street. Incidentally the United consulate was invaded, the furnishings were destroyed and the acting consular agent was shot in the foot. The archives were saved intact. A squad of Peruvian police looked on while the mob performed its work

without interference. The mob brings particulars.

GRESHAM RESPONDS.

Secretary Gresham conferred with the president on the subject, and this afternoon sent the following telegram to Minister Hicks, at Lima: "Protest against the failure of the authorities to afford protection to the consulate, and if the facts are well established ask an expression of regret, prompt prosecution of the guilty parties and reparation for injury to American property or person."

LATER—PERU IS SORRY.

Peru has expressed a willingness to make proper reparation for the attack upon the United States consular agency at Mollendo, Peru, and in answer to a demand for satisfaction made by this government, Peru immediately removed the sub-prefect of the department in which Mollendo is situated; also promised to provide suitable reparation, and, furthermore, that the government expressed regrets for the occurrence. This information is entirely satisfactory to the United States.

Oregon Pacific Pay Car.

CORVALLIS, Or., April 10.—The Oregon Pacific pay car left Corvallis at 7 a. m., and will run over the entire line and pay all employes their March pay. The crew of the river steamer, Hoag, was paid off yesterday, and the crew of the steamship Willamette Valley, Saturday. These payments have all been made from the actual earnings of the rail, river and ocean lines of the company. This is the first time in five years that the employes have received their pay for a prior month within 10 days after the close of the month, the interval running in the past from five to ten months. This showing is the most surprising when it is known that for the month of February the deficit between earnings and expenses was \$9169. This result is indeed flattering, and is an agreeable surprise to the entire community, and shows unquestionably that the appointment of Mr. Hadley to the receivership was a wise one.

Train Wrecker on Trial.

ROSEBURG, Or., April 6.—George E. Richardson appeared yesterday in Justice Hamlin's court on a warrant charging him with an attempt to wreck a train. His examination was postponed until next Tuesday, as the prosecution had no witness present.

ROSEBURG, April 11.—The preliminary examination today of George F. Richardson, for attempted train wrecking at Rice Hill the night of March 30, resulted in his being held in \$5000 bonds to appear before the grand jury of Douglas county. Seventeen witnesses appeared for the prosecution. No evidence was adduced that has not already been published. The prosecution was not allowed to introduce testimony connecting Richardson with any other attempted train wreck or crime. Many people attended the examination. The general opinion is that Richardson is guilty, but the testimony was not as strong as expected. The opinion was that no jury will ever convict Richardson, unless stronger evidence is obtained. The next term of the circuit court of Douglas county convenes the fourth Monday in June. Richardson was defended by L. F. Lane. He was unable to furnish bonds.

The Senate Officers.

WASHINGTON, April 6.—Gorman, in the senate, offered a resolution that the body proceed to the election of secretary, sergeant-at-arms, doorkeeper and chaplain, to enter on the discharge of their duties only on the assembling of the Fifty-third congress in either regular or extra session; laid over until 2 p. m. The debate on the admission of the appointed senators was resumed. Peffer argued against their right to seats. At 2 o'clock the resolution for the election of officers of the senate came up, and was agreed to after speeches complimentary to the present officers by senators from both parties. The new officers are: W. R. Cox, of New York, secretary; Richard J. Bright, of Indiana, sergeant-at-arms; W. H. Milburn, of Illinois, chaplain.

No Change Except for Cause.

NEW YORK, April 7.—A Washington special correspondent telegraphs his paper that the statement was made at the department that, by the president's order, no fourth-class postmasters will be removed hereafter, except those who have served four years, or against whom charges have been made and proved to the satisfaction of the department.

The Senate Ready to Adjourn.

WASHINGTON, April 9.—The senate has practically concluded its labor and is now waiting for an intimation from the president to bring the extraordinary session to a close. All idea of passing upon the questions involved in the appointment of the three senators from the Northwest has been abandoned, and that matter will be left for disposal at the next session. The reasons for

this course are: First, that many senators are still undecided how to vote upon the propositions involved; second, many others desire to address a full senate, and third, the final and conclusive reason, there is not a voting quorum in the city at present. It is said about Tuesday the senate will appoint a committee to wait upon the president and ask whether he has any further business to lay before that body. It is assumed by the senators generally that the only really important matter that remains to be communicated is the nomination of a judge of the court of appeals of the District of Columbia, for unless this court is filled before adjournment there is likely to be a deadlock in the district the district judicial business. Although the impression prevails that nearly all of the foreign missions have been filled, the records disclose that no nominations have yet been made to 20 of these important places.

Getting Warm in Chicago.

CHICAGO, April 7.—This was the warmest days Chicago has experienced during the month of April in 20 years. The mercury stood at 82 deg., and a hot wind blew from the south at the rate of 30 miles an hour. The heated spell, however was broken this evening by a hail storm, which passed over the southern portion of the city, breaking several thousand dollars' worth of window glass. This morning the wind leveled the Indiana hotel, a new frame structure near the world's fair grounds. As the building came down it flattened a one-story building adjoining. Another building holding a panorama, which was not sufficiently braced, was also turned into a pile of kindling wood. The river not to be outdone by the atmosphere, showed up about 3 o'clock this morning with a tidal wave four feet high, which tore several vessels from their moorings and damaged them considerably. The cause is said to have been sudden squalls on the lake.

Turkey to be Basted.

WASHINGTON, April 7.—The United States has taken vigorous action in regard to the outrages on American citizens at Marsovian, in the Turkish dominions, and the violation of the mails of the United States legation. Secretary Gresham has cabled to Minister Thompson at Constantinople a strong expression of the president's view on the outrages, and demanding not only prompt reparation for the burned seminary, but the punishment of all parties guilty in the matter. The minister is to act promptly and advise the department by cable. No effort is to be relaxed in securing the legal rights of our citizens in Turkey.

Washington Notes.

WASHINGTON, April 7.—The treasury department is in an easier condition than it has been for several months past, due largely to increased receipts from customs. The net gold in the treasury today was \$6,262,012, and it is being received daily in exchange for small notes for which a demand still continues good.

WASHINGTON, D. C., April 11.—The nomination of Hon. Charles B. Bellinger as United States district judge, to fill the vacancy caused by the death of the late Judge Matthew P. Deady, was sent to the senate by the president this morning.

Gold Still Going Abroad.

NEW YORK, April 11.—Shipments of gold today will amount to \$3,500,000. Of this sum \$3,420,000 was taken from the subtreasury. No gold was received at the subtreasury. The treasury statement yesterday showed a gold reserve of \$106,310,656, against \$106,247,586 Saturday. Shipments today will not show in the report until Thursday, and by that time it is hoped considerable gold will have been received at the different sub-treasuries. Notwithstanding the large shipments, the exchange rate remains firm. There is no prospect of the shipments ceasing.

Ross Smith Buried.

PORTLAND, April 9.—The remains of Edgar Ross Smith, the young man who killed his sweetheart, Miss Effie Clark, at Evanston, a suburb of Chicago, on the 1st inst., and then committed suicide, arrived in this city yesterday over the Union Pacific. They were taken charge of by Undertaker Holman and conveyed to Sellwood, where the funeral took place at 2 o'clock in the afternoon.

More Fourth Class Postmasters.

WASHINGTON, April 6.—Fourth Assistant Postmaster-General Maxwell today appointed 117 fourth-class postmasters.

WANTED. Salesman, Local and Traveling. To represent our well known house. You need no capital to represent a firm that warrants nursery stock first-class and true to name.
